

Subject In-person Absentee Voting

Authors Bernardy

Analyst Matt Gehring

Date February 13, 2020

Summary

This bill authorizes designated in-person absentee voting locations to be opened for fewer than the 46 days prior to an election, if notice is provided on the jurisdiction's website and to the secretary of state.

A voter must still be able to submit an absentee ballot at the office of the county auditor during the full 46 day absentee voting period.
