Summary

House File 3731 makes two changes in current law:

- it includes among the duties of the commissioner of the Pollution Control Agency that of encouraging practices that enable the recovery of waste heat from wastewater treatment operations; and
- amends state responsibilities to:
 - encourage practices that enable the recovery of waste heat from wastewater treatment operations;
 - maximize energy efficiency in the production, distribution, and use of energy, including the recovery of waste heat; and
 - encourage the recycling of water and energy.
