

Subject Pollution Control Agency (PCA) Permitting

Authors Heintzeman

Analyst Janelle Taylor

Date March 20, 2026

Summary

This bill would allow an applicant for a publicly owned wastewater treatment facility to request the waiver of a requirement that they be provided a copy of the draft permit and any fact sheets required by the PCA at least 30 days prior to the public notice of the permit. Allows the PCA to reduce the public comment period for such permit applications to 30 days if requested by the permit applicant after considering public or Tribal interest in the permit.
