MHB Watershed Spotlight

MHB Watershed Spotlight

Landowners Choose!

Final Points

- Create habitat and water quality complexes at a project and watershed level.
- A diverse technical committee reviews parcels (MHB, TPL, BWSR, SWCD, TNC, DNR, PF, LLBO, MHB counties)
- Protect the drinking water of the cities that draw water from the Mississippi river
 - Minneapolis draws 21 billion gallons from Miss. river every year.
- Making a connection
 - A Million seconds is equal to 12 days
 - A Billion seconds is equal to 31.7 years and
 - A trillion seconds is equal to 31,709 years....
