HF4614, SF4953 – appropriation to acquire, preserve, and rehab property for affordable housing

MISSION: The Land Bank captures strategic real estate opportunities to benefit people with low to moderate incomes, prioritizing BIPOC individuals and communities, and populations facing barriers.

VISION: All people in the seven-county metropolitan region of the Twin Cities have the opportunity to live and prosper in a community of their choice.

LAND BANK TOOLS FOR IMPACT

LAND BANKING: Acquiring and holding properties to preserve opportunities, allowing time for the community to build partnerships to implement their vision and secure financial resources.

LENDING: Offering traditional financing with lending criteria tailored to mission-driven housing, commercial and multi-use developments.

BROKERING: Identifying appropriate locations and negotiating the purchase or sale to meet the needs of mission-driven partners.

TECHNICAL ASSISTANCE: Answering questions, explaining terms, reviewing options, making recommendations or referrals and guiding partners through the process.

PROPERTY MANAGEMENT: Managing properties while they are being held to generate revenue that helps offset holding costs, mitigating risk and financial exposure.

COMMUNITY & ECONOMIC BENEFITS 2019 - 2023

LAND BANK IN ACTION: FACILITATING EQUITABLE PATHWAYS TO HOMEOWNERSHIP

Our Single-Family Investor-Ownership Intervention (SFIOI) Pilot Program

The Challenge

Large-investor ownership of single-family homes has...

- Dramatically increased in the Twin Cities
- Reduced opportunities for affordable homeownership
- Contributed to the glaring racial disparity in homeownership rates in our community

SFIOI: Partnering for Families

Land Bank is partnering with the City of Minneapolis and local developers to...

- Acquire vacant, investor-owned, single-family homes
- Provide subsidy to facilitate needed renovations/upgrades
- Ensure the single-family homes are then purchased by households at or below 80% AMI*

SFIOI: By the Numbers

Averages per home...

Acquisition	\$200K
Renovation	\$150K
Total	\$350K

Sale Price	\$275K
Gap	\$75K

*Affordable to four-person household at 80% AMI.

Making Opportunities

Partnerships like these with the Land Bank...

- Make it possible to capture homes available for sale that would otherwise be out of reach
- Ensure the home is rehabbed to standards that also help with sustainability
- Bring affordable homeownership opportunities to families

Based on the projected averages, Land Bank will be able to leverage the City of Minneapolis' \$2M to facilitate 15-20 affordable single-family homes. Land Bank investment will be recycled back into mission-based programs.

^{*}The City of Minneapolis has dedicated \$2M to cover "the gap", the difference between the cost to bring the home to market and the actual sale price.
