

We are proud to call Minnesota home. In Minnesota, we create solutions and are there for one another. The solution to our housing crisis is within reach.

**550,000
Minnesotans**

from every corner of the state – are at risk of losing their home every month because the rent is too high. Families earning low incomes simply cannot afford to live in our communities. We need a solution as big as the problem. With \$1 billion we could end housing instability in our state. We need Bring it Home, Minnesota in 2022.

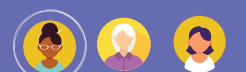

People of color are disproportionately affected by not being able to afford rent. Bring it Home, Minnesota will help:

Bring it Home, Minnesota is state legislation (Bill: HF40 HF2220 / SF333) to fund rental support for all Minnesotans who qualify. This policy would ensure every Minnesotan gets the rent support they deserve. We would achieve this through rent vouchers. Rent vouchers help people with lower incomes find and stay in their homes. We all do better when we all have a home.

Why a Rent Voucher?

A rent voucher is a simple, cost-effective solution for housing stability. When a family qualifies, they receive a housing voucher that allows them to find a private market apartment that meets their needs. After they find the apartment, the voucher covers the difference between the 30% of the family's income and the market-rate cost of rent for the apartment.

HOUSING IS THE FOUNDATION OF A STRONG MINNESOTA. OUR STATE BUDGET DOESN'T CURRENTLY REFLECT THIS.

WE COULD PROVIDE HOUSING STABILITY FOR ALL OUR NEIGHBORS!

Investing 4% of the state budget toward affordable homes, means providing housing stability for all our neighbors. This will dramatically improve our racial equity gap.
