To Whom It May Concern:

The Minnesota House Health and Human Services Committee will have hearings on scope of practice bills this session. In preparation of these meetings, committee staff and I will require completed "scope of practice" paperwork.

The paperwork involves the completion of two separate reports and can be accessed on the HHS Reform Committee's House webpage or at <http://www.health.state.mn.us/divs/orhpc/scope.html> and <https://www.revisor.mn.gov/statutes/?id=214.002>. These useful frameworks create uniformity in the scope of practice legislative review process. Their development for the State of Minnesota incorporates input from professional health care associations, health licensing boards, state legislators, and the Minnesota Department of Health, Office of Rural Health and Primary Care in partnership with the National Governors Association and the National Conference of State Legislatures.

For more information about the tools, please visit the committee's website and click "Audio and Video". Audio and handouts are posted under the January 24, 2017 meeting.

Please submit completed paperwork and/or direct questions to:

-Mark Laliberte, Committee Administrator (mark.laliberte@house.mn)
-Khayree Duckett, Committee Legislative Assistant (khayree.duckett@house.mn)

I look forward to reviewing your proposals.

Sincerely,

A handwritten signature in blue ink that reads "Joe Schomacker".

Rep. Joe Schomacker
Chair, Minnesota House Health and Human Services Committee
