## Overview

This bill creates the Metropolitan Area Redevelopment Corporation as a political subdivision of the state to develop short and long term redevelopment plans and to make grants to aid in the redevelopment of areas damaged by the civil unrest following the death of George Floyd. It diverts a portion of the proceeds generated from existing county transportation sales and use taxes imposed by metropolitan counties for ten years, estimated to raise approximately \$60 million per year, to fund the Metropolitan Area Redevelopment Corporation's grants to nonprofit organizations led by people of color and indigenous people that are engaged in rebuilding the areas damaged by the civil unrest.

## Summary

Section	Description
---------	-------------

<b>1</b>	<b>County transportation sales and use tax.</b>
----------	---

Requires the commissioner of revenue, beginning January 1, 2021, to retain a portion of the proceeds generated by county transportation sales and use taxes imposed at a 0.00125 percent rate within metropolitan counties, for deposit in the account created by section 6. This requirement sunsets as of January 1, 2031.

Allows each metropolitan county, by resolution of the county board, to increase its current tax rate an extra 0.00125 percent above the maximum established by current law to make up for the loss of revenue going to fund transit projects.

Currently, all seven metropolitan counties impose a county transportation sales and use tax at rates of either one-half of one cent or one-quarter of one cent.

Effective the day following final enactment.
