Bill Description

This bill proposes the addition of 136A.099 to Minnesota Statute section 136A Higher Education prohibiting noncitizens of the United State who are undocumented or not lawfully present in the United States from receiving from the Minnesota Office of Higher Education (OHE) any payment, grant, loan, subsidy, or other form of financial aid and/or assistance funded by state tax revenue.

Section two of this bill amends Minnesota Statute section 136A.1465, subdivision 1 to exclude from the definition of eligible student for the North Star Scholarship program those individuals who meet resident student requirements under Minnesota Statute section 136A.101, subdivision 8, clause 9, thus excluding any individual who is allowed a resident tuition rate through 135A.043, including, but not limited to, undocumented noncitizens students.

Sections one and two of this bill are effective the date following final enactment and apply to financial aid awards beginning in the fall term of the 2026-2027 academic year (fall term of FY2027).

Assumptions

Financial Aid

The Minnesota Office of Higher Education (OHE) administers the following state Financial Aid programs that are state tax revenue funded for which **undocumented noncitizens may be considered**:

- Minnesota State Grant
- North Star Promise Scholarship
- Fostering Independence Higher Education Grant
- Public Safety Officer’s Survivor Grant
- Postsecondary Childcare Grants
- Interstate Tuition Reciprocity
- Grants for Students with Intellectual and Developmental Disabilities

- Grants to Underrepresented Student Teachers
- Grants to Student Teachers in Shortage Areas
- Minnesota Indian Scholarship Program
- Summer Academic Enrichment program

The majority of the state financial aid programs listed above require completion of the Free Application for Federal Students Aid (FAFSA) or the State Financial Aid Application. Students who are U.S. citizens or eligible noncitizens complete the FAFSA and those who are Minnesota resident students ineligible to file the FAFSA complete the State Financial Aid Application.

Examples of Minnesota resident students who apply for state aid via the State Financial Aid Application include students with:

- Asylum pending,
- H-4 Visa status,
- Temporary Protective Status (TPS),
- Deferred Action for Childhood Arrivals (DACA),
- Dream Act resident student definition (3 years Minnesota high school attendance, GED or high school diploma earned, and, if male as identified at birth, register for U.S. Selective Service),
- and other legally present or lawfully residing statuses that are ineligible to file the FAFSA.

As demonstrated in the list above, Minnesota resident students who apply for state financial aid via the State Financial Aid Application includes students who *are* and *are not* utilizing the Dream Act resident student definition to meet state residency requirements. The State Financial Aid Application requires students to indicate if they were not lawfully residing in Minnesota at the time of high school graduation or obtaining their GED, and this information is used by OHE to estimate the impact of HF1323-0 on State Grant and North Star Promise. This is not a clear indicator of the student's legal status, and totals represented here are the highest-cost estimate of spending reductions. Actual spending reductions are likely lower than what is outlined in this note.

Implementation of HF1323 would require OHE to hire a 1.0 FTE Staff Attorney 2 in order to develop and provide the training, communications, and documentation protocols that OHE will be required to facilitate to stakeholders and agency staff. As an example for the Summer Academic Enrichment program, training will be required for educators, program sponsors, summer camp staff working with children grades 3-11, and their parents, on what documentation is appropriate in order to receive state funds.

Minnesota State Grant

To calculate a student's State Grant award, the financial aid administrator must first define the student's State Grant budget, which is defined as recognized tuition and fees plus the living and miscellaneous expense allowance (LME). The LME is set to 106% of the federal poverty guideline, and tuition and fees are capped at the highest-cost two-year public institution and \$18,071 at four-year institutions in Fiscal Year 2027. This budget is then prorated by the student's enrollment level out of 15 credits.

Of the remaining expenses, a portion is assigned to the student as the Assigned Student Responsibility (currently set to 50% of the total budget). The remainder is paid by either the student's family or taxpayers. The family contribution is calculated by taking the Student Aid Index (for independent students) or the Parental Contribution (for dependent students) obtained from the student's FAFSA or State Financial Aid Application and moderating downward by a percentage set in state law. The family contribution is then prorated by the student's enrollment level out of 15 credits. Any remaining expenses left over after subtracting the student and family responsibilities is covered by a combination of Federal Pell Grants and the Minnesota State Grant.

OHE calculates estimated State Grant awards for fiscal years 2026 and 2027 using the above award calculation and parameters outlined in the February 15, 2026 State Grant projections report.

North Star Promise Scholarship Program

The 2023 Minnesota State Legislature passed legislation that included the creation of the North Star Promise and North Star Promise Plus program. North Star Promise is a tuition- and fee-free pathway to higher education for eligible Minnesota resident students at eligible institutions as a “last-dollar” program designed to cover the balance of tuition and fees remaining after other scholarships, grants, stipends and tuition waivers have been applied. The North Star Promise program debuted in fiscal year 2025, with awards to students starting in fall 2024.

To be eligible to participate in the program, the student must:

- Be a Minnesota resident student
- Have a family Adjusted Gross Income* (AGI) as reported on the Free Application for Federal Student Aid (FAFSA) or State Financial Aid Application below \$80,000
- Attend a Minnesota public higher education institution or Tribal College
- Not be in default on a state or federal student loan
- Be enrolled taking at least one credit
- Meet Satisfactory Academic Progress (SAP) standards
- Have not already earned a baccalaureate degree
- Be enrolled in a program or course of study that applies to a degree, diploma, or certificate
- Be a graduate of a secondary school or its equivalent, or is 17 years of age or over and has met all requirements for admission as a student to an eligible college or university
- Must not be more than 30 days in arrears in court-ordered child support that is collected or enforced by the public authority responsible for child support enforcement.
- Must not have been convicted of or pled nolo contendere or guilty to a crime involving fraud in obtaining federal Title IV funds.

In addition to the last-dollar North Star Promise grant, students who fall into federal Pell Grant income eligibility were eligible to receive a North Star Promise Plus award in fiscal year 2025 equivalent to 15% of the Pell Grant they are calculated to receive, based on household size, family AGI, and/or Student Aid Index. Currently, OHE has set the % match for the North Star Promise Plus program for fiscal year 2026 at 0% and has not determined the match for 2027.

Because the North Star Promise is a last-dollar scholarship program, it maintains a relationship with other financial aid the student receives, including the student’s Pell grant, State Grant, institutional grants/scholarships, private grants and/or scholarships, stipends and tuition waivers for those students who receive these other types of financial aid. Thus, any increases or reductions in other aid students receive will impact North Star Promise spending.

Table 1. Counts of State Grant and North Star Promise Recipients filing the State Financial Aid Application, FY2025

Institution Type	Distinct Count of Recipients
MinnState Two-Year Colleges	324
MinnState Four-Year Universities	73
University of Minnesota	76
Minnesota Private Institutions	144
Total	617

-

Table 2. Awards to Students Indicating Not Lawfully Present at HS Graduation, FY2025

Program	Total Awards	Awards Made to Students Indicating Not Lawfully Present at HS Graduation	Percent of Awards Made to Students Indicating Not Lawfully Present at HS Graduation
State Grant	\$221,723,153	\$2,523,883	1.1%
North Star Promise	\$108,672,274	\$392,555	0.4%
Fostering Independence in Higher Education Grant	\$7,617,797	<10 Students	<10 Students
Underrepresented Student Teacher Grants	\$1,269,208	<10 Students	<10 Students
Student Teacher Grants to Teachers in Shortage Areas	\$761,948	<10 Students	<10 Students
Postsecondary Child Care Grant	\$6,382,730	<10 Students	<10 Students
Minnesota Indian Scholarship Program	\$3,418,493	<10 Students	<10 Students

-

Grants

OHE assumes competitive, legislatively-named, and formula-funded grants that provide direct financial assistance to individuals would be impacted by this bill including the following:

Competitive Grants

- Emergency Assistance for Postsecondary Students
- Dual Training Grant
- Dual Training Grant Legal Cannabis Industry
- Hunger Free Campus Grants
- Student Parent Support Initiatives

Legislatively-Named Grants

- MN Independence College and Community
- Hennepin Healthcare Family Residency
- United Family Practice
- Foster Care Grant (Foster Advocates)
- Addiction Medicine Graduate Medical Education Fellowship

OHE assumes it would need to update and reissue Request for Proposals that have already been issued or will be soon for grants that will be awarded after this bill's effective date to include the eligibility requirements for direct financial assistance required under this bill. OHE assumes it will also need to facilitate secondary competitive review processes for the impacted RFPs as well.

OHE also assumes it would need to ensure all competitive, legislatively-named, and formula-funded grantees with grants that provide direct financial assistance to individuals will be required to have grant contract agreements with incorporated workplans that specific how each grantee will ensure individuals receiving direct financial assistance will meet the eligibility requirements under this bill.

OHE assumes it will be necessary for required grant monitoring visits and reviews of progress reports and other reporting to be expanded to ensure compliance with the eligibility requirements under this bill.

Loan Repayment Programs

OHE assumes this bill does not apply to the loan repayment programs administered by OHE because the eligibility requirements for these loan repayment programs include being employed (and thus lawfully present in the United States) in one of the various fields confirmed by an employer in the program application verification process.

Expenditure and/or Revenue Formula

To estimate the fiscal impact of this bill on State Grant projected spending, OHE ran a cost simulation of State Grant data projecting fiscal year 2025 actual spending to fiscal years 2026 and 2027 using the parameters outlined in the February 15, 2026 State Grant and North Star Promise projections report.

Based on fiscal year 2025 applicant data, students who applied for the State Grant via the State Financial Aid Application and who indicated they were not lawfully present in Minnesota at the time of their high school graduation or receipt of their GED represented 1.1% of total State Grant spending.

North Star Promise Scholarship Program

To estimate the fiscal impact of this bill on State Grant projected spending, OHE ran a cost simulation of North Star Promise data projecting fiscal year 2025 actual spending to fiscal years 2026 and 2027 using the parameters outlined in the February 15, 2026 State Grant and North Star Promise projections report.

Based on fiscal year 2025 applicant data, students who applied for North Star Promise via the State Financial Aid Application and who indicated they were not lawfully present in Minnesota at the time of their high school graduation or receipt of their GED represented 0.4% of total North Star Promise spending.

As shown in Table 3, below, it is estimated that implementing the changes in this bill will reduce spending for the State Grant by \$3.33M in FY2026 and by \$2.2M in FY2027. Changes will also reduce spending for the North Star Scholarship program by \$0.170M in FY2026 and by \$0.160M in FY2027.

Table 3. State Grant and North Star Promise Spending Projections FY2026-FY2027 (in thousands)

	State Grant		North Star Promise		North Star Promise Plus	
	FY2026	FY2027	FY2026	FY2027	FY2026	FY2027
February Spending Projection Current Law	\$292,475	\$193,988	\$47,756	\$43,237	\$0	\$0
Percent of spending awarded to students who were not lawfully present at the time of HS graduation or GED completion	1.1%	1.1%	0.4%	.04%	0%	0%
Estimated cost of HF1323-0 Payments to Undocumented Noncitizens Prohibited	\$(3,330)	\$(2,200)	\$(170)	\$(160)	\$0	\$0

Other Financial Aid Programs Funded by State Tax Revenue impacted by HF1323

OHE is unable to determine citizenship status for the following financial aid programs:

- Interstate tuition reciprocity (funded by an ongoing \$8,500,000 appropriation per fiscal year).
- Public Safety Officer’s Survivor Grant (funded by an ongoing \$100,000 appropriation per fiscal year).
- Grants for Students with Intellectual and Developmental Disabilities (funded by an ongoing \$200,000 appropriation per fiscal year).

- Summer Academic Enrichment Program (funded by an ongoing \$250,000 appropriation per fiscal year).

Since OHE does not have the citizenship status for the above programs in estimating impact and cost savings to the programs, we applied a similar percent impact to these programs as the estimated impact to State Grant in fiscal year 2026. The impact to State Grant in fiscal year 2026 is \$3.33M in cost savings over resources of \$292.475M or 1.1%.

OHE estimates the cost savings for HF1323 for Interstate Tuition Reciprocity to be \$93,500 (\$8,500,000 x 1.1%) in fiscal year 2026 and 2027.

OHE estimates the cost savings for HF1323 for the Public Safety Officer's Survivor Grant program to be \$1,100 (\$100,000 x 1.1%) in fiscal year 2026 and 2027.

OHE estimates the cost savings for HF1323 for the Grants for Students with Intellectual and Developmental Disabilities program to be \$2,200 (\$200,000 x 1.1%) in fiscal year 2026 and 2027.

OHE estimates the cost savings for HF1323 for the Summer Academic Enrichment Program to be \$2,750 (\$250,000 available for stipends x 1.1%) in fiscal year 2026 and 2027.

OHE is able to determine which students indicated they were not lawfully residing in Minnesota at the time of their high school graduation or receipt of their GED and therefore is able to estimate cost savings for HF1323 for the following financial aid programs:

- The Fostering Independence Grants program awarded <1% of total funds in fiscal year 2025 to students who indicated they were not lawfully residing in Minnesota at the time of high school graduation. Because this totals fewer than 10 recipients, total awards are suppressed.

- The Grants to Student Teachers in Shortage Areas program awarded <1% of total funds in fiscal year 2025 to students who indicated they were not lawfully residing in Minnesota at the time of high school graduation. Because this totals fewer than 10 recipients, total awards are suppressed.

- The Postsecondary Child Care Grant program awarded <1% of total funds in fiscal year 2025 to students who indicated they were not lawfully residing in Minnesota at the time of high school graduation. Because this totals fewer than 10 recipients, total awards are suppressed.

- The Minnesota Indian Scholarship program awarded <1% of total funds in fiscal year 2025 to students who indicated they were not lawfully residing in Minnesota at the time of high school graduation. Because this totals fewer than 10 recipients, total awards are suppressed.

- The Grants to Underrepresented Student Teachers program awarded <1% of total funds in fiscal year 2025 to students who indicated they were not lawfully residing in Minnesota at the time of high school graduation. Because this totals fewer than 10 recipients, total awards are suppressed.

OHE estimates the cost savings for HF1323-0 for the above programs in fiscal year 2027 by first using the total amount awarded for each program in fiscal year 2026 and multiplying by 1.07 to account for the projected 7% increase from fiscal year 2026 to fiscal year 2027 in tuition and fees provided by Minnesota State Colleges and Universities, capped at the fiscal year 2027 appropriation and/or award maximum in statute. Of this total, an estimated <1% of awards would be made to students who indicated they were not lawfully residing in Minnesota at the time of high school graduation.

Table 4. Estimated cost of HF1323 Payments to Undocumented Noncitizens Prohibited: FY2026-FY2027 (in thousands)

Cost	FY2026	Returned to General Fund	FY2027	Returned to General Fund
State Grant	(\$3,330)		(\$2,200)	
North Star Promise	(\$170)		(\$160)	
Interstate Tuition Reciprocity	(\$94)		(\$94)	
Public Safety Officer's Survivor Grant	(\$1)		(\$1)	
Grants Students with Int & Dev Disabilities	(\$2)		(\$2)	

Summer Academic Enrichment Program	(\$3)		(\$3)	
Other OHE Financial Aid Programs	(\$28)		(\$28)	
Total Costs	(\$3,628)		(\$2,488)	

Cost Savings from Grants to Student Teachers in Shortage Areas and Underrepresented Student Teachers programs are the only funds that may be returned to the general fund. Because fewer than 10 students are impacted, this data is suppressed to protect student privacy and is not presented in the tables above. The estimated amount is minimal and not a material impact.

Cost Savings from Minnesota State Grant will not revert back to the state general fund and will be used to address spending shortfalls in the current year that cost savings are generated, or to be awarded out in the next award year.

Cost Savings from North Star Promise and North Start Promise Plus will not revert back to the state general fund. They will remain in the special revenue account to address spending shortfalls in the current year that cost savings are generated, or to be awarded out in the next award year.

Cost Savings from each of the other OHE Financial Aid programs will not revert back to the state general funds and will be used to address waitlists and funding shortages in those programs, in the year that the cost savings are generated.

Based on the activities required to re-issue Request for Proposals and conduct subsequent secondary competitive review processes for impacted competitive grant programs, OHE estimates a one-time increase in staffing of .25 FTE State Program Administrator Principal position would be required in Fiscal Year 2027. Fully loaded salary, benefits, and support costs are calculated to be .25 x \$133,780.68 or \$33,445.17 in FY27 shown in the table below.

Based on the activities required to perform expanded grant monitoring visits and reviews of progress reports and other reporting, OHE estimates an ongoing increase of .50 FTE State Program Administrator Principal position would be required beginning in Fiscal Year 2027. Fully loaded salary, benefits, and support costs are calculated to be .50 x \$133,780.68 or \$66,890.34 starting in FY27

Based on activities required to develop and provide training, communications, and documentation protocols that OHE will be required to facilitate to stakeholders and agency staff, OHE estimates an ongoing increase of 1.0 FTE at the Staff Attorney 2 classification. Fully loaded salary, benefits, and support costs are calculated to be 1.0 x 164,739.64 starting in FY27.

	FY27	FY28	FY29
0.25 FTE SPA Principal	\$33,445.17	\$ -	\$ -
0.50 FTE SPA Principal	\$ 66,890.34	\$ 66,890.34	\$ 66,890.34
1.0 FTE Staff Attorney 2	\$164,739.64	\$164,739.64	\$164,739.64
Total	\$265,075.15	\$ 231,629.98	\$231,629.98

Long-Term Fiscal Considerations

The cost estimate is based on several assumptions that may change, including tuition and fee increases adopted by the public governing boards, and enrollment changes.

Local Fiscal Impact

N/A

References/Sources

OHE utilized financial aid application and enrollment data for fiscal year 2025 in estimating State Grant and North Star Promise costs for this fiscal note. Data collected from the State Financial Aid Application was also utilized.

Bill Description

The bill would prohibit noncitizens of the United States who are undocumented or otherwise not lawfully present in the United States from receiving any payment, grant, loan, subsidy, or other form of financial aid or assistance from the Office of Higher Education (OHE) if that aid or assistance is funded by state tax revenue.

Assumptions

Minnesota Statutory provisions allow noncitizens who are undocumented or not lawfully present in the United States to qualify for financial aid through OHE in certain situations, such as if the student presents the higher education institution with documentation from federal immigration authorities that the student has filed an application to obtain lawful immigration status.

Expenditure and/or Revenue Formula

Long-Term Fiscal Considerations

As a secondary effect of this legislation, the limits on financial aid in this bill could have impacts on enrollment at Minnesota State institutions, possibly including reductions in revenues for tuition and other payments for education, workforce training, and related activities.

Bill Description

HF1323 creates a new section of state statute (MS 136A.099) prohibiting the commissioner of the of Office of Higher Education from granting payment, grant, loan, subsidy, or other form of financial aid or assistance funded by state tax revenue to noncitizens of the United States.

Assumptions

HF1323 includes student aid administered by the Commissioner of the Office of Higher Education.

The Office of Higher Education provides direction to the University of Minnesota on students' aid eligibility through the MNAid system.

This bill may impact University of Minnesota students' aid eligibility, however the University of Minnesota relies directly upon information supplied by the Minnesota Office of Higher Education to award financial aid from state aid programs in a compliant manner.

HF 1323 would not increase or decrease University of Minnesota tuition revenue.

HF1323 would not increase or decrease University of Minnesota expenses.
