

MINNESOTA
PUBLIC FACILITIES AUTHORITY

2020 Capital Budget Requests

Governor's Bonding Recommendation: \$200,000,000

1. State Match For Federal Grants For State Revolving Loan Programs \$25,000,000

- Federal capitalization grants and state match funds support the Clean Water and Drinking Water Revolving Fund (CWRF/DWRF) loan programs to make low interest loans to cities and other local governments for water infrastructure projects. Loan repayments revolve back to make new loans, providing a permanent source of low cost capital to finance future projects.
- Since inception, PFA has made \$4.2 billion in low interest loans from the CWRF and DWRF. Each \$1 of state match has supported almost \$15 in construction and more than \$3 in interest savings.
 - FY19 loans: CW-\$118 million (avg rate 1.1%); DW-\$77 million (avg rate 1.2%)
 - FY20 eligible loan requests: CW-\$395 million; DW-\$189 million
 - Current average sustainable lending capacity: CW-\$103m/yr; DW-\$45m/yr
- Requested funds will provide the required 20% match for estimated 2021-22 Federal capitalization grants up to \$125 million and help build future lending capacity to meet increasing demand.
 - 2019-20 Federal capitalization grants: \$92m (CW-\$58.4m, DW-\$33.6m)

2. Water Infrastructure Funding (WIF) Program \$100,000,000

- Grants up to 80% of project costs or \$5m based on affordability criteria for high cost projects.
 - Wastewater WIF: \$60 million; Drinking Water WIF: \$40 million
- WIF grants are packaged with PFA loans or with USDA Rural Development funding.
 - PFA WIF affordability criteria: WW – 1.4% MHI (\$67/mo. avg), DW – 1.2% MHI (\$57/mo. avg)
- Requested funds are based on projected grant needs for potential construction projects over the next two years.
 - Current estimated WIF need: \$129 million (CW-\$72m, DW-\$57m)

3. Point Source Implementation Grant (PSIG) Program \$75,000,000

- Grants to help cities upgrade treatment facilities to reduce discharge of specific pollutants to meet MPCA permit requirements to address specific water quality goals.
 - 80% of eligible costs, up to \$7 million maximum grant
- Requested funds are based on projected grant needs for potential construction projects over the next two years.
 - Current estimated PSIG need: \$65 million

All PFA funding programs follow project priority lists prepared by the Pollution Control Agency and the Department of Health that rank projects based on age and condition of existing infrastructure and water quality and public health criteria. Loan and grant funds are not awarded until projects receive all necessary approvals and are ready to start construction.

Estimated Funding Needs Report
Table 2

Minnesota Public Facilities Authority
Water Infrastructure Funding (WIF) Program

WIF - WASTEWATER
FY 2020

Potential WIF Grant Eligible Projects

- Grant estimates are based on affordability criteria and preliminary project information.
- Other eligible projects may be added as new project information is received.
- Estimated WIF amounts are subject to change.

Prior appropriations available as of 7/1/2019: \$ 33,636,519

2018-19 federal principal forgiveness (grant) available: \$ 3,917,163

For WIF funds to be reserved, a project must:

- 1) be certified for construction by MPCA, or
- 2) have an approved PER by USDA-RD and receive a RD funding commitment

Shading = WIF funds awarded or reserved to date

Dotted line (---) indicates last project that can be fully funded based on current estimates and available funds

Projects currently ranked below CWRP fundable range

Total estimated unfunded (below dotted line) WIF need: 77,188,150

Estimated unfunded need for projects in current CWRP fundable range: 72,064,085

Estimated Funding Needs Report
Table 3

Minnesota Public Facilities Authority
Point Source Implementation Grant (PSIG) Program

PSIG
FY 2020

Note: New PSIG applications accepted at beginning of each FY. PSIG grants not awarded until projects are bid and ready for construction.

Available from pre-2019 approp (bonding and CWF): 33,763,609

2019 CWF appropriation - FY20: 10,000,000

Shading = PSIG grants awarded or reserved to date based on MPCA certification.

Total available as of 7/1/2019: 43,763,609

In most cases, estimated PSIG eligible costs for new applications have not yet been verified.

2019 CWF appropriation - FY21: 8,000,000

Dotted line (---) indicates fundable range based on current estimates and available funds.

Estimated Funding Needs Report
Table 1

Minnesota Public Facilities Authority
Water Infrastructure Funding (WIF) Program

WIF - DRINKING WATER
FY 2020

Potential WIF Grant Eligible Projects

- Grant estimates are based on affordability criteria and preliminary project information.
- Other eligible projects may be added as new project information is received.
- Estimated WIF amounts are subject to change.

Pre-2020 appropriations available as of 7/1/2019: \$ 9,395,765

2019 federal principal forgiveness (grant) available: \$ 4,367,220

For WIF funds to be reserved, a project must:

- 1) be certified for construction by MDH, or
- 2) have an approved PER by USDA-RD and receive a RD funding commitment

Shading = WIF funds awarded or reserved to date

Dotted line (---) indicates the last project that can be fully funded based on current estimates and available fund:
