4/29/25

Dear Representative Nathan Nelson,

The City of Henriette has been a long-standing partner with the City of Pine City when it comes to wastewater treatment. We are in full support of HF 344, the \$7 million bonding that will help rehab and repair Pine City's wastewater treatment facility, which is scheduled to be heard in the House Capital Investment Committee on Wednesday.

This infrastructure is critical for our city, and this money will greatly reduce a very large burden on our taxpayers.

Sincerely,

A handwritten signature in black ink that reads "Deborah Kane". The signature is written in a cursive, flowing style.

Deborah Kane | Mayor |
