

Dear Mr. Gelbmann:

Respectfully, I and my wife Susan Spiers speak in **favor of H3499A5**.

The right to vote is paramount to all liberties. Full stop. I encourage all committee members to support efforts to make vote-by-mail, enhanced access to absentee ballots and other reasonable efforts to increase voter turnout in all communities, including Native American and any underserved segments of Minnesota.

Sincerely,

Mark E. Spiers and Susan E. Spiers
