

To the Chair and Committee Members,
Good Morning, and Thank you for your time and consideration.

I am asking that you look at yourselves and your humanity. HF 1 is an Abortion till Birth bill that devalues life and discriminates against a child due to their location. Many have said it so well! "My Body, My Choice" The Unborn baby has their own body. The unborn child has their own set of DNA. Please protect the innocent, do not set them up for slaughter.
