We want to extend our sincerest gratitude for your inclusion of the Latino Economic Development Center in House File 3028. This investment in LEDC will make a difference within the Latino community and Minnesota.

This funding will allow many new business, ideas, and entrepreneurs to flourish and help increase our economic and workforce impact/sector within Minnesota. Funds will be used to deliver training, workshops, and one-on-one consultations to businesses as well as ensure they are startup ready with coaching every step of the way, so they succeed. Access to capital is the biggest struggle for new businesses and this legislation helps to aid that.

Thank you for your support of our emerging entrepreneurs and businesses as well as the Latino Economic Development Center. Please feel free to reach out with any questions.

Thank you again for the support.
