 10.7 ammonia" are used interchangeably and mean a compound formed by the chemical
 10.8 combinations of the elements nitrogen and hydrogen in the molar proportion of one
 10.9 part nitrogen to three parts hydrogen. This relationship is shown by the chemical
 10.10 formula, NH₃. On a weight basis, the ratio is 14 parts nitrogen to three parts hydrogen
 10.11 or approximately 82 percent nitrogen to 18 percent hydrogen. Ammonia may exist in
 10.12 either a gaseous or a liquid state. Ammonia or anhydrous ammonia does not include
 10.13 aqua ammonia or ammonium hydroxide, which are solutions of ammonia in water and
 10.14 are sometimes called ammonia.

10.15 Sec. 7. Minnesota Statutes 2010, section 18C.111, is amended by adding a subdivision
 10.16 to read:

10.17 Subd. 4. **Certification of regulatory compliance.** (a) The commissioner may,
 10.18 under rules adopted under section 18C.121, subdivision 1, certify a person to offer or
 10.19 perform a regulatory compliance inspection of any person or site that stores, handles, or
 10.20 distributes ammonia or anhydrous ammonia fertilizer.

10.21 (b) Pursuant to those rules, a person certified under paragraph (a) may issue a
 10.22 certification of compliance to an inspected person or site if the certified person documents
 10.23 in writing full compliance with the provisions of this chapter and rules adopted under
 10.24 this chapter.

10.25 (c) A person or site issued a certification of compliance must provide a copy of the
 10.26 certification to the commissioner immediately upon request or within 90 days following
 10.27 certification.

10.28 (d) Certifications of compliance are valid for a period of three years. The
 10.29 commissioner may determine a different time period in the interest of public safety or for
 10.30 other reasonable cause.

10.31 Sec. 8. Minnesota Statutes 2010, section 18D.201, is amended by adding a subdivision
 10.32 to read:

11.1 Subd. 7. Compliance and inspection frequency. (a) The commissioner may
11.2 implement policies and procedures that provide for a decrease in the frequency of
11.3 regulatory inspection for a person or site issued a certification of compliance pursuant to
11.4 section 18C.111, subdivision 4.

11.5 (b) The commissioner must consider the compliance history, enforcement record,
11.6 and other public safety or environmental risk factors in determining the eligibility of a
11.7 person or site for the reduced frequency of inspection described in paragraph (a). If the
11.8 commissioner determines that a person or site is ineligible, the commissioner must notify
11.9 the person or site of that ineligibility and the reasons for that determination.

11.10 (c) The compliance findings of the commissioner's inspection of a person or site that
11.11 stores, handles, or distributes ammonia and anhydrous ammonia fertilizer may be used
11.12 as a basis for decreased frequency of regulatory inspection, as described in paragraphs
11.13 (a) and (b).

11.14 Sec. 9. Minnesota Statutes 2010, section 18E.03, subdivision 4, is amended to read:

11.15 Subd. 4. **Fee.** (a) The response and reimbursement fee consists of the surcharges and
11.16 any adjustments made by the commissioner in this subdivision and shall be collected by
11.17 the commissioner. The amount of the response and reimbursement fee shall be determined
11.18 and imposed annually by the commissioner as required to satisfy the requirements in
11.19 subdivision 3. The commissioner shall adjust the amount of the surcharges imposed in
11.20 proportion to the amount of the surcharges listed in this subdivision. License application
11.21 categories under paragraph (d) must be charged in proportion to the amount of surcharges
11.22 imposed up to a maximum of 50 percent of the license fees set under chapters 18B and
11.23 18C.

11.24 (b) The commissioner shall impose a surcharge on pesticides registered under
11.25 chapter 18B to be collected as a surcharge on the gross sales under section 18B.26,

11.27 of pesticides for use in the state during the previous calendar year, except the surcharge
11.28 may not be imposed on pesticides that are sanitizers or disinfectants as determined by the
11.29 commissioner. No surcharge is required if the surcharge amount based on percent of
11.30 annual gross sales of a nonagricultural pesticide is less than \$10. Sales of pesticides in
11.31 the state for use outside of the state are exempt from the surcharge in this paragraph if
11.32 the registrant, agricultural pesticide dealer, or pesticide dealer properly documents the
11.33 sale location and the distributors.

12.1 (c) The commissioner shall impose a ten cents per ton surcharge on the inspection
12.2 fee under section 18C.425, subdivision 6, for fertilizers, soil amendments, and plant
12.3 amendments.

12.4 (d) The commissioner shall impose a surcharge on the license application of persons
12.5 licensed under chapters 18B and 18C consisting of:

12.6 (1) a \$75 surcharge for each site where pesticides are stored or distributed, to
12.7 be imposed as a surcharge on pesticide dealer application fees under section 18B.31,
12.8 subdivision 5, and the agricultural pesticide dealer application fee under section 18B.316,
12.9 subdivision 10;

12.10 (2) a \$75 surcharge for each site where a fertilizer, plant amendment, or soil
12.11 amendment is distributed, to be imposed on persons licensed under sections 18C.415
12.12 and 18C.425;

12.13 (3) a \$50 surcharge to be imposed on a structural pest control applicator license
12.14 application under section 18B.32, subdivision 6, for business license applications only;

12.15 (4) a \$20 surcharge to be imposed on commercial applicator license application fees
12.16 under section 18B.33, subdivision 7; and

12.17 (5) a \$20 surcharge to be imposed on noncommercial applicator license application
12.18 fees under section 18B.34, subdivision 5, except a surcharge may not be imposed on a
12.19 noncommercial applicator that is a state agency, political subdivision of the state, the
12.20 federal government, or an agency of the federal government.

12.21 (e) A \$1,000 fee shall be imposed on each site where pesticides are stored and sold
12.22 for use outside of the state unless:

12.23 (1) the distributor properly documents that it has less than \$2,000,000 per year in
12.24 wholesale value of pesticides stored and transferred through the site; or

12.25 (2) the registrant pays the surcharge under paragraph (b) and the registration fee
12.26 under section 18B.26, subdivision 3, for all of the pesticides stored at the site and sold for
12.27 use outside of the state.

12.28 (f) Paragraphs (c) to (e) apply to sales, licenses issued, applications received for
12.29 licenses, and inspection fees imposed on or after July 1, 1990.

12.30 Sec. 10. Minnesota Statutes 2010, section 27.041, is amended by adding a subdivision
12.31 to read:

12.32 Subd. 3. **Account; appropriation.** A wholesale produce dealers account is created
12.33 in the agricultural fund. All fees, charges, and penalties collected under sections 27.01 to
12.34 27.069 and 27.11 to 27.19, including interest attributable to that money, shall be deposited

13.1 in the wholesale produce dealers account. Money in the account is appropriated to the
13.2 commissioner for the purposes of sections 27.01 to 27.069 and 27.11 to 27.19.

13.12 (1) Acquisition of additional real property; (2) Construction of additional buildings; or
13.13 (3) Maintenance and care of the society's property. This section shall not be construed
13.14 to preclude the continuance of any agricultural society now existing or the granting of
13.15 aid to the society.

13.16 (b) An agricultural society shall have jurisdiction and control of the grounds upon
13.17 which its fairs are held and of the streets and adjacent grounds during the fair, so far

13.19 throughout the year as provided in section 38.16.

13.20 (c) The society may contract with the sheriff, local municipality, or security guard as
13.21 defined in section 626.88 to provide the society with police service. A person providing
13.22 police service pursuant to a contract is not, by reason of the contract, classified as an
13.23 employee of the agricultural society for any purpose other than the discharge of powers
13.24 and duties under the contract.

13.25 (d) Any person who shall willfully violate any rule or regulation made by agricultural
13.26 societies during the days of a fair shall be guilty of a misdemeanor.

13.27 The provisions of this section supersede all special laws on the same subject.

14.1 Subdivision 1. **Public corporation; listed powers.** (a) Each county is a body politic
14.2 and corporate and may:

14.5 sold for taxes as provided by law.

14.6 (3) Purchase and hold for the benefit of the county real estate sold by virtue of
14.7 judicial proceedings, to which the county is a party.

14.8 (4) Sell, lease, and convey real or personal estate owned by the county, and give
14.9 contracts or options to sell, lease, or convey it, and make orders respecting it as deemed
14.10 conducive to the interests of the county's inhabitants.

14.11 (5) Make all contracts and do all other acts in relation to the property and concerns
14.12 of the county necessary to the exercise of its corporate powers.

14.13 (b) No sale, lease, or conveyance of real estate owned by the county, except the lease
14.14 of a residence acquired for the furtherance of an approved capital improvement project, nor
14.15 any contract or option for it, shall be valid, without first advertising for bids or proposals in
14.16 the official newspaper of the county for three consecutive weeks and once in a newspaper
14.17 of general circulation in the area where the property is located. The notice shall state the
14.18 time and place of considering the proposals, contain a legal description of any real estate,
14.19 and a brief description of any personal property. Leases that do not exceed \$15,000 for any
14.20 one year may be negotiated and are not subject to the competitive bid procedures of this
14.21 section. All proposals estimated to exceed \$15,000 in any one year shall be considered at
14.22 the time set for the bid opening, and the one most favorable to the county accepted, but the
14.23 county board may, in the interest of the county, reject any or all proposals.

14.24 (c) Sales of personal property the value of which is estimated to be \$15,000 or
14.25 more shall be made only after advertising for bids or proposals in the county's official
14.26 newspaper, on the county's Web site, or in a recognized industry trade journal. At the same
14.27 time it posts on its Web site or publishes in a trade journal, the county must publish in the
14.28 official newspaper, either as part of the minutes of a regular meeting of the county board
14.29 or in a separate notice, a summary of all requests for bids or proposals that the county
14.30 advertises on its Web site or in a trade journal. After publication in the official newspaper,
14.31 on the Web site, or in a trade journal, bids or proposals may be solicited and accepted by
14.32 the electronic selling process authorized in section 471.345, subdivision 17. Sales of
14.33 personal property the value of which is estimated to be less than \$15,000 may be made
14.34 either on competitive bids or in the open market, in the discretion of the county board.

14.35 "Web site" means a specific, addressable location provided on a server connected to the

15.1 Internet and hosting World Wide Web pages and other files that are generally accessible
15.2 on the Internet all or most of a day.

15.3 (d) Notwithstanding anything in this section to the contrary herein, the county
15.4 may, exchange parcels of real property of substantially similar or equal value without
15.5 advertising for bids, subject to clause (1) or (2).

15.6 (1) When acquiring real property for county highway right-of-way, ~~exchange parcels~~
15.7 ~~of real property of substantially similar or equal value without advertising for bids~~; the
15.8 estimated values for these parcels shall be determined by the county assessor.

15.9 (2) When acquiring real property for any other purpose, the estimated values for
15.10 these parcels must be determined by the county assessor or a private Minnesota licensed
15.11 real estate appraiser. The private appraised value of the parcels must be substantially
15.12 equal to the county assessor's estimated market value of similar land, as adjusted by the
15.13 sales ratio determined by the commissioner of revenue. Before giving final approval to
15.14 the exchange of land, the county board shall hold a public hearing on the exchange. At
15.15 least two weeks before the hearing, the county auditor shall post a hearing notice in the
15.16 auditor's office and the official newspaper of the county that contains a description of
15.17 the lands affected.

15.18 (e) If real estate or personal property remains unsold after advertising for and
15.19 consideration of bids or proposals the county may employ a broker to sell the property.
15.20 The broker may sell the property for not less than 90 percent of its appraised market value
15.21 as determined by the county. The broker's fee shall be set by agreement with the county but
15.22 may not exceed ten percent of the sale price and must be paid from the proceeds of the sale.

15.23 (f) A county or its agent may rent a county-owned residence acquired for the
15.24 furtherance of an approved capital improvement project subject to the conditions set
15.25 by the county board and not subject to the conditions for lease otherwise provided by
15.26 paragraph (a), clause (4), and paragraphs (b), (c), (d), (e), and (g).

15.27 (g) In no case shall lands be disposed of without there being reserved to the county
15.28 all iron ore and other valuable minerals in and upon the lands, with right to explore for,
15.29 mine and remove the iron ore and other valuable minerals, nor shall the minerals and
15.30 mineral rights be disposed of, either before or after disposition of the surface rights,
15.31 otherwise than by mining lease, in similar general form to that provided by section 93.20
15.32 for mining leases affecting state lands. The lease shall be for a term not exceeding 50
15.33 years, and be issued on a royalty basis, the royalty to be not less than 25 cents per ton of
15.34 2,240 pounds, and fix a minimum amount of royalty payable during each year, whether
15.35 mineral is removed or not. Prospecting options for mining leases may be granted for

16.1 periods not exceeding one year. The options shall require, among other things, periodical
16.2 showings to the county board of the results of exploration work done.

16.3 (h) Notwithstanding anything in this subdivision to the contrary, the county may,
16.4 when selling real property owned in fee simple that cannot be improved because of
16.5 noncompliance with local ordinances regarding minimum area, shape, frontage, or access,
16.6 proceed to sell the nonconforming parcel without advertising for bid. At the county's
16.7 discretion, the real property may be restricted to sale to adjoining landowners or may be
16.8 sold to any other interested party. The property shall be sold to the highest bidder, but
16.9 in no case shall the property be sold for less than 90 percent of its fair market value as
16.10 determined by the county assessor. All owners of land adjoining the land to be sold shall
16.11 be given a written notice at least 30 days before the sale. This paragraph shall be liberally
16.12 construed to encourage the sale of nonconforming real property and promote its return to
16.13 the tax roles.

16.28 consumption of food or nonalcoholic beverages in cases where liability arises from weight
16.29 gain, obesity, or a health condition associated with weight gain or obesity and resulting
16.30 from the individual's or group of individuals' long-term purchase or consumption of a
16.31 food or nonalcoholic beverage.

41A.09 ETHANOL DEVELOPMENT.

Subd. 1a. **Ethanol production goal.** It is a goal of the state that ethanol production plants in the state attain a total annual production level of:

- (1) 240,000,000 gallons in 2003;
- (2) 300,000,000 gallons in 2004;
- (3) 360,000,000 gallons in 2005 and 2006;
- (4) 420,000,000 gallons in 2007; and
- (5) 480,000,000 gallons in 2008 and subsequent years.

Subd. 2a. **Definitions.** For the purposes of this section, the terms defined in this subdivision have the meanings given them.

(a) "Ethanol" means fermentation ethyl alcohol derived from agricultural products, including potatoes, cereal grains, cheese whey, and sugar beets; forest products; or other renewable resources, including residue and waste generated from the production, processing, and marketing of agricultural products, forest products, and other renewable resources, that:

- (1) meets all of the specifications in ASTM specification D4806-04a; and
- (2) is denatured as specified in Code of Federal Regulations, title 27, parts 20 and 21.

(b) "Ethanol plant" means a plant at which ethanol is produced.

(c) "Commissioner" means the commissioner of agriculture.

(d) "Rural economic infrastructure" means the development of activities that will enhance the value of agricultural crop or livestock commodities or by-products or waste from farming operations through new and improved value-added conversion processes and technologies, the development of more timely and efficient infrastructure delivery systems, and the enhancement of marketing opportunities. "Rural economic infrastructure" also means land, buildings, structures, fixtures, and improvements located or to be located in Minnesota and used or operated primarily for the processing or the support of production of marketable products from agricultural commodities or wind energy produced in Minnesota.

Subd. 3a. **Ethanol producer payments.** (a) The commissioner shall make cash payments to producers of ethanol located in the state that have begun production at a specific location by June 30, 2000. For the purpose of this subdivision, an entity that holds a controlling interest in more than one ethanol plant is considered a single producer. The amount of the payment for each producer's annual production, except as provided in paragraph (c), is 20 cents per gallon for each gallon of ethanol produced at a specific location on or before June 30, 2000, or ten years after the start of production, whichever is later. Annually, within 90 days of the end of its fiscal year, an ethanol producer receiving payments under this subdivision must file a disclosure statement on a form provided by the commissioner. The initial disclosure statement must include a summary description of the organization of the business structure of the claimant, a listing of the percentages of ownership by any person or other entity with an ownership interest of five percent or greater, and a copy of its annual audited financial statements, including the auditor's report and footnotes. The disclosure statement must include information demonstrating what percentage of the entity receiving payments under this section is owned by farmers or other entities eligible to farm or own agricultural land in Minnesota under the provisions of section 500.24. Subsequent annual reports must affirm that majority ownership of the entity is held by farmers or other entities eligible to farm or own agricultural land under section 500.24 or individuals residing within 30 miles of the plant. The report need not disclose the identity of the persons or entities eligible to farm or own agricultural land with ownership interests, individuals residing within 30 miles of the plant, or of any other entity with less than ten percent ownership interest, but the claimant must retain information within its files confirming the accuracy of the data provided. This data must be made available to the commissioner upon request. Not later than the 15th day of February in each year the commissioner shall deliver to the chairs of the standing committees of the senate and the house of representatives that deal with agricultural policy and agricultural finance issues an annual report summarizing aggregated data from plants receiving payments under this section during the preceding calendar year. Audited financial statements and notes and disclosure statements submitted to the commissioner are nonpublic data under section 13.02, subdivision 9. Notwithstanding the provisions of chapter 13 relating to nonpublic data, summaries of the submitted audited financial reports and notes and disclosure statements will be contained in the report to the committee chairs and will be public data.

(b) No payments shall be made for ethanol production that occurs after June 30, 2010. A producer of ethanol shall not transfer the producer's eligibility for payments under this section to an ethanol plant at a different location.

APPENDIX

Repealed Minnesota Statutes: h1039-1

(c) If the level of production at an ethanol plant increases due to an increase in the production capacity of the plant, the payment under paragraph (a) applies to the additional increment of production until ten years after the increased production began. Once a plant's production capacity reaches 15,000,000 gallons per year, no additional increment will qualify for the payment.

(d) Total payments under paragraphs (a) and (c) to a producer in a fiscal year may not exceed \$3,000,000.

(e) By the last day of October, January, April, and July, each producer shall file a claim for payment for ethanol production during the preceding three calendar months. A producer that files a claim under this subdivision shall include a statement of the producer's total ethanol production in Minnesota during the quarter covered by the claim. For each claim and statement of total ethanol production filed under this subdivision, the volume of ethanol production must be examined by an independent certified public accountant in accordance with standards established by the American Institute of Certified Public Accountants.

(f) Payments shall be made November 15, February 15, May 15, and August 15. A separate payment shall be made for each claim filed. Except as provided in paragraph (g), the total quarterly payment to a producer under this paragraph may not exceed \$750,000.

(g) Notwithstanding the quarterly payment limits of paragraph (f), the commissioner shall make an additional payment in the fourth quarter of each fiscal year to ethanol producers for the lesser of: (1) 20 cents per gallon of production in the fourth quarter of the year that is greater than 3,750,000 gallons; or (2) the total amount of payments lost during the first three quarters of the fiscal year due to plant outages, repair, or major maintenance. Total payments to an ethanol producer in a fiscal year, including any payment under this paragraph, must not exceed the total amount the producer is eligible to receive based on the producer's approved production capacity. The provisions of this paragraph apply only to production losses that occur in quarters beginning after December 31, 1999.

(h) The commissioner shall reimburse ethanol producers for any deficiency in payments during earlier quarters if the deficiency occurred because of unallotment or because appropriated money was insufficient to make timely payments in the full amount provided in paragraph (a). Notwithstanding the quarterly or annual payment limitations in this subdivision, the commissioner shall begin making payments for earlier deficiencies in each fiscal year that appropriations for ethanol payments exceed the amount required to make eligible scheduled payments. Payments for earlier deficiencies must continue until the deficiencies for each producer are paid in full, except the commissioner shall not make a deficiency payment to an entity that no longer produces ethanol on a commercial scale at the location for which the entity qualified for producer payments or to an assignee of the entity, or an entity that is not majority owned by farmers or other entities eligible to farm or own agricultural land under section 500.24 or individuals residing within 30 miles of the plant.

(i) The commissioner may provide financial assistance under the agricultural growth, research, and innovation program in section 41A.12 with any amount of the annual appropriation for ethanol producer payments that is in excess of the amount required to make scheduled ethanol producer payments and deficiency payments under paragraphs (a) to (h).

Subd. 4. **Rulemaking authority.** The commissioner shall adopt rules to implement this section.

Subd. 10. **Guidelines.** The commissioner shall establish guidelines not subject to chapter 14 for the submission and review of applications and the awarding of grants under subdivision 9.
