5.1	Sec. 3. Minnesota Statutes 2022, section 256.9655, is amended by adding a subdivision
5.2	to read:
5.3	Subd. 3. Prompt payment required. (a) In paying claims under medical assistance, the
5.4	commissioner shall comply with Code of Federal Regulations, title 42, section 447.45.
5.5	(b) If the commissioner does not pay or deny a clean claim within the period provided
5.6	in paragraph (a), the commissioner must pay interest on the claim for the period beginning
5.7	on the day after the required payment date specified in paragraph (a) and ending on the date
5.8	on which the commissioner makes the payment or denies the claim.
5.9	(c) The rate of interest paid by the commissioner under this subdivision must be 1.5
5.10	percent per month or any part of a month.
5.11	EFFECTIVE DATE. This section is effective the day following final enactment.
5.12	Sec. 4. Minnesota Statutes 2022, section 256.969, subdivision 2b, is amended to read:
5.13	Subd. 2b. Hospital payment rates. (a) For discharges occurring on or after November
5.14	1, 2014, hospital inpatient services for hospitals located in Minnesota shall be paid according
5.15	to the following:
5.16	(1) critical access hospitals as defined by Medicare shall be paid using a cost-based
5.17	methodology;
5.18	(2) long-term hospitals as defined by Medicare shall be paid on a per diem methodology
5.19	under subdivision 25;
5.20	(3) rehabilitation hospitals or units of hospitals that are recognized as rehabilitation
5.21	distinct parts as defined by Medicare shall be paid according to the methodology under
5.22	subdivision 12; and
5.23	(4) all other hospitals shall be paid on a diagnosis-related group (DRG) methodology.
5.24	(b) For the period beginning January 1, 2011, through October 31, 2014, rates shall not
5.25	be rebased, except that a Minnesota long-term hospital shall be rebased effective January
5.26	1, 2011, based on its most recent Medicare cost report ending on or before September 1,
5.27	2008, with the provisions under subdivisions 9 and 23, based on the rates in effect on
5.28	December 31, 2010. For rate setting periods after November 1, 2014, in which the base
5.29	years are updated, a Minnesota long-term hospital's base year shall remain within the same
5.30	period as other hospitals.
5.31	(c) Effective for discharges occurring on and after November 1, 2014, payment rates
5.32	for hospital inpatient services provided by hospitals located in Minnesota or the local trade

area, except for the hospitals paid under the methodologies described in paragraph (a), 6.1 clauses (2) and (3), shall be rebased, incorporating cost and payment methodologies in a 6.2 manner similar to Medicare. The base year or years for the rates effective November 1, 6.3 2014, shall be calendar year 2012. The rebasing under this paragraph shall be budget neutral, 6.4 ensuring that the total aggregate payments under the rebased system are equal to the total 6.5 aggregate payments that were made for the same number and types of services in the base 6.6 year. Separate budget neutrality calculations shall be determined for payments made to 6.7 critical access hospitals and payments made to hospitals paid under the DRG system. Only 6.8 the rate increases or decreases under subdivision 3a or 3c that applied to the hospitals being 6.9 rebased during the entire base period shall be incorporated into the budget neutrality 6.10 calculation. 6.11

(d) For discharges occurring on or after November 1, 2014, through the next rebasing
that occurs, the rebased rates under paragraph (c) that apply to hospitals under paragraph
(a), clause (4), shall include adjustments to the projected rates that result in no greater than
a five percent increase or decrease from the base year payments for any hospital. Any
adjustments to the rates made by the commissioner under this paragraph and paragraph (e)
shall maintain budget neutrality as described in paragraph (c).

6.18 (e) For discharges occurring on or after November 1, 2014, the commissioner may make
6.19 additional adjustments to the rebased rates, and when evaluating whether additional
6.20 adjustments should be made, the commissioner shall consider the impact of the rates on the
6.21 following:

- 6.22 (1) pediatric services;
- 6.23 (2) behavioral health services;

6.24 (3) trauma services as defined by the National Uniform Billing Committee;

6.25 (4) transplant services;

6.26 (5) obstetric services, newborn services, and behavioral health services provided by
6.27 hospitals outside the seven-county metropolitan area;

- 6.28 (6) outlier admissions;
- 6.29 (7) low-volume providers; and
- 6.30 (8) services provided by small rural hospitals that are not critical access hospitals.
- 6.31 (f) Hospital payment rates established under paragraph (c) must incorporate the following:

(1) for hospitals paid under the DRG methodology, the base year payment rate per
admission is standardized by the applicable Medicare wage index and adjusted by the
hospital's disproportionate population adjustment;

7.4 (2) for critical access hospitals, payment rates for discharges between November 1, 2014,
7.5 and June 30, 2015, shall be set to the same rate of payment that applied for discharges on
7.6 October 31, 2014;

7.7 (3) the cost and charge data used to establish hospital payment rates must only reflect
7.8 inpatient services covered by medical assistance; and

(4) in determining hospital payment rates for discharges occurring on or after the rate
year beginning January 1, 2011, through December 31, 2012, the hospital payment rate per
discharge shall be based on the cost-finding methods and allowable costs of the Medicare
program in effect during the base year or years. In determining hospital payment rates for
discharges in subsequent base years, the per discharge rates shall be based on the cost-finding
methods and allowable costs of the Medicare program in effect during the base year or
years.

(g) The commissioner shall validate the rates effective November 1, 2014, by applying
the rates established under paragraph (c), and any adjustments made to the rates under
paragraph (d) or (e), to hospital claims paid in calendar year 2013 to determine whether the
total aggregate payments for the same number and types of services under the rebased rates
are equal to the total aggregate payments made during calendar year 2013.

(h) Effective for discharges occurring on or after July 1, 2017, and every two years 7.21 thereafter, payment rates under this section shall be rebased to reflect only those changes 7.22 in hospital costs between the existing base year or years and the next base year or years. In 7.23 any year that inpatient claims volume falls below the threshold required to ensure a 7.24 statistically valid sample of claims, the commissioner may combine claims data from two 7.25 consecutive years to serve as the base year. Years in which inpatient claims volume is 7.26 reduced or altered due to a pandemic or other public health emergency shall not be used as 7.27 7.28 a base year or part of a base year if the base year includes more than one year. Changes in costs between base years shall be measured using the lower of the hospital cost index defined 7.29 in subdivision 1, paragraph (a), or the percentage change in the case mix adjusted cost per 7.30 claim. The commissioner shall establish the base year for each rebasing period considering 7.31 the most recent year or years for which filed Medicare cost reports are available, except 7.32 that the base years for the rebasing effective July 1, 2023, are calendar years 2018 and 2019. 7.33 The estimated change in the average payment per hospital discharge resulting from a 7.34

scheduled rebasing must be calculated and made available to the legislature by January 15
of each year in which rebasing is scheduled to occur, and must include by hospital the
differential in payment rates compared to the individual hospital's costs.

(i) Effective for discharges occurring on or after July 1, 2015, inpatient payment rates 8.4 for critical access hospitals located in Minnesota or the local trade area shall be determined 8.5 using a new cost-based methodology. The commissioner shall establish within the 8.6 methodology tiers of payment designed to promote efficiency and cost-effectiveness. 8.7 Payment rates for hospitals under this paragraph shall be set at a level that does not exceed 8.8 the total cost for critical access hospitals as reflected in base year cost reports. Until the 8.9 next rebasing that occurs, the new methodology shall result in no greater than a five percent 8.10 decrease from the base year payments for any hospital, except a hospital that had payments 8.11 that were greater than 100 percent of the hospital's costs in the base year shall have their 8.12 rate set equal to 100 percent of costs in the base year. The rates paid for discharges on and 8.13 after July 1, 2016, covered under this paragraph shall be increased by the inflation factor 8.14 in subdivision 1, paragraph (a). The new cost-based rate shall be the final rate and shall not 8.15 be settled to actual incurred costs. Hospitals shall be assigned a payment tier based on the 8.16 following criteria: 8.17

8.18 (1) hospitals that had payments at or below 80 percent of their costs in the base year
8.19 shall have a rate set that equals 85 percent of their base year costs;

8.20 (2) hospitals that had payments that were above 80 percent, up to and including 90
8.21 percent of their costs in the base year shall have a rate set that equals 95 percent of their
8.22 base year costs; and

8.23 (3) hospitals that had payments that were above 90 percent of their costs in the base year
8.24 shall have a rate set that equals 100 percent of their base year costs.

(j) The commissioner may refine the payment tiers and criteria for critical access hospitals
to coincide with the next rebasing under paragraph (h). The factors used to develop the new
methodology may include, but are not limited to:

8.28 (1) the ratio between the hospital's costs for treating medical assistance patients and the
8.29 hospital's charges to the medical assistance program;

8.30 (2) the ratio between the hospital's costs for treating medical assistance patients and the
8.31 hospital's payments received from the medical assistance program for the care of medical
8.32 assistance patients;

- 9.1 (3) the ratio between the hospital's charges to the medical assistance program and the
 9.2 hospital's payments received from the medical assistance program for the care of medical
 9.3 assistance patients;
- 9.4 (4) the statewide average increases in the ratios identified in clauses (1), (2), and (3);
- 9.5 (5) the proportion of that hospital's costs that are administrative and trends in
 9.6 administrative costs; and

9.7 (6) geographic location.

9.8 **EFFECTIVE DATE.** This section is effective July 1, 2023.

9.9 Sec. 5. Minnesota Statutes 2022, section 256.969, subdivision 9, is amended to read:

9.10 Subd. 9. Disproportionate numbers of low-income patients served. (a) For admissions
9.11 occurring on or after July 1, 1993, the medical assistance disproportionate population
9.12 adjustment shall comply with federal law and shall be paid to a hospital, excluding regional
9.13 treatment centers and facilities of the federal Indian Health Service, with a medical assistance
9.14 inpatient utilization rate in excess of the arithmetic mean. The adjustment must be determined
9.15 as follows:

9.16 (1) for a hospital with a medical assistance inpatient utilization rate above the arithmetic
9.17 mean for all hospitals excluding regional treatment centers and facilities of the federal Indian
9.18 Health Service but less than or equal to one standard deviation above the mean, the
9.19 adjustment must be determined by multiplying the total of the operating and property
9.20 payment rates by the difference between the hospital's actual medical assistance inpatient
9.21 utilization rate and the arithmetic mean for all hospitals excluding regional treatment centers
9.22 and facilities of the federal Indian Health Service; and

9.23 (2) for a hospital with a medical assistance inpatient utilization rate above one standard
9.24 deviation above the mean, the adjustment must be determined by multiplying the adjustment
9.25 that would be determined under clause (1) for that hospital by 1.1. The commissioner shall
9.26 report annually on the number of hospitals likely to receive the adjustment authorized by
9.27 this paragraph. The commissioner shall specifically report on the adjustments received by
9.28 public hospitals and public hospital corporations located in cities of the first class.

9.29 (b) Certified public expenditures made by Hennepin County Medical Center shall be
9.30 considered Medicaid disproportionate share hospital payments. Hennepin County and
9.31 Hennepin County Medical Center shall report by June 15, 2007, on payments made beginning
9.32 July 1, 2005, or another date specified by the commissioner, that may qualify for

reimbursement under federal law. Based on these reports, the commissioner shall apply forfederal matching funds.

(c) Upon federal approval of the related state plan amendment, paragraph (b) is effective
retroactively from July 1, 2005, or the earliest effective date approved by the Centers for
Medicare and Medicaid Services.

(d) Effective July 1, 2015, disproportionate share hospital (DSH) payments shall be paid
in accordance with a new methodology using 2012 as the base year. Annual payments made
under this paragraph shall equal the total amount of payments made for 2012. A licensed
children's hospital shall receive only a single DSH factor for children's hospitals. Other
DSH factors may be combined to arrive at a single factor for each hospital that is eligible
for DSH payments. The new methodology shall make payments only to hospitals located
in Minnesota and include the following factors:

10.13 (1) a licensed children's hospital with at least 1,000 fee-for-service discharges in the
10.14 base year shall receive a factor of 0.868. A licensed children's hospital with less than 1,000
10.15 fee-for-service discharges in the base year shall receive a factor of 0.7880;

10.16 (2) a hospital that has in effect for the initial rate year a contract with the commissioner
10.17 to provide extended psychiatric inpatient services under section 256.9693 shall receive a
10.18 factor of 0.0160;

(3) a hospital that has received medical assistance payment for at least 20 transplant
services in the base year shall receive a factor of 0.0435;

(4) a hospital that has a medical assistance utilization rate in the base year between 20
percent up to one standard deviation above the statewide mean utilization rate shall receive
a factor of 0.0468;

(5) a hospital that has a medical assistance utilization rate in the base year that is at least
one standard deviation above the statewide mean utilization rate but is less than two and
one-half standard deviations above the mean shall receive a factor of 0.2300; and

(6) a hospital that is a level one trauma center and that has a medical assistance utilization
rate in the base year that is at least two and <u>one-half one-quarter</u> standard deviations above
the statewide mean utilization rate shall receive a factor of 0.3711.

(e) For the purposes of determining eligibility for the disproportionate share hospital
factors in paragraph (d), clauses (1) to (6), the medical assistance utilization rate and
discharge thresholds shall be measured using only one year when a two-year base period
is used.

11.1 (f) Any payments or portion of payments made to a hospital under this subdivision that 11.2 are subsequently returned to the commissioner because the payments are found to exceed 11.3 the hospital-specific DSH limit for that hospital shall be redistributed, proportionate to the 11.4 number of fee-for-service discharges, to other DSH-eligible non-children's hospitals that 11.5 have a medical assistance utilization rate that is at least one standard deviation above the 11.6 mean.

(g) An additional payment adjustment shall be established by the commissioner under 11.7 11.8 this subdivision for a hospital that provides high levels of administering high-cost drugs to enrollees in fee-for-service medical assistance. The commissioner shall consider factors 11.9 including fee-for-service medical assistance utilization rates and payments made for drugs 11.10 purchased through the 340B drug purchasing program and administered to fee-for-service 11.11 enrollees. If any part of this adjustment exceeds a hospital's hospital-specific disproportionate 11.12 share hospital limit, the commissioner shall make a payment to the hospital that equals the 11.13 nonfederal share of the amount that exceeds the limit. The total nonfederal share of the 11.14 amount of the payment adjustment under this paragraph shall not exceed \$1,500,000. 11.15

11.16 Sec. 6. Minnesota Statutes 2022, section 256.969, subdivision 25, is amended to read:

basis.

(b) For admissions occurring on or after April 1, 1995, a long-term hospital as designated
by Medicare that does not have admissions in the base year shall have inpatient rates
established at the average of other hospitals with the same designation. For subsequent
rate-setting periods in which base years are updated, the hospital's base year shall be the
first Medicare cost report filed with the long-term hospital designation and shall remain in
effect until it falls within the same period as other hospitals.

(c) For admissions occurring on or after July 1, 2023, long-term hospitals must be paid

14.1 Sec. 10. Minnesota Statutes 2022, section 256B.0622, subdivision 8, is amended to read:

Subd. 8. Medical assistance payment for assertive community treatment and
intensive residential treatment services. (a) Payment for intensive residential treatment
services and assertive community treatment in this section shall be based on one daily rate
per provider inclusive of the following services received by an eligible client in a given
calendar day: all rehabilitative services under this section, staff travel time to provide
rehabilitative services under this section, and nonresidential crisis stabilization services
under section 256B.0624.

(b) Except as indicated in paragraph (c), payment will not be made to more than one
entity for each client for services provided under this section on a given day. If services
under this section are provided by a team that includes staff from more than one entity, the
team must determine how to distribute the payment among the members.

(c) The commissioner shall determine one rate for each provider that will bill medical
assistance for residential services under this section and one rate for each assertive community
treatment provider. If a single entity provides both services, one rate is established for the
entity's residential services and another rate for the entity's nonresidential services under
this section. A provider is not eligible for payment under this section without authorization
from the commissioner. The commissioner shall develop rates using the following criteria:

(1) the provider's cost for services shall include direct services costs, other program
costs, and other costs determined as follows:

(i) the direct services costs must be determined using actual costs of salaries, benefits,
payroll taxes, and training of direct service staff and service-related transportation;

(ii) other program costs not included in item (i) must be determined as a specified
percentage of the direct services costs as determined by item (i). The percentage used shall
be determined by the commissioner based upon the average of percentages that represent
the relationship of other program costs to direct services costs among the entities that provide
similar services;

(iii) physical plant costs calculated based on the percentage of space within the program
that is entirely devoted to treatment and programming. This does not include administrative
or residential space;

(iv) assertive community treatment physical plant costs must be reimbursed as part of
the costs described in item (ii); and

(v) subject to federal approval, up to an additional five percent of the total rate may be
added to the program rate as a quality incentive based upon the entity meeting performance
criteria specified by the commissioner;

(2) actual cost is defined as costs which are allowable, allocable, and reasonable, and
consistent with federal reimbursement requirements under Code of Federal Regulations,
title 48, chapter 1, part 31, relating to for-profit entities, and Office of Management and
Budget Circular Number A-122, relating to nonprofit entities;

15.8 (3) the number of service units;

(4) the degree to which clients will receive services other than services under this section;and

15.11 (5) the costs of other services that will be separately reimbursed.

(d) The rate for intensive residential treatment services and assertive community treatment
must exclude room and board, as defined in section 256I.03, subdivision 6, and services
not covered under this section, such as partial hospitalization, home care, and inpatient
services.

(e) Physician services that are not separately billed may be included in the rate to the extent that a psychiatrist, or other health care professional providing physician services within their scope of practice, is a member of the intensive residential treatment services treatment team. Physician services, whether billed separately or included in the rate, may be delivered by telehealth. For purposes of this paragraph, "telehealth" has the meaning given to "mental health telehealth" in section 256B.0625, subdivision 46, when telehealth is used to provide intensive residential treatment services.

(f) When services under this section are provided by an assertive community treatmentprovider, case management functions must be an integral part of the team.

(g) The rate for a provider must not exceed the rate charged by that provider for thesame service to other payors.

(h) The rates for existing programs must be established prospectively based upon the
expenditures and utilization over a prior 12-month period using the criteria established in
paragraph (c). The rates for new programs must be established based upon estimated
expenditures and estimated utilization using the criteria established in paragraph (c).

(i) Effective for the rate years beginning on and after January 1, 2024, rates for assertive
 community treatment, adult residential crisis stabilization services, and intensive residential
 treatment services must be annually adjusted for inflation using the Centers for Medicare

16.1 and Medicaid Services Medicare Economic Index, as forecasted in the fourth quarter of the

16.2 calendar year before the rate year. The inflation adjustment must be based on the 12-month

16.3 period from the midpoint of the previous rate year to the midpoint of the rate year for which

16.4 the rate is being determined.

(i) (j) Entities who discontinue providing services must be subject to a settle-up process 16.5 whereby actual costs and reimbursement for the previous 12 months are compared. In the 16.6 event that the entity was paid more than the entity's actual costs plus any applicable 16.7 performance-related funding due the provider, the excess payment must be reimbursed to 16.8 the department. If a provider's revenue is less than actual allowed costs due to lower 16.9 utilization than projected, the commissioner may reimburse the provider to recover its actual 16.10 allowable costs. The resulting adjustments by the commissioner must be proportional to the 16.11 percent of total units of service reimbursed by the commissioner and must reflect a difference 16.12 of greater than five percent. 16.13

16.14 (j)(k) A provider may request of the commissioner a review of any rate-setting decision 16.15 made under this subdivision.

16.16 EFFECTIVE DATE. This section is effective January 1, 2024, or upon federal approval,
 16.17 whichever is later. The commissioner of human services shall notify the revisor of statutes
 16.18 when federal approval is obtained.

Sec. 14. Minnesota Statutes 2022, section 256B.0625, subdivision 13e, is amended to
read:

Subd. 13e. **Payment rates.** (a) The basis for determining the amount of payment shall be the lower of the ingredient costs of the drugs plus the professional dispensing fee; or the usual and customary price charged to the public. The usual and customary price means the lowest price charged by the provider to a patient who pays for the prescription by cash,

check, or charge account and includes prices the pharmacy charges to a patient enrolled in 22.1 a prescription savings club or prescription discount club administered by the pharmacy or 22.2 pharmacy chain. The amount of payment basis must be reduced to reflect all discount 22.3 amounts applied to the charge by any third-party provider/insurer agreement or contract for 22.4 submitted charges to medical assistance programs. The net submitted charge may not be 22.5 greater than the patient liability for the service. The professional dispensing fee shall be 22.6 \$10.77 for prescriptions filled with legend drugs meeting the definition of "covered outpatient" 22.7 drugs" according to United States Code, title 42, section 1396r-8(k)(2). The dispensing fee 22.8 for intravenous solutions that must be compounded by the pharmacist shall be \$10.77 per 22.9 claim. The professional dispensing fee for prescriptions filled with over-the-counter drugs 22.10 meeting the definition of covered outpatient drugs shall be \$10.77 for dispensed quantities 22.11 equal to or greater than the number of units contained in the manufacturer's original package. 22.12 The professional dispensing fee shall be prorated based on the percentage of the package 22.13 dispensed when the pharmacy dispenses a quantity less than the number of units contained 22.14 in the manufacturer's original package. The pharmacy dispensing fee for prescribed 22.15 over-the-counter drugs not meeting the definition of covered outpatient drugs shall be \$3.65 22.16 for quantities equal to or greater than the number of units contained in the manufacturer's 22.17 original package and shall be prorated based on the percentage of the package dispensed 22.18 when the pharmacy dispenses a quantity less than the number of units contained in the 22.19 manufacturer's original package. The National Average Drug Acquisition Cost (NADAC) 22.20 shall be used to determine the ingredient cost of a drug. For drugs for which a NADAC is 22.21 not reported, the commissioner shall estimate the ingredient cost at the wholesale acquisition 22.22 cost minus two percent. The ingredient cost of a drug for a provider participating in the 22.23 federal 340B Drug Pricing Program shall be either the 340B Drug Pricing Program ceiling 22.24 price established by the Health Resources and Services Administration or NADAC, 22.25 whichever is lower. Wholesale acquisition cost is defined as the manufacturer's list price 22.26 for a drug or biological to wholesalers or direct purchasers in the United States, not including 22.27 prompt pay or other discounts, rebates, or reductions in price, for the most recent month for 22.28 which information is available, as reported in wholesale price guides or other publications 22.29 of drug or biological pricing data. The maximum allowable cost of a multisource drug may 22.30 be set by the commissioner and it shall be comparable to the actual acquisition cost of the 22.31 drug product and no higher than the NADAC of the generic product. Establishment of the 22.32 amount of payment for drugs shall not be subject to the requirements of the Administrative 22.33 Procedure Act. 22.34

(b) Pharmacies dispensing prescriptions to residents of long-term care facilities usingan automated drug distribution system meeting the requirements of section 151.58, or a

packaging system meeting the packaging standards set forth in Minnesota Rules, part
6800.2700, that govern the return of unused drugs to the pharmacy for reuse, may employ
retrospective billing for prescription drugs dispensed to long-term care facility residents. A
retrospectively billing pharmacy must submit a claim only for the quantity of medication
used by the enrolled recipient during the defined billing period. A retrospectively billing
pharmacy must use a billing period not less than one calendar month or 30 days.

(c) A pharmacy provider using packaging that meets the standards set forth in Minnesota
Rules, part 6800.2700, is required to credit the department for the actual acquisition cost
of all unused drugs that are eligible for reuse, unless the pharmacy is using retrospective
billing. The commissioner may permit the drug clozapine to be dispensed in a quantity that
is less than a 30-day supply.

(d) If a pharmacy dispenses a multisource drug, the ingredient cost shall be the NADAC
of the generic product or the maximum allowable cost established by the commissioner
unless prior authorization for the brand name product has been granted according to the
criteria established by the Drug Formulary Committee as required by subdivision 13f,
paragraph (a), and the prescriber has indicated "dispense as written" on the prescription in
a manner consistent with section 151.21, subdivision 2.

(e) The basis for determining the amount of payment for drugs administered in an 23.18 outpatient setting shall be the lower of the usual and customary cost submitted by the 23.19 provider, 106 percent of the average sales price as determined by the United States 23.20 Department of Health and Human Services pursuant to title XVIII, section 1847a of the 23.21 federal Social Security Act, the specialty pharmacy rate, or the maximum allowable cost 23.22 set by the commissioner. If average sales price is unavailable, the amount of payment must 23.23 be lower of the usual and customary cost submitted by the provider, the wholesale acquisition 23.24 cost, the specialty pharmacy rate, or the maximum allowable cost set by the commissioner. 23.25 The commissioner shall discount the payment rate for drugs obtained through the federal 23.26 340B Drug Pricing Program by 28.6 percent. The payment for drugs administered in an 23.27 outpatient setting shall be made to the administering facility or practitioner. A retail or 23.28 23.29 specialty pharmacy dispensing a drug for administration in an outpatient setting is not eligible for direct reimbursement. 23.30

(f) The commissioner may establish maximum allowable cost rates for specialty pharmacy
products that are lower than the ingredient cost formulas specified in paragraph (a). The
commissioner may require individuals enrolled in the health care programs administered
by the department to obtain specialty pharmacy products from providers with whom the
commissioner has negotiated lower reimbursement rates. Specialty pharmacy products are

defined as those used by a small number of recipients or recipients with complex and chronic 24.1 diseases that require expensive and challenging drug regimens. Examples of these conditions 24.2 include, but are not limited to: multiple sclerosis, HIV/AIDS, transplantation, hepatitis C, 24.3 growth hormone deficiency, Crohn's Disease, rheumatoid arthritis, and certain forms of 24.4 cancer. Specialty pharmaceutical products include injectable and infusion therapies, 24.5 biotechnology drugs, antihemophilic factor products, high-cost therapies, and therapies that 24.6 require complex care. The commissioner shall consult with the Formulary Committee to 24.7 develop a list of specialty pharmacy products subject to maximum allowable cost 24.8 reimbursement. In consulting with the Formulary Committee in developing this list, the 24.9 commissioner shall take into consideration the population served by specialty pharmacy 24.10 products, the current delivery system and standard of care in the state, and access to care 24.11 issues. The commissioner shall have the discretion to adjust the maximum allowable cost 24.12 24.13 to prevent access to care issues.

(g) Home infusion therapy services provided by home infusion therapy pharmacies must
be paid at rates according to subdivision 8d.

(h) The commissioner shall contract with a vendor to conduct a cost of dispensing survey 24.16 for all pharmacies that are physically located in the state of Minnesota that dispense outpatient 24.17 drugs under medical assistance. The commissioner shall ensure that the vendor has prior 24.18 experience in conducting cost of dispensing surveys. Each pharmacy enrolled with the 24.19 department to dispense outpatient prescription drugs to fee-for-service members must 24.20 respond to the cost of dispensing survey. The commissioner may sanction a pharmacy under 24.21 section 256B.064 for failure to respond. The commissioner shall require the vendor to 24.22 measure a single statewide cost of dispensing for specialty prescription drugs and a single 24.23 statewide cost of dispensing for nonspecialty prescription drugs for all responding pharmacies 24.24 to measure the mean, mean weighted by total prescription volume, mean weighted by 24.25 medical assistance prescription volume, median, median weighted by total prescription 24.26 volume, and median weighted by total medical assistance prescription volume. The 24.27 commissioner shall post a copy of the final cost of dispensing survey report on the 24.28 24.29 department's website. The initial survey must be completed no later than January 1, 2021, and repeated every three years. The commissioner shall provide a summary of the results 24.30 of each cost of dispensing survey and provide recommendations for any changes to the 24.31 dispensing fee to the chairs and ranking members of the legislative committees with 24.32 jurisdiction over medical assistance pharmacy reimbursement. Notwithstanding section 24.33 256.01, subdivision 42, this paragraph does not expire. 24.34

(i) The commissioner shall increase the ingredient cost reimbursement calculated in
paragraphs (a) and (f) by 1.8 percent for prescription and nonprescription drugs subject to
the wholesale drug distributor tax under section 295.52.

25.4 **EFFECTIVE DATE.** This section is effective the day following final enactment.

25.5 Sec. 15. Minnesota Statutes 2022, section 256B.0625, subdivision 13f, is amended to read:

Subd. 13f. Prior authorization. (a) The Formulary Committee shall review and
recommend drugs which require prior authorization. The Formulary Committee shall
establish general criteria to be used for the prior authorization of brand-name drugs for
which generically equivalent drugs are available, but the committee is not required to review
each brand-name drug for which a generically equivalent drug is available.

(b) Prior authorization may be required by the commissioner before certain formulary
drugs are eligible for payment. The Formulary Committee may recommend drugs for prior
authorization directly to the commissioner. The commissioner may also request that the
Formulary Committee review a drug for prior authorization. Before the commissioner may
require prior authorization for a drug:

(1) the commissioner must provide information to the Formulary Committee on the
impact that placing the drug on prior authorization may have on the quality of patient care
and on program costs, information regarding whether the drug is subject to clinical abuse
or misuse, and relevant data from the state Medicaid program if such data is available;

(2) the Formulary Committee must review the drug, taking into account medical andclinical data and the information provided by the commissioner; and

25.22 (3) the Formulary Committee must hold a public forum and receive public comment foran additional 15 days.

25.24 The commissioner must provide a 15-day notice period before implementing the priorauthorization.

(c) Except as provided in subdivision 13j, prior authorization shall not be required or
utilized for any atypical antipsychotic drug prescribed for the treatment of mental illness
if:

25.29 (1) there is no generically equivalent drug available; and

25.30 (2) the drug was initially prescribed for the recipient prior to July 1, 2003; or

25.31 (3) the drug is part of the recipient's current course of treatment.

This paragraph applies to any multistate preferred drug list or supplemental drug rebate program established or administered by the commissioner. Prior authorization shall automatically be granted for 60 days for brand name drugs prescribed for treatment of mental illness within 60 days of when a generically equivalent drug becomes available, provided that the brand name drug was part of the recipient's course of treatment at the time the generically equivalent drug became available.

26.7 (d) Prior authorization must not be required for liquid methadone if only one version of
26.8 liquid methadone is available. If more than one version of liquid methadone is available,
26.9 the commissioner shall ensure that at least one version of liquid methadone is available
26.10 without prior authorization.

26.11 (e) Prior authorization may be required for an oral liquid form of a drug, except as described in paragraph (d). A prior authorization request under this paragraph must be 26.12 automatically approved within 24 hours if the drug is being prescribed for a Food and Drug 26.13 Administration-approved condition for a patient who utilizes an enteral tube for feedings 26.14 or medication administration, even if the patient has current or prior claims for pills for that 26.15 condition. If more than one version of the oral liquid form of a drug is available, the 26.16 commissioner may select the version that is able to be approved for a Food and Drug 26.17 Administration-approved condition for a patient who utilizes an enteral tube for feedings 26.18 or medication administration. This paragraph applies to any multistate preferred drug list 26.19 or supplemental drug rebate program established or administered by the commissioner. The 26.20 commissioner shall design and implement a streamlined prior authorization form for patients 26.21 who utilize an enteral tube for feedings or medication administration and are prescribed an 26.22 oral liquid form of a drug. The commissioner may require prior authorization for brand 26.23 name drugs whenever a generically equivalent product is available, even if the prescriber 26.24 specifically indicates "dispense as written-brand necessary" on the prescription as required 26.25 by section 151.21, subdivision 2. 26.26

(e) (f) Notwithstanding this subdivision, the commissioner may automatically require 26.27 prior authorization, for a period not to exceed 180 days, for any drug that is approved by 26.28 26.29 the United States Food and Drug Administration on or after July 1, 2005. The 180-day period begins no later than the first day that a drug is available for shipment to pharmacies 26.30 within the state. The Formulary Committee shall recommend to the commissioner general 26.31 criteria to be used for the prior authorization of the drugs, but the committee is not required 26.32 to review each individual drug. In order to continue prior authorizations for a drug after the 26.33 180-day period has expired, the commissioner must follow the provisions of this subdivision. 26.34

26.35

(f) (g) Prior authorization under this subdivision shall comply with section 62Q.184.

44.4	Subd. 7. Extended stay. If a recipient requires care exceeding the 60-day limit described
44.5	in subdivision 3, the provider may request in a format prescribed by the commissioner an
44.6	extension to continue payments until the recipient is discharged.
44.7	Subd. 8. Report. (a) The commissioner must submit an initial report on coverage of

44.17	provided; and
44.18	(4) any other information that can be used to determine the effectiveness of the program
44.19	and its funding, including recommendations for improvements to the program.
44.20	(b) This subdivision expires upon submission of the final report.

44.22 Sec. 28. Minnesota Statutes 2022, section 256B.0941, subdivision 3, is amended to read:

Subd. 3. Per diem rate. (a) The commissioner must establish one per diem rate per 44.23 provider for psychiatric residential treatment facility services for individuals 21 years of 44.24 age or younger. The rate for a provider must not exceed the rate charged by that provider 44.25 for the same service to other payers. Payment must not be made to more than one entity for 44.26 each individual for services provided under this section on a given day. The commissioner 44.27 must set rates prospectively for the annual rate period. The commissioner must require 44.28 providers to submit annual cost reports on a uniform cost reporting form and must use 44.29 submitted cost reports to inform the rate-setting process. The cost reporting must be done 44.30 according to federal requirements for Medicare cost reports. 44.31

44.32 (b) The following are included in the rate:

(1) costs necessary for licensure and accreditation, meeting all staffing standards for
participation, meeting all service standards for participation, meeting all requirements for
active treatment, maintaining medical records, conducting utilization review, meeting
inspection of care, and discharge planning. The direct services costs must be determined
using the actual cost of salaries, benefits, payroll taxes, and training of direct services staff
and service-related transportation; and

45.7 (2) payment for room and board provided by facilities meeting all accreditation and45.8 licensing requirements for participation.

45.9 (c) A facility may submit a claim for payment outside of the per diem for professional
45.10 services arranged by and provided at the facility by an appropriately licensed professional
45.11 who is enrolled as a provider with Minnesota health care programs. Arranged services may
45.12 be billed by either the facility or the licensed professional. These services must be included
45.13 in the individual plan of care and are subject to prior authorization.

(d) Medicaid must reimburse for concurrent services as approved by the commissioner
to support continuity of care and successful discharge from the facility. "Concurrent services"
means services provided by another entity or provider while the individual is admitted to a
psychiatric residential treatment facility. Payment for concurrent services may be limited
and these services are subject to prior authorization by the state's medical review agent.
Concurrent services may include targeted case management, assertive community treatment,
clinical care consultation, team consultation, and treatment planning.

45.21 (e) Payment rates under this subdivision must not include the costs of providing the45.22 following services:

45.23 (1) educational services;

45.24 (2) acute medical care or specialty services for other medical conditions;

45.25 (3) dental services; and

45.26 (4) pharmacy drug costs.

(f) For purposes of this section, "actual cost" means costs that are allowable, allocable,
reasonable, and consistent with federal reimbursement requirements in Code of Federal
Regulations, title 48, chapter 1, part 31, relating to for-profit entities, and the Office of
Management and Budget Circular Number A-122, relating to nonprofit entities.

45.31 (g) The commissioner shall annually adjust psychiatric residential treatment facility
 45.32 services per diem rates to reflect the change in the Centers for Medicare and Medicaid

45.33 Services Inpatient Psychiatric Facility Market Basket. The commissioner shall use the

46.1 indices as forecasted for the midpoint of the prior rate year to the midpoint of the current
46.2 rate year.

46.3 <u>EFFECTIVE DATE.</u> This section is effective January 1, 2024, or upon federal approval,
 46.4 <u>whichever is later.</u> The commissioner of human services shall notify the revisor of statutes
 46.5 when federal approval is obtained.

46.6 Sec. 29. Minnesota Statutes 2022, section 256B.0947, subdivision 7, is amended to read:

Subd. 7. Medical assistance payment and rate setting. (a) Payment for services in this
section must be based on one daily encounter rate per provider inclusive of the following
services received by an eligible client in a given calendar day: all rehabilitative services,
supports, and ancillary activities under this section, staff travel time to provide rehabilitative
services under this section, and crisis response services under section 256B.0624.

(b) Payment must not be made to more than one entity for each client for services
provided under this section on a given day. If services under this section are provided by a
team that includes staff from more than one entity, the team shall determine how to distribute
the payment among the members.

46.16 (c) The commissioner shall establish regional cost-based rates for entities that will bill
46.17 medical assistance for nonresidential intensive rehabilitative mental health services. In
46.18 developing these rates, the commissioner shall consider:

46.19 (1) the cost for similar services in the health care trade area;

46.20 (2) actual costs incurred by entities providing the services;

46.21 (3) the intensity and frequency of services to be provided to each client;

46.22 (4) the degree to which clients will receive services other than services under this section;46.23 and

46.24 (5) the costs of other services that will be separately reimbursed.

46.25 (d) The rate for a provider must not exceed the rate charged by that provider for the46.26 same service to other payers.

46.27 (e) Effective for the rate years beginning on and after January 1, 2024, rates must be

46.28 annually adjusted for inflation using the Centers for Medicare and Medicaid Services

46.29 Medicare Economic Index, as forecasted in the fourth quarter of the calendar year before

46.30 the rate year. The inflation adjustment must be based on the 12-month period from the

46.31 midpoint of the previous rate year to the midpoint of the rate year for which the rate is being

46.32 determined.

Article 1 Sec. 29.

47.1 EFFECTIVE DATE. This section is effective January 1, 2024, or upon federal approval, 47.2 whichever is later. The commissioner of human services shall notify the revisor of statutes 47.3 when federal approval is obtained.

47.4 Sec. 30. Minnesota Statutes 2022, section 256B.69, subdivision 5a, is amended to read:

47.5 Subd. 5a. Managed care contracts. (a) Managed care contracts under this section and
47.6 section 256L.12 shall be entered into or renewed on a calendar year basis. The commissioner
47.7 may issue separate contracts with requirements specific to services to medical assistance
47.8 recipients age 65 and older.

(b) A prepaid health plan providing covered health services for eligible persons pursuant
to chapters 256B and 256L is responsible for complying with the terms of its contract with
the commissioner. Requirements applicable to managed care programs under chapters 256B
and 256L established after the effective date of a contract with the commissioner take effect
when the contract is next issued or renewed.

(c) The commissioner shall withhold five percent of managed care plan payments under 47.14 this section and county-based purchasing plan payments under section 256B.692 for the 47.15 47.16 prepaid medical assistance program pending completion of performance targets. Each performance target must be quantifiable, objective, measurable, and reasonably attainable, 47.17 except in the case of a performance target based on a federal or state law or rule. Criteria 47.18 for assessment of each performance target must be outlined in writing prior to the contract 47.19 effective date. Clinical or utilization performance targets and their related criteria must 47.20 47.21 consider evidence-based research and reasonable interventions when available or applicable to the populations served, and must be developed with input from external clinical experts 47.22 and stakeholders, including managed care plans, county-based purchasing plans, and 47.23 providers. The managed care or county-based purchasing plan must demonstrate, to the 47.24 commissioner's satisfaction, that the data submitted regarding attainment of the performance 47.25 target is accurate. The commissioner shall periodically change the administrative measures 47.26 used as performance targets in order to improve plan performance across a broader range 47.27 47.28 of administrative services. The performance targets must include measurement of plan efforts to contain spending on health care services and administrative activities. The 47.29 commissioner may adopt plan-specific performance targets that take into account factors 47.30 affecting only one plan, including characteristics of the plan's enrollee population. The 47.31 withheld funds must be returned no sooner than July of the following year if performance 47.32 47.33 targets in the contract are achieved. The commissioner may exclude special demonstration projects under subdivision 23. 47.34

48.1 (d) The commissioner shall require that managed care plans:

(1) use the assessment and authorization processes, forms, timelines, standards,
documentation, and data reporting requirements, protocols, billing processes, and policies
consistent with medical assistance fee-for-service or the Department of Human Services
contract requirements for all personal care assistance services under section 256B.0659 and
community first services and supports under section 256B.85; and

(2) by January 30 of each year that follows a rate increase for any aspect of services
under section 256B.0659 or 256B.85, inform the commissioner and the chairs and ranking
minority members of the legislative committees with jurisdiction over rates determined
under section 256B.851 of the amount of the rate increase that is paid to each personal care
assistance provider agency with which the plan has a contract.

(e) Effective for services rendered on or after January 1, 2012, the commissioner shall 48.12 include as part of the performance targets described in paragraph (c) a reduction in the health 48.13 plan's emergency department utilization rate for medical assistance and MinnesotaCare 48.14 enrollees, as determined by the commissioner. For 2012, the reduction shall be based on 48.15 the health plan's utilization in 2009. To earn the return of the withhold each subsequent 48.16 year, the managed care plan or county-based purchasing plan must achieve a qualifying 48.17 reduction of no less than ten percent of the plan's emergency department utilization rate for 48.18 medical assistance and MinnesotaCare enrollees, excluding enrollees in programs described 48.19 in subdivisions 23 and 28, compared to the previous measurement year until the final 48.20 performance target is reached. When measuring performance, the commissioner must 48.21 consider the difference in health risk in a managed care or county-based purchasing plan's 48.22 membership in the baseline year compared to the measurement year, and work with the 48.23 managed care or county-based purchasing plan to account for differences that they agree 48.24 are significant. 48.25

The withheld funds must be returned no sooner than July 1 and no later than July 31 of
the following calendar year if the managed care plan or county-based purchasing plan
demonstrates to the satisfaction of the commissioner that a reduction in the utilization rate
was achieved. The commissioner shall structure the withhold so that the commissioner
returns a portion of the withheld funds in amounts commensurate with achieved reductions
in utilization less than the targeted amount.

The withhold described in this paragraph shall continue for each consecutive contract
period until the plan's emergency room utilization rate for state health care program enrollees
is reduced by 25 percent of the plan's emergency room utilization rate for medical assistance

49.1 and MinnesotaCare enrollees for calendar year 2009. Hospitals shall cooperate with the
49.2 health plans in meeting this performance target and shall accept payment withholds that
49.3 may be returned to the hospitals if the performance target is achieved.

(f) Effective for services rendered on or after January 1, 2012, the commissioner shall 49.4 include as part of the performance targets described in paragraph (c) a reduction in the plan's 49.5 hospitalization admission rate for medical assistance and MinnesotaCare enrollees, as 49.6 determined by the commissioner. To earn the return of the withhold each year, the managed 49.7 49.8 care plan or county-based purchasing plan must achieve a qualifying reduction of no less than five percent of the plan's hospital admission rate for medical assistance and 49.9 MinnesotaCare enrollees, excluding enrollees in programs described in subdivisions 23 and 49.10 28, compared to the previous calendar year until the final performance target is reached. 49.11 When measuring performance, the commissioner must consider the difference in health risk 49.12 in a managed care or county-based purchasing plan's membership in the baseline year 49.13 compared to the measurement year, and work with the managed care or county-based 49.14 purchasing plan to account for differences that they agree are significant. 49.15

49.16 The withheld funds must be returned no sooner than July 1 and no later than July 31 of
49.17 the following calendar year if the managed care plan or county-based purchasing plan
49.18 demonstrates to the satisfaction of the commissioner that this reduction in the hospitalization
49.19 rate was achieved. The commissioner shall structure the withhold so that the commissioner
49.20 returns a portion of the withheld funds in amounts commensurate with achieved reductions
49.21 in utilization less than the targeted amount.

49.22 The withhold described in this paragraph shall continue until there is a 25 percent
49.23 reduction in the hospital admission rate compared to the hospital admission rates in calendar
49.24 year 2011, as determined by the commissioner. The hospital admissions in this performance
49.25 target do not include the admissions applicable to the subsequent hospital admission
49.26 performance target under paragraph (g). Hospitals shall cooperate with the plans in meeting
49.27 this performance target and shall accept payment withholds that may be returned to the
49.28 hospitals if the performance target is achieved.

49.29 (g) Effective for services rendered on or after January 1, 2012, the commissioner shall
49.30 include as part of the performance targets described in paragraph (c) a reduction in the plan's
49.31 hospitalization admission rates for subsequent hospitalizations within 30 days of a previous
49.32 hospitalization of a patient regardless of the reason, for medical assistance and MinnesotaCare
49.33 enrollees, as determined by the commissioner. To earn the return of the withhold each year,
49.34 the managed care plan or county-based purchasing plan must achieve a qualifying reduction
49.35 of the subsequent hospitalization rate for medical assistance and MinnesotaCare enrollees,

50.1 excluding enrollees in programs described in subdivisions 23 and 28, of no less than five

50.2 percent compared to the previous calendar year until the final performance target is reached.

50.3 The withheld funds must be returned no sooner than July 1 and no later than July 31 of 50.4 the following calendar year if the managed care plan or county-based purchasing plan 50.5 demonstrates to the satisfaction of the commissioner that a qualifying reduction in the 50.6 subsequent hospitalization rate was achieved. The commissioner shall structure the withhold 50.7 so that the commissioner returns a portion of the withheld funds in amounts commensurate 50.8 with achieved reductions in utilization less than the targeted amount.

50.9 The withhold described in this paragraph must continue for each consecutive contract 50.10 period until the plan's subsequent hospitalization rate for medical assistance and 50.11 MinnesotaCare enrollees, excluding enrollees in programs described in subdivisions 23 and 50.12 28, is reduced by 25 percent of the plan's subsequent hospitalization rate for calendar year 50.13 2011. Hospitals shall cooperate with the plans in meeting this performance target and shall accept payment withholds that must be returned to the hospitals if the performance target 50.15 is achieved.

50.16 (h) (e) Effective for services rendered on or after January 1, 2013, through December 50.17 31, 2013, the commissioner shall withhold 4.5 percent of managed care plan payments under 50.18 this section and county-based purchasing plan payments under section 256B.692 for the 50.19 prepaid medical assistance program. The withheld funds must be returned no sooner than 50.20 July 1 and no later than July 31 of the following year. The commissioner may exclude 50.21 special demonstration projects under subdivision 23.

50.22 (i) (f) Effective for services rendered on or after January 1, 2014, the commissioner shall
50.23 withhold three percent of managed care plan payments under this section and county-based
50.24 purchasing plan payments under section 256B.692 for the prepaid medical assistance
50.25 program. The withheld funds must be returned no sooner than July 1 and no later than July
50.26 31 of the following year. The commissioner may exclude special demonstration projects
50.27 under subdivision 23.

50.28 (j) (g) A managed care plan or a county-based purchasing plan under section 256B.692 50.29 may include as admitted assets under section 62D.044 any amount withheld under this 50.30 section that is reasonably expected to be returned.

50.31 (k) (h) Contracts between the commissioner and a prepaid health plan are exempt from 50.32 the set-aside and preference provisions of section 16C.16, subdivisions 6, paragraph (a), 50.33 and 7.

51.1 (<u>h) (i)</u> The return of the withhold under paragraphs (h) and (i) is not subject to the 51.2 requirements of paragraph (c).

(m) (j) Managed care plans and county-based purchasing plans shall maintain current 51.3 and fully executed agreements for all subcontractors, including bargaining groups, for 51.4 administrative services that are expensed to the state's public health care programs. 51.5 Subcontractor agreements determined to be material, as defined by the commissioner after 51.6 taking into account state contracting and relevant statutory requirements, must be in the 51.7 51.8 form of a written instrument or electronic document containing the elements of offer, acceptance, consideration, payment terms, scope, duration of the contract, and how the 51.9 subcontractor services relate to state public health care programs. Upon request, the 51.10 commissioner shall have access to all subcontractor documentation under this paragraph. 51.11 Nothing in this paragraph shall allow release of information that is nonpublic data pursuant 51.12 to section 13.02. 51.13

Assets disposed of as a result of a construction project and 159.22 applicable credits must be deducted from the cost of the construction project. 159.23

(f) For construction projects approved under section 144A.073, allowable debt may
never exceed the lesser of the cost of the assets purchased, the threshold limit in section
144A.071, subdivision 2, or the replacement-cost-new limit less previously existing capital
debt.

(g) For construction projects that were not approved under section 144A.073, allowable debt is limited to the lesser of the threshold in section 144A.071, subdivision 2, for such construction projects or the applicable limit in paragraph (e), clause (1) or (2), less previously existing capital debt. Amounts of debt taken out that exceed the costs of a construction project shall not be allowed regardless of the use of the funds.

For all construction projects being recognized, interest expense and average debt shall
be computed based on the first 12 months following project completion. "Previously existing

160.1 capital debt" means capital debt recognized on the last rate determined under section

160.2 256B.431 and Minnesota Rules, parts 9549.0010 to 9549.0080, and the amount of debt

recognized for a construction project for which the facility received a rate adjustment whenits rates were determined under this section.

For a total replacement project as defined in section 256B.431, subdivision 17d, the value of previously existing capital debt shall be zero.

(h) In addition to the interest expense allowed from the application of paragraph (f), the
amounts allowed under section 256B.431, subdivision 17a, paragraph (a), clauses (2) and
(3), will be added to interest expense.

(i) The equity portion of the construction project shall be computed as the allowable
assets in paragraph (e), less the average debt in paragraph (f). The equity portion must be
multiplied by 5.66 percent and the allowable interest expense in paragraph (f) must be added.
This sum must be divided by 95 percent of capacity days to compute the construction project
rate adjustment.

(j) For projects that are not a total replacement of a nursing facility, the amount in
paragraph (i) is adjusted for nonreimbursable areas and then added to the current property
payment rate of the facility.

(k) For projects that are a total replacement of a nursing facility, the amount in paragraph (i) becomes the new property payment rate after being adjusted for nonreimbursable areas. Any amounts existing in a facility's rate before the effective date of the construction project for equity incentives under section 256B.431, subdivision 16; capital repairs and replacements under section 256B.431, subdivision 15; or refinancing incentives under section 256B.431, subdivision 19, shall be removed from the facility's rates.

(1) No additional equipment allowance is allowed under Minnesota Rules, part 9549.0060,
subpart 10, as the result of construction projects under this section. Allowable equipment
shall be included in the construction project costs.

(m) Capital assets purchased after the completion date of a construction project shall be
counted as construction project costs for any future rate adjustment request made by a facility
under section 144A.071, subdivision 2, <u>clause (a) paragraph (c)</u>, <u>clause (1)</u>, if they are
purchased within 24 months of the completion of the future construction project.

(n) In subsequent rate years, the property payment rate for a facility that results fromthe application of this subdivision shall be the amount inflated in subdivision 4.

160

161.1 (o) Construction projects are eligible for an equity incentive under section 256B.431,

subdivision 16. When computing the equity incentive for a construction project under this

subdivision, only the allowable costs and allowable debt related to the construction project

161.4 shall be used. The equity incentive shall not be a part of the property payment rate and not

161.5 inflated under subdivision 4. Effective October 1, 2006, all equity incentives for nursing

161.6 facilities reimbursed under this section shall be allowed for a duration determined under

161.7 section 256B.431, subdivision 16, paragraph (c).

161.8 Sec. 82. EFFECTIVE DATE CHANGE.

161.9 The effective date for 2023 H.F. 100, article 6, section 24, if enacted during the 2023

161.10 regular legislative session, is July 1, 2023. This section prevails over any contrary effective

171.1 Sec. 13. Minnesota Statutes 2022, section 121A.335, is amended to read:

171.2 **121A.335 LEAD IN SCHOOL DRINKING WATER.**

Subdivision 1. Model plan. The commissioners of health and education shall jointly 171.3 develop a model plan to require school districts to accurately and efficiently test for the 171.4 presence of lead in water in public school buildings serving students in kindergarten through 171.5 grade 12. To the extent possible, the commissioners shall base the plan on the standards 171.6 established by the United States Environmental Protection Agency. The plan may be based 171.7 on the technical guidance in the Department of Health's document, "Reducing Lead in 171.8 Drinking Water: A Technical Guidance for Minnesota's School and Child Care Facilities." 171.9 The plan must include recommendations for remediation efforts when testing reveals the 171.10 presence of lead at or above five parts per billion. 171.11

Subd. 2. School plans. (a) By July 1, 2018, the board of each school district or charter school must adopt the commissioners' model plan or develop and adopt an alternative plan to accurately and efficiently test for the presence of lead in water in school buildings serving prekindergarten students and students in kindergarten through grade 12.

(b) By July 1, 2024, a school district or charter school must revise its plan to include its

171.17 policies and procedures for ensuring consistent water quality throughout the district's or

171.18 charter school's facilities. The plan must document the routine water management strategies

171.19 and procedures used in each building or facility to maintain water quality and reduce exposure

171.20 to lead. A district or charter school must base the plan on the United States Environmental

171.21 Protection Agency's "Ensuring Drinking Water Quality in Schools During and After Extended

171.22 Closures" fact sheet and the United States Environmental Protection Agency's "3Ts Toolkit

171.23 for Reducing Lead in Drinking Water in Schools and Child Care Facilities" manual. A

171.24 district or charter school's plan must be publicly available upon request.

Subd. 3. Frequency of testing. (a) The plan under subdivision 2 must include a testing schedule for every building serving prekindergarten through grade 12 students. The schedule must require that each building be tested at least once every five years. A school district or charter school must begin testing school buildings by July 1, 2018, and complete testing of all buildings that serve students within five years.

(b) A school district or charter school that finds lead at a specific location providing
cooking or drinking water within a facility must formulate, make publicly available, and
implement a plan that is consistent with established guidelines and recommendations to
ensure that student exposure to lead is minimized reduced to below five parts per billion as
verified by a retest. This includes, when a school district or charter school finds the presence

172.1 of lead at a level where action should be taken as set by the guidance at or above five parts

172.2 per billion in any water source fixture that can provide cooking or drinking water,

immediately shutting off the water source fixture or making it unavailable until the hazard

172.4 has been minimized remediated as verified by a retest.

172.5 (c) A school district or charter school must test for the presence of lead after completing

172.6 remediation activities required under this section to confirm that the water contains lead at

172.7 <u>a level below five parts per billion.</u>

Subd. 4. Ten-year facilities plan. A school district may include lead testing and
remediation as a part of its ten-year facilities plan under section 123B.595.

Subd. 5. Reporting. (a) A school district or charter school that has tested its buildings
for the presence of lead shall make the results of the testing available to the public for review

172.12 and must notify parents of the availability of the information. School districts and charter

172.13 schools must follow the actions outlined in guidance from the commissioners of health and

172.14 education. must send parents an annual notice that includes the district's or charter school's

172.15 annual testing and remediation plan, information about how to find test results, and a

172.16 description of remediation efforts on the district website. The district or charter school must

172.17 update the lead testing and remediation information on its website at least annually. In

172.18 addition to the annual notice, the district or charter school must include in an official school

172.19 handbook or official school policy guide information on how parents may find the test

172.20 results and a description of remediation efforts on the district or charter school website and

172.21 how often this information is updated.

(b) If a test conducted under subdivision 3, paragraph (a), reveals the presence of lead
at or above a level where action should be taken as set by the guidance five parts per billion,
the school district or charter school must, within 30 days of receiving the test result, either
remediate the presence of lead to below the level set in guidance five parts per billion,
verified by retest, or directly notify parents of the test result. The school district or charter

172.27 school must make the water source unavailable until the hazard has been minimized.

(c) Starting July 1, 2024, school districts and charter schools must report their test results and remediation activities to the commissioner of health in the form and manner determined by the commissioner in consultation with school districts and charter schools, by July 1 of each year. The commissioner of health must post and annually update the test results and

172.32 remediation efforts on the department website by school site.

172.33 (d) A district or charter school must maintain a record of lead testing results and

172.34 remediation activities for at least 15 years.

Subd. 6. Public water systems. (a) A district or charter school is not financially 173.1 responsible for remediation of documented elevated lead levels in drinking water caused 173.2 173.3 by the presence of lead infrastructure owned by a public water supply utility providing water to the school facility, such as lead service lines, meters, galvanized service lines downstream 173.4 of lead, or lead connectors. The district or charter school must communicate with the public 173.5 water system regarding its documented significant contribution to lead contamination in 173.6 school drinking water and request from the public water system a plan for reducing the lead 173.7 173.8 contamination. (b) If the infrastructure is jointly owned by a district or charter school and a public water 173.9 supply utility, the district or charter school must attempt to coordinate any needed 173.10 replacements of lead service lines with the public water supply utility. 173.11 (c) A district or charter school may defer its remediation activities under this section 173.12 until after the elevated lead level in the public water system's infrastructure is remediated 173.13 and postremediation testing does not detect an elevated lead level in the drinking water that 173.14 passes through that infrastructure. A district or charter school may also defer its remediation 173.15 activities if the public water supply exceeds the federal Safe Drinking Water Act lead action 173.16 level or is in violation of the Safe Drinking Water Act Lead and Copper Rule. 173.17 Subd. 7. Commissioner recommendations. By January 1, 2026, and every five years 173.18 thereafter, the commissioner of health must report to the legislative committees having 173.19 jurisdiction over health and kindergarten through grade 12 education any recommended 173.20

On a motion for modification of support, the court:

(1) shall apply section 518A.35, and shall not consider the financial circumstances ofeach party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

252.31 (ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, orovertime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affectinga support or maintenance obligation;

any net income from excess employment must be used to pay the arrearages until the
arrearages are paid in full.

(f) A modification of support or maintenance, including interest that accrued pursuant 253.10 to section 548.091, may be made retroactive only with respect to any period during which 253.11 the petitioning party has pending a motion for modification but only from the date of service 253.12 of notice of the motion on the responding party and on the public authority if public assistance 253.13 is being furnished or the county attorney is the attorney of record, unless the court adopts 253.14 an alternative effective date under paragraph (1). The court's adoption of an alternative 253.15 effective date under paragraph (l) shall not be considered a retroactive modification of 253.16 maintenance or support. 253.17

(g) Except for an award of the right of occupancy of the homestead, provided in section 253.18 518.63, all divisions of real and personal property provided by section 518.58 shall be final, 253.19 and may be revoked or modified only where the court finds the existence of conditions that 253.20 justify reopening a judgment under the laws of this state, including motions under section 253.21 518.145, subdivision 2. The court may impose a lien or charge on the divided property at 253.22 any time while the property, or subsequently acquired property, is owned by the parties or 253.23 either of them, for the payment of maintenance or support money, or may sequester the 253.24 property as is provided by section 518A.71. 253.25

(h) The court need not hold an evidentiary hearing on a motion for modification ofmaintenance or support.

(i) Sections 518.14 and 518A.735 shall govern the award of attorney fees for motionsbrought under this subdivision.

(j) An enactment, amendment, or repeal of law constitutes a substantial change in the
circumstances for purposes of modifying a child support order when it meets the standards
for modification in this section.

(k) On the first modification following implementation of amended child support guidelines, the modification of basic support may be limited if the amount of the full variance would create hardship for either the obligor or the obligee. Hardship includes, but is not limited to, eligibility for assistance under chapter 256J.

 275.22 when available or estimates of clinical training costs based on audited financial data;

275.23 (2) a description of current sources of funding for clinical medical education costs,

275.24 including a description and dollar amount of all state and federal financial support, including

275.25 Medicare direct and indirect payments; and

275.26 (3) other revenue received for the purposes of clinical training.

275.27 (e) (d) An applicant that does not provide information requested by the commissioner 275.28 shall not be eligible for funds for the current applicable funding cycle.

275.29 Sec. 3. Minnesota Statutes 2022, section 62J.692, subdivision 4, is amended to read:

275.30 Subd. 4. **Distribution of funds.** (a) The commissioner shall annually distribute the

275.31 available medical education funds revenue credited or money transferred to the medical

education and research costs account under subdivision 8 and section 297F.10, subdivision

<u>1, clause (2), to all qualifying applicants based on a public program volume factor, which</u>
is determined by the total volume of public program revenue received by each training site
as a percentage of all public program revenue received by all training sites in the fund pool.

Public program revenue for the distribution formula includes revenue from medical 276.4 assistance and prepaid medical assistance. Training sites that receive no public program 276.5 revenue are ineligible for funds available under this subdivision. For purposes of determining 276.6 training-site level grants to be distributed under this paragraph, total statewide average costs 276.7 276.8 per trainee for medical residents is based on audited clinical training costs per trainee in primary care clinical medical education programs for medical residents. Total statewide 276.9 average costs per trainee for dental residents is based on audited clinical training costs per 276.10 trainee in clinical medical education programs for dental students. Total statewide average 276.11 costs per trainee for pharmacy residents is based on audited elinical training costs per trainee 276.12 in clinical medical education programs for pharmacy students. 276.13

Training sites whose training site level grant is less than \$5,000, based on the formula formulas described in this paragraph subdivision, or that train fewer than 0.1 FTE eligible trainees, are ineligible for funds available under this subdivision. No training sites shall receive a grant per FTE trainee that is in excess of the 95th percentile grant per FTE across all eligible training sites; grants in excess of this amount will be redistributed to other eligible sites based on the formula formulas described in this paragraph subdivision.

(b) For funds distributed in fiscal years 2014 and 2015, the distribution formula shall 276.20 include a supplemental public program volume factor, which is determined by providing a 276.21 supplemental payment to training sites whose public program revenue accounted for at least 276.22 0.98 percent of the total public program revenue received by all eligible training sites. The 276.23 supplemental public program volume factor shall be equal to ten percent of each training 276.24 site's grant for funds distributed in fiscal year 2014 and for funds distributed in fiscal year 276.25 2015. Grants to training sites whose public program revenue accounted for less than 0.98 276.26 percent of the total public program revenue received by all eligible training sites shall be 276.27 reduced by an amount equal to the total value of the supplemental payment. For fiscal year 276.28 2016 and beyond, the distribution of funds shall be based solely on the public program 276.29 volume factor as described in paragraph (a). Money appropriated through the state general 276.30 fund, the health care access fund, and any additional fund for the purpose of funding medical 276.31 education and research costs and that does not require federal approval must be awarded 276.32 only to eligible training sites that do not qualify for a medical education and research cost 276.33 rate factor under sections 256.969, subdivision 2b, paragraph (k), or 256B.75, paragraph 276.34 (b). The commissioner shall distribute the available medical education money appropriated 276.35

to eligible training sites that do not qualify for a medical education and research cost rate

277.2 <u>factor based on a distribution formula determined by the commissioner. The distribution</u>

277.3 formula under this paragraph must consider clinical training costs, public program revenues,

and other factors identified by the commissioner that address the objective of supporting

277.5 clinical training.

(c) Funds distributed shall not be used to displace current funding appropriations fromfederal or state sources.

(d) Funds shall be distributed to the sponsoring institutions indicating the amount to be 277.8 distributed to each of the sponsor's clinical medical education programs based on the criteria 277.9 in this subdivision and in accordance with the commissioner's approval letter. Each clinical 277.10 medical education program must distribute funds allocated under paragraphs (a) and (b) to 277.11 the training sites as specified in the commissioner's approval letter. Sponsoring institutions, 277.12 which are accredited through an organization recognized by the Department of Education 277.13 or the Centers for Medicare and Medicaid Services, may contract directly with training sites 277.14 to provide clinical training. To ensure the quality of clinical training, those accredited 277.15 sponsoring institutions must: 277.16

(1) develop contracts specifying the terms, expectations, and outcomes of the clinicaltraining conducted at sites; and

(2) take necessary action if the contract requirements are not met. Action may include
 the withholding of payments disqualifying the training site under this section or the removal
 of students from the site.

(e) Use of funds is limited to expenses related to <u>eligible</u> clinical training program costs
for eligible programs. The commissioner shall develop a methodology for determining
eligible costs.

(f) Any funds not that cannot be distributed in accordance with the commissioner's
approval letter must be returned to the medical education and research fund within 30 days
of receiving notice from the commissioner. The commissioner shall distribute returned
funds to the appropriate training sites in accordance with the commissioner's approval letter.
When appropriate, the commissioner shall include the undistributed money in the subsequent
distribution cycle using the applicable methodology described in this subdivision.

(g) A maximum of \$150,000 of the funds dedicated to the commissioner under section
 277.32 297F.10, subdivision 1, clause (2), may be used by the commissioner for administrative
 expenses associated with implementing this section.

278.1 Sec. 4. Minnesota Statutes 2022, section 62J.692, subdivision 5, is amended to read:

Subd. 5. Report. (a) Sponsoring institutions receiving funds under this section must 278.2 sign and submit a medical education grant verification report (GVR) to verify that the correct 278.3 grant amount was forwarded to each eligible training site. If the sponsoring institution fails 278.4 to submit the GVR by the stated deadline, or to request and meet the deadline for an 278.5 extension, the sponsoring institution is required to return the full amount of funds received 278.6 to the commissioner within 30 days of receiving notice from the commissioner. The 278.7 278.8 commissioner shall distribute returned funds to the appropriate training sites in accordance with the commissioner's approval letter. 278.9

(b) The reports must provide verification of the distribution of the funds and must include:

278.11 (1) the total number of eligible trainee FTEs in each clinical medical education program;

(2) the name of each funded program and, for each program, the dollar amount distributed
 to each training site and a training site expenditure report;

(3) (1) documentation of any discrepancies between the initial grant distribution notice included in the commissioner's approval letter and the actual distribution;

(4) (2) a statement by the sponsoring institution stating that the completed grant verification report is valid and accurate; and

278.18 (5)(3) other information the commissioner deems appropriate to evaluate the effectiveness 278.19 of the use of funds for medical education.

(c) Each year, the commissioner shall provide an annual summary report to the legislature
 on the implementation of this section. This report is exempt from section 144.05, subdivision
 278.22 7.

278.23 Sec. 5. Minnesota Statutes 2022, section 62J.692, subdivision 8, is amended to read:

Subd. 8. Federal financial participation. The commissioner of human services shall seek to maximize federal financial participation in payments for the dedicated revenue for medical education and research costs provided under section 297F.10, subdivision 1, clause (2).

The commissioner shall use physician clinic rates where possible to maximize federal financial participation. Any additional funds that become available must be distributed under subdivision 4, paragraph (a).

279.1 Sec. 6. Minnesota Statutes 2022, section 144.1501, subdivision 2, is amended to read:

279.2 Subd. 2. Creation of account. (a) A health professional education loan forgiveness 279.3 program account is established. The commissioner of health shall use money from the 279.4 account to establish a loan forgiveness program:

(1) for medical residents, mental health professionals, and alcohol and drug counselors
agreeing to practice in designated rural areas or underserved urban communities or
specializing in the area of pediatric psychiatry;

(2) for midlevel practitioners agreeing to practice in designated rural areas or to teach
at least 12 credit hours, or 720 hours per year in the nursing field in a postsecondary program
at the undergraduate level or the equivalent at the graduate level;

(3) for nurses who agree to practice in a Minnesota nursing home; in an intermediate 279.11 care facility for persons with developmental disability; in a hospital if the hospital owns 279.12 and operates a Minnesota nursing home and a minimum of 50 percent of the hours worked 279.13 by the nurse is in the nursing home; a housing with services establishment in an assisted 279.14 living facility as defined in section 144D.01 144G.08, subdivision 4 7; or for a home care 279.15 provider as defined in section 144A.43, subdivision 4; or agree to teach at least 12 credit 279.16 hours, or 720 hours per year in the nursing field in a postsecondary program at the 279.17 undergraduate level or the equivalent at the graduate level; 279.18

(4) for other health care technicians agreeing to teach at least 12 credit hours, or 720
hours per year in their designated field in a postsecondary program at the undergraduate
level or the equivalent at the graduate level. The commissioner, in consultation with the
Healthcare Education-Industry Partnership, shall determine the health care fields where the
need is the greatest, including, but not limited to, respiratory therapy, clinical laboratory
technology, radiologic technology, and surgical technology;

(5) for pharmacists, advanced dental therapists, dental therapists, and public health nurses
who agree to practice in designated rural areas; and

(6) for dentists agreeing to deliver at least 25 percent of the dentist's yearly patient
encounters to state public program enrollees or patients receiving sliding fee schedule
discounts through a formal sliding fee schedule meeting the standards established by the
United States Department of Health and Human Services under Code of Federal Regulations,
title 42, section 51, chapter 303.

(b) Appropriations made to the account do not cancel and are available until expended,
except that at the end of each biennium, any remaining balance in the account that is not

committed by contract and not needed to fulfill existing commitments shall cancel to thefund.

280.3 Sec. 7. Minnesota Statutes 2022, section 144.1506, subdivision 4, is amended to read:

Subd. 4. Consideration of expansion grant applications. The commissioner shall 280.4 review each application to determine whether or not the residency program application is 280.5 complete and whether the proposed new residency program and any new residency slots 280.6 are eligible for a grant. The commissioner shall award grants to support up to six family 280.7 medicine, general internal medicine, or general pediatrics residents; four five psychiatry 280.8 residents; two geriatrics residents; and two general surgery residents. Sec. 12. Minnesota Statutes 2022, section 245.4663, subdivision 4, is amended to read: 283.9

Subd. 4. Allowable uses of grant funds. A mental health provider must use grant funds 283.10 received under this section for one or more of the following: 283.11

(1) to pay for direct supervision hours or preceptorships for students, interns, and clinical 283.12 trainees, in an amount up to \$7,500 per student, intern, or clinical trainee; 283.13

(2) to establish a program to provide supervision to multiple students, interns, or clinical 283.14 trainees; or 283.15

(3) to pay licensing application and examination fees for clinical trainees-; or 283.16

Sec. 13. Minnesota Statutes 2022, section 256.969, subdivision 2b, is amended to read: 283.18

Subd. 2b. Hospital payment rates. (a) For discharges occurring on or after November 283.19 1, 2014, hospital inpatient services for hospitals located in Minnesota shall be paid according 283.20 to the following: 283.21

(1) critical access hospitals as defined by Medicare shall be paid using a cost-based 283.22 methodology; 283.23

(2) long-term hospitals as defined by Medicare shall be paid on a per diem methodology 283.24 under subdivision 25; 283.25

(3) rehabilitation hospitals or units of hospitals that are recognized as rehabilitation 283.26 distinct parts as defined by Medicare shall be paid according to the methodology under 283.27 subdivision 12; and 283.28

(4) all other hospitals shall be paid on a diagnosis-related group (DRG) methodology. 283.29

(b) For the period beginning January 1, 2011, through October 31, 2014, rates shall not 283.30 be rebased, except that a Minnesota long-term hospital shall be rebased effective January

283.31

1, 2011, based on its most recent Medicare cost report ending on or before September 1,
2008, with the provisions under subdivisions 9 and 23, based on the rates in effect on
December 31, 2010. For rate setting periods after November 1, 2014, in which the base
years are updated, a Minnesota long-term hospital's base year shall remain within the same
period as other hospitals.

(c) Effective for discharges occurring on and after November 1, 2014, payment rates 284.6 for hospital inpatient services provided by hospitals located in Minnesota or the local trade 284.7 284.8 area, except for the hospitals paid under the methodologies described in paragraph (a), clauses (2) and (3), shall be rebased, incorporating cost and payment methodologies in a 284.9 manner similar to Medicare. The base year or years for the rates effective November 1, 284.10 2014, shall be calendar year 2012. The rebasing under this paragraph shall be budget neutral, 284.11 ensuring that the total aggregate payments under the rebased system are equal to the total 284.12 aggregate payments that were made for the same number and types of services in the base 284.13 year. Separate budget neutrality calculations shall be determined for payments made to 284.14 critical access hospitals and payments made to hospitals paid under the DRG system. Only 284.15 the rate increases or decreases under subdivision 3a or 3c that applied to the hospitals being 284.16 rebased during the entire base period shall be incorporated into the budget neutrality 284.17 calculation. 284.18

(d) For discharges occurring on or after November 1, 2014, through the next rebasing that occurs, the rebased rates under paragraph (c) that apply to hospitals under paragraph (a), clause (4), shall include adjustments to the projected rates that result in no greater than a five percent increase or decrease from the base year payments for any hospital. Any adjustments to the rates made by the commissioner under this paragraph and paragraph (e) shall maintain budget neutrality as described in paragraph (c).

(e) For discharges occurring on or after November 1, 2014, the commissioner may make
additional adjustments to the rebased rates, and when evaluating whether additional
adjustments should be made, the commissioner shall consider the impact of the rates on the
following:

- 284.29 (1) pediatric services;
- 284.30 (2) behavioral health services;

284.31 (3) trauma services as defined by the National Uniform Billing Committee;

284.32 (4) transplant services;

(5) obstetric services, newborn services, and behavioral health services provided by
 hospitals outside the seven-county metropolitan area;

285.3 (6) outlier admissions;

285.4 (7) low-volume providers; and

285.5 (8) services provided by small rural hospitals that are not critical access hospitals.

285.6 (f) Hospital payment rates established under paragraph (c) must incorporate the following:

(1) for hospitals paid under the DRG methodology, the base year payment rate per
admission is standardized by the applicable Medicare wage index and adjusted by the
hospital's disproportionate population adjustment;

(2) for critical access hospitals, payment rates for discharges between November 1, 2014,
and June 30, 2015, shall be set to the same rate of payment that applied for discharges on
October 31, 2014;

(3) the cost and charge data used to establish hospital payment rates must only reflectinpatient services covered by medical assistance; and

(4) in determining hospital payment rates for discharges occurring on or after the rate year beginning January 1, 2011, through December 31, 2012, the hospital payment rate per discharge shall be based on the cost-finding methods and allowable costs of the Medicare program in effect during the base year or years. In determining hospital payment rates for discharges in subsequent base years, the per discharge rates shall be based on the cost-finding methods and allowable costs of the Medicare program in effect during the base year or years.

(g) The commissioner shall validate the rates effective November 1, 2014, by applying the rates established under paragraph (c), and any adjustments made to the rates under paragraph (d) or (e), to hospital claims paid in calendar year 2013 to determine whether the total aggregate payments for the same number and types of services under the rebased rates are equal to the total aggregate payments made during calendar year 2013.

(h) Effective for discharges occurring on or after July 1, 2017, and every two years
thereafter, payment rates under this section shall be rebased to reflect only those changes
in hospital costs between the existing base year or years and the next base year or years. In
any year that inpatient claims volume falls below the threshold required to ensure a
statistically valid sample of claims, the commissioner may combine claims data from two
consecutive years to serve as the base year. Years in which inpatient claims volume is
reduced or altered due to a pandemic or other public health emergency shall not be used as

a base year or part of a base year if the base year includes more than one year. Changes in 286.1 costs between base years shall be measured using the lower of the hospital cost index defined 286.2 in subdivision 1, paragraph (a), or the percentage change in the case mix adjusted cost per 286.3 claim. The commissioner shall establish the base year for each rebasing period considering 286.4 the most recent year or years for which filed Medicare cost reports are available. The 286.5 estimated change in the average payment per hospital discharge resulting from a scheduled 286.6 rebasing must be calculated and made available to the legislature by January 15 of each 286.7 286.8 year in which rebasing is scheduled to occur, and must include by hospital the differential in payment rates compared to the individual hospital's costs. 286.9

(i) Effective for discharges occurring on or after July 1, 2015, inpatient payment rates 286.10 for critical access hospitals located in Minnesota or the local trade area shall be determined 286.11 using a new cost-based methodology. The commissioner shall establish within the 286.12 methodology tiers of payment designed to promote efficiency and cost-effectiveness. 286.13 Payment rates for hospitals under this paragraph shall be set at a level that does not exceed 286.14 the total cost for critical access hospitals as reflected in base year cost reports. Until the 286.15 next rebasing that occurs, the new methodology shall result in no greater than a five percent 286.16 decrease from the base year payments for any hospital, except a hospital that had payments 286.17 that were greater than 100 percent of the hospital's costs in the base year shall have their 286.18 rate set equal to 100 percent of costs in the base year. The rates paid for discharges on and 286.19 after July 1, 2016, covered under this paragraph shall be increased by the inflation factor 286.20 in subdivision 1, paragraph (a). The new cost-based rate shall be the final rate and shall not 286.21 be settled to actual incurred costs. Hospitals shall be assigned a payment tier based on the 286.22 following criteria: 286.23

(1) hospitals that had payments at or below 80 percent of their costs in the base year
shall have a rate set that equals 85 percent of their base year costs;

(2) hospitals that had payments that were above 80 percent, up to and including 90
percent of their costs in the base year shall have a rate set that equals 95 percent of their
base year costs; and

(3) hospitals that had payments that were above 90 percent of their costs in the base year
shall have a rate set that equals 100 percent of their base year costs.

(j) The commissioner may refine the payment tiers and criteria for critical access hospitals
to coincide with the next rebasing under paragraph (h). The factors used to develop the new
methodology may include, but are not limited to:

(1) the ratio between the hospital's costs for treating medical assistance patients and thehospital's charges to the medical assistance program;

(2) the ratio between the hospital's costs for treating medical assistance patients and the
hospital's payments received from the medical assistance program for the care of medical
assistance patients;

(3) the ratio between the hospital's charges to the medical assistance program and the
hospital's payments received from the medical assistance program for the care of medical
assistance patients;

287.9 (4) the statewide average increases in the ratios identified in clauses (1), (2), and (3);

287.10 (5) the proportion of that hospital's costs that are administrative and trends in

287.11 administrative costs; and

287.12 (6) geographic location.

287.13 (k) Effective for discharges occurring on or after January 1, 2024, the rates paid to

hospitals described in paragraph (a), clauses (2) to (4), must include a rate factor specific

287.15 to each hospital that qualifies for a medical education and research cost distribution under
287.16 section 62J.692, subdivision 4, paragraph (a).

287.17 Sec. 14. Minnesota Statutes 2022, section 256B.75, is amended to read:

287.18 **256B.75 HOSPITAL OUTPATIENT REIMBURSEMENT.**

(a) For outpatient hospital facility fee payments for services rendered on or after October 287.19 1, 1992, the commissioner of human services shall pay the lower of (1) submitted charge, 287.20 or (2) 32 percent above the rate in effect on June 30, 1992, except for those services for 287.21 which there is a federal maximum allowable payment. Effective for services rendered on 287.22 or after January 1, 2000, payment rates for nonsurgical outpatient hospital facility fees and 287.23 emergency room facility fees shall be increased by eight percent over the rates in effect on 287.24 December 31, 1999, except for those services for which there is a federal maximum allowable 287.25 payment. Services for which there is a federal maximum allowable payment shall be paid 287.26 at the lower of (1) submitted charge, or (2) the federal maximum allowable payment. Total 287.27 aggregate payment for outpatient hospital facility fee services shall not exceed the Medicare 287.28 upper limit. If it is determined that a provision of this section conflicts with existing or 287.29 future requirements of the United States government with respect to federal financial 287.30 participation in medical assistance, the federal requirements prevail. The commissioner 287.31 may, in the aggregate, prospectively reduce payment rates to avoid reduced federal financial 287.32 participation resulting from rates that are in excess of the Medicare upper limitations. 287.33

(b) Notwithstanding paragraph (a), payment for outpatient, emergency, and ambulatory 288.1 surgery hospital facility fee services for critical access hospitals designated under section 288.2 144.1483, clause (9), shall be paid on a cost-based payment system that is based on the 288.3 cost-finding methods and allowable costs of the Medicare program. Effective for services 288.4 provided on or after July 1, 2015, rates established for critical access hospitals under this 288.5 paragraph for the applicable payment year shall be the final payment and shall not be settled 288.6 to actual costs. Effective for services delivered on or after the first day of the hospital's fiscal 288.7 288.8 year ending in 2017, the rate for outpatient hospital services shall be computed using information from each hospital's Medicare cost report as filed with Medicare for the year 288.9 that is two years before the year that the rate is being computed. Rates shall be computed 288.10 using information from Worksheet C series until the department finalizes the medical 288.11 assistance cost reporting process for critical access hospitals. After the cost reporting process 288.12 is finalized, rates shall be computed using information from Title XIX Worksheet D series. 288.13 The outpatient rate shall be equal to ancillary cost plus outpatient cost, excluding costs 288.14 related to rural health clinics and federally qualified health clinics, divided by ancillary 288.15 charges plus outpatient charges, excluding charges related to rural health clinics and federally 288.16 qualified health clinics. Effective for services delivered on or after January 1, 2024, the 288.17 rates paid to critical access hospitals under this section must be adjusted to include the 288.18 amount of any distributions under section 62J.692, subdivision 4, paragraph (a), that were 288.19 not included in the rate adjustment described under section 256.969, subdivision 2b, 288.20 paragraph (k). 288.21

(c) Effective for services provided on or after July 1, 2003, rates that are based on the 288.22 Medicare outpatient prospective payment system shall be replaced by a budget neutral 288.23 prospective payment system that is derived using medical assistance data. The commissioner 288.24 shall provide a proposal to the 2003 legislature to define and implement this provision. 288.25 When implementing prospective payment methodologies, the commissioner shall use general 288.26 methods and rate calculation parameters similar to the applicable Medicare prospective 288.27 payment systems for services delivered in outpatient hospital and ambulatory surgical center 288.28 settings unless other payment methodologies for these services are specified in this chapter. 288.29

(d) For fee-for-service services provided on or after July 1, 2002, the total payment,
before third-party liability and spenddown, made to hospitals for outpatient hospital facility
services is reduced by .5 percent from the current statutory rate.

(e) In addition to the reduction in paragraph (d), the total payment for fee-for-service
services provided on or after July 1, 2003, made to hospitals for outpatient hospital facility
services before third-party liability and spenddown, is reduced five percent from the current

statutory rates. Facilities defined under section 256.969, subdivision 16, are excluded fromthis paragraph.

(f) In addition to the reductions in paragraphs (d) and (e), the total payment for
fee-for-service services provided on or after July 1, 2008, made to hospitals for outpatient
hospital facility services before third-party liability and spenddown, is reduced three percent
from the current statutory rates. Mental health services and facilities defined under section
289.7 256.969, subdivision 16, are excluded from this paragraph.

289.8 Sec. 15. Minnesota Statutes 2022, section 297F.10, subdivision 1, is amended to read:

379.12 Sec. 7. Minnesota Statutes 2022, section 245A.04, subdivision 1, is amended to read:

Subdivision 1. Application for licensure. (a) An individual, organization, or government 379.13 entity that is subject to licensure under section 245A.03 must apply for a license. The 379.14 application must be made on the forms and in the manner prescribed by the commissioner. 379.15 The commissioner shall provide the applicant with instruction in completing the application 379.16 and provide information about the rules and requirements of other state agencies that affect 379.17 the applicant. An applicant seeking licensure in Minnesota with headquarters outside of 379.18 Minnesota must have a program office located within 30 miles of the Minnesota border. 379.19 An applicant who intends to buy or otherwise acquire a program or services licensed under 379.20 this chapter that is owned by another license holder must apply for a license under this 379.21 chapter and comply with the application procedures in this section and section 245A.03. 379.22

The commissioner shall act on the application within 90 working days after a complete application and any required reports have been received from other state agencies or departments, counties, municipalities, or other political subdivisions. The commissioner shall not consider an application to be complete until the commissioner receives all of the required information.

When the commissioner receives an application for initial licensure that is incomplete because the applicant failed to submit required documents or that is substantially deficient because the documents submitted do not meet licensing requirements, the commissioner shall provide the applicant written notice that the application is incomplete or substantially deficient. In the written notice to the applicant the commissioner shall identify documents that are missing or deficient and give the applicant 45 days to resubmit a second application

that is substantially complete. An applicant's failure to submit a substantially complete
application after receiving notice from the commissioner is a basis for license denial under
section 245A.05.

(b) An application for licensure must identify all controlling individuals as defined in 380.4 section 245A.02, subdivision 5a, and must designate one individual to be the authorized 380.5 agent. By submitting an 380.7 380.8 application for licensure, the authorized agent consents to electronic communication with the commissioner throughout the application process. The authorized agent must be 380.9 authorized to accept service on behalf of all of the controlling individuals. A government 380.10 entity that holds multiple licenses under this chapter may designate one authorized agent 380.11 for all licenses issued under this chapter or may designate a different authorized agent for 380.12 each license. Service on the authorized agent is service on all of the controlling individuals. 380.13 It is not a defense to any action arising under this chapter that service was not made on each 380.14 controlling individual. The designation of a controlling individual as the authorized agent 380.15 under this paragraph does not affect the legal responsibility of any other controlling individual 380.16 under this chapter. 380.17

(c) An applicant or license holder must have a policy that prohibits license holders,
employees, subcontractors, and volunteers, when directly responsible for persons served
by the program, from abusing prescription medication or being in any manner under the
influence of a chemical that impairs the individual's ability to provide services or care. The
license holder must train employees, subcontractors, and volunteers about the program's
drug and alcohol policy.

(d) An applicant and license holder must have a program grievance procedure that permits
persons served by the program and their authorized representatives to bring a grievance to
the highest level of authority in the program.

(e) The commissioner may limit communication during the application process to the 380.27 authorized agent or the controlling individuals identified on the license application and for 380.28 whom a background study was initiated under chapter 245C. Upon implementation of the 380.29 provider licensing and reporting hub, applicants and license holders must use the hub in the 380.30 manner prescribed by the commissioner. The commissioner may require the applicant, 380.31 except for child foster care, to demonstrate competence in the applicable licensing 380.32 requirements by successfully completing a written examination. The commissioner may 380.33 develop a prescribed written examination format. 380.34

381.1 (f) When an applicant is an individual, the applicant must provide:

(1) the applicant's taxpayer identification numbers including the Social Security number
or Minnesota tax identification number, and federal employer identification number if the
applicant has employees;

381.8 registered with the secretary of state;

(4) if applicable, the applicant's National Provider Identifier (NPI) number and Unique
Minnesota Provider Identifier (UMPI) number; and

of state that includes the complete business name, and if doing business under a different
name, the doing business as (DBA) name, as registered with the secretary of state;

and an order of conditional license to the applicant or license holder. When issuing a

387.3 conditional license, the commissioner shall consider the nature, chronicity, or severity of

387.4 the violation of law or rule and the effect of the violation on the health, safety, or rights of

387.5 persons served by the program. The correction order or conditional license must state the

387.6 following in plain language:

387.28 (3) include documentation to support the allegation of error.

387.29 Upon implementation of the provider licensing and reporting hub, the provider must use

387.30 the hub to request reconsideration. A request for reconsideration does not stay any provisions

or requirements of the correction order. The commissioner's disposition of a request for
reconsideration is final and not subject to appeal under chapter 14.

388.3 (b) This paragraph applies only to licensed family child care providers. A licensed family 388.4 child care provider who requests reconsideration of a correction order under paragraph (a) 388.5 may also request, on a form and in the manner prescribed by the commissioner, that the 388.6 commissioner expedite the review if:

If a request is made by personal 388.25 service, it must be received by the commissioner within ten calendar days after the license 388.26 holder received the order. If the order is issued through the provider hub, the request must 388.27 be received by the commissioner within ten calendar days from the date the commissioner 388.28 issued the order through the hub. The license holder may submit with the request for 388.29 reconsideration written argument or evidence in support of the request for reconsideration. 388.30 A timely request for reconsideration shall stay imposition of the terms of the conditional 388.31 license until the commissioner issues a decision on the request for reconsideration. If the 388.32 commissioner issues a dual order of conditional license under this section and an order to 388.33 pay a fine under section 245A.07, subdivision 3, the license holder has a right to a contested 388.34

389.15 (1) does not comply with applicable law or rule, or who:

(2) has nondisqualifying background study information, as described in section 245C.05,

^{389.20} or is otherwise subject to a background study, and the individual has nondisqualifying

389.21 <u>background study information</u>, as described in section 245C.05, subdivision 4, that reflects

389.22 on the license holder's ability to safely provide care to foster children.

When applying sanctions authorized under this section, the commissioner shall consider the nature, chronicity, or severity of the violation of law or rule and the effect of the violation on the health, safety, or rights of persons served by the program.

(b) If a license holder appeals the suspension or revocation of a license and the license 389.26 holder continues to operate the program pending a final order on the appeal, the commissioner 389.27 shall issue the license holder a temporary provisional license. Unless otherwise specified 389.28 389.29 by the commissioner, variances in effect on the date of the license sanction under appeal continue under the temporary provisional license. If a license holder fails to comply with 389.30 applicable law or rule while operating under a temporary provisional license, the 389.31 commissioner may impose additional sanctions under this section and section 245A.06, and 389.32 may terminate any prior variance. If a temporary provisional license is set to expire, a new 389.33

temporary provisional license shall be issued to the license holder upon payment of any fee
required under section 245A.10. The temporary provisional license shall expire on the date
the final order is issued. If the license holder prevails on the appeal, a new nonprovisional
license shall be issued for the remainder of the current license period.

(c) If a license holder is under investigation and the license issued under this chapter is
due to expire before completion of the investigation, the program shall be issued a new
license upon completion of the reapplication requirements and payment of any applicable
license fee. Upon completion of the investigation, a licensing sanction may be imposed
against the new license under this section, section 245A.06, or 245A.08.

(d) Failure to reapply or closure of a license issued under this chapter by the license
holder prior to the completion of any investigation shall not preclude the commissioner
from issuing a licensing sanction under this section or section 245A.06 at the conclusion
of the investigation.

390.14 **EFFECTIVE DATE.** This section is effective the day following final enactment.

390.15 Sec. 16. Minnesota Statutes 2022, section 245A.07, subdivision 3, is amended to read:

390.16 Subd. 3. License suspension, revocation, or fine. (a) The commissioner may suspend

390.20 (2) a license holder, a controlling individual, or an individual living in the household
390.21 where the licensed services are provided or is otherwise subject to a background study has
390.22 been disqualified and the disqualification was not set aside and no variance has been granted;

(3) a license holder knowingly withholds relevant information from or gives false or
misleading information to the commissioner in connection with an application for a license,
in connection with the background study status of an individual, during an investigation,
or regarding compliance with applicable laws or rules;

390.27 (4) a license holder is excluded from any program administered by the commissioner
390.28 under section 245.095; or

390.29 (5) revocation is required under section 245A.04, subdivision 7, paragraph (d)-:

390.30 (6) for a family foster setting, a license holder, or an individual living in the household

390.31 where the licensed services are provided or who is otherwise subject to a background study

390.32 has nondisqualifying background study information, as described in section 245C.05,

subdivision 4, that reflects on the license holder's ability to safely provide care to foster 391.1 391.2 children; or

391.3

(7) suspension is necessary under subdivision 2a, paragraph (b), clause (2).

A license holder who has had a license issued under this chapter suspended, revoked, 391.4 391.5 or has been ordered to pay a fine must be given notice of the action by certified mail or, by personal service, or through the provider licensing and reporting hub. If mailed, the notice 391.6 must be mailed to the address shown on the application or the last known address of the 391.7 license holder. The notice must state in plain language the reasons the license was suspended 391.8 or revoked, or a fine was ordered. 391.9

(b) If the license was suspended or revoked, the notice must inform the license holder 391.10 of the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 391.11 1400.8505 to 1400.8612. The license holder may appeal an order suspending or revoking 391.12 a license. The appeal of an order suspending or revoking a license must be made in writing 391.13 by certified mail or, by personal service, or through the provider licensing and reporting 391.14 hub. If mailed, the appeal must be postmarked and sent to the commissioner within ten 391.15 calendar days after the license holder receives notice that the license has been suspended 391.16 or revoked. If a request is made by personal service, it must be received by the commissioner 391.17 within ten calendar days after the license holder received the order. If the order is issued 391.18 through the provider hub, the appeal must be received by the commissioner within ten 391.19 calendar days from the date the commissioner issued the order through the hub. Except as 391.20 provided in subdivision 2a, paragraph (c), if a license holder submits a timely appeal of an 391.21 order suspending or revoking a license, the license holder may continue to operate the 391.22 program as provided in section 245A.04, subdivision 7, paragraphs (f) and (g), until the 391.23 commissioner issues a final order on the suspension or revocation. 391.24

(c)(1) If the license holder was ordered to pay a fine, the notice must inform the license 391.25 391.26 holder of the responsibility for payment of fines and the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The appeal of an 391.27 order to pay a fine must be made in writing by certified mail or, by personal service, or 391.28 through the provider licensing and reporting hub. If mailed, the appeal must be postmarked 391.29 and sent to the commissioner within ten calendar days after the license holder receives 391.30 notice that the fine has been ordered. If a request is made by personal service, it must be 391.31 received by the commissioner within ten calendar days after the license holder received the 391.32 order. If the order is issued through the provider hub, the appeal must be received by the 391.33 commissioner within ten calendar days from the date the commissioner issued the order 391.34 391.35 through the hub.

(2) The license holder shall pay the fines assessed on or before the payment date specified.
If the license holder fails to fully comply with the order, the commissioner may issue a
second fine or suspend the license until the license holder complies. If the license holder
receives state funds, the state, county, or municipal agencies or departments responsible for
administering the funds shall withhold payments and recover any payments made while the
license is suspended for failure to pay a fine. A timely appeal shall stay payment of the fine
until the commissioner issues a final order.

(3) A license holder shall promptly notify the commissioner of human services, in writing,
when a violation specified in the order to forfeit a fine is corrected. If upon reinspection the
commissioner determines that a violation has not been corrected as indicated by the order
to forfeit a fine, the commissioner may issue a second fine. The commissioner shall notify
the license holder by certified mail or, by personal service, or through the provider licensing
and reporting hub that a second fine has been assessed. The license holder may appeal the
second fine as provided under this subdivision.

392.15 (4) Fines shall be assessed as follows:

(i) the license holder shall forfeit \$1,000 for each determination of maltreatment of a
child under chapter 260E or the maltreatment of a vulnerable adult under section 626.557
for which the license holder is determined responsible for the maltreatment under section
260E.30, subdivision 4, paragraphs (a) and (b), or 626.557, subdivision 9c, paragraph (c);

(ii) if the commissioner determines that a determination of maltreatment for which the
license holder is responsible is the result of maltreatment that meets the definition of serious
maltreatment as defined in section 245C.02, subdivision 18, the license holder shall forfeit
\$5,000;

(iii) for a program that operates out of the license holder's home and a program licensed
under Minnesota Rules, parts 9502.0300 to 9502.0445, the fine assessed against the license
holder shall not exceed \$1,000 for each determination of maltreatment;

(iv) the license holder shall forfeit \$200 for each occurrence of a violation of law or rule
governing matters of health, safety, or supervision, including but not limited to the provision
of adequate staff-to-child or adult ratios, and failure to comply with background study
requirements under chapter 245C; and

(v) the license holder shall forfeit \$100 for each occurrence of a violation of law or rule
other than those subject to a \$5,000, \$1,000, or \$200 fine in items (i) to (iv).

For purposes of this section, "occurrence" means each violation identified in the commissioner's fine order. Fines assessed against a license holder that holds a license to provide home and community-based services, as identified in section 245D.03, subdivision 1, and a community residential setting or day services facility license under chapter 245D where the services are provided, may be assessed against both licenses for the same occurrence, but the combined amount of the fines shall not exceed the amount specified in this clause for that occurrence.

(5) When a fine has been assessed, the license holder may not avoid payment by closing,
selling, or otherwise transferring the licensed program to a third party. In such an event, the
license holder will be personally liable for payment. In the case of a corporation, each
controlling individual is personally and jointly liable for payment.

(c) If an infant falls asleep before being placed in a crib, the license holder must move
the infant to a crib as soon as practicable, and must keep the infant within sight of the license

If a swaddle is used by a license holder, the license holder must ensure that it meets 398.13 398.14 the requirements of paragraph (d) and is not so tight that it restricts the infant's ability to breathe or so loose that the fabric could cover the infant's nose and mouth. Prior to any use 398.15 of swaddling for sleep by a provider licensed under this chapter, the license holder must 398.16 obtain informed written consent for the use of swaddling from the parent or guardian of the 398.17 infant on a form provided developed by the commissioner and prepared in partnership with 398.18 the Minnesota Sudden Infant Death Center. 398.19

Subd. 3. Parent not considered voluntarily unemployed, underemployed, or employed
on a less than full-time basis. A parent is not considered voluntarily unemployed,
underemployed, or employed on a less than full-time basis upon a showing by the parent
that:

(1) the unemployment, underemployment, or employment on a less than full-time basisis temporary and will ultimately lead to an increase in income;

(2) the unemployment, underemployment, or employment on a less than full-time basis
represents a bona fide career change that outweighs the adverse effect of that parent's
diminished income on the child; or

(3) the unemployment, underemployment, or employment on a less than full-time basis
is because a parent is physically or mentally incapacitated or due to incarceration-; or

623.28 (4) a governmental agency authorized to determine eligibility for general assistance or

624.1 Sec. 29. Minnesota Statutes 2022, section 518A.32, subdivision 4, is amended to read:

624.2 Subd. 4. TANF <u>or MFIP</u> recipient. If the parent of a joint child is a recipient of a

624.7 Sec. 30. Minnesota Statutes 2022, section 518A.34, is amended to read:

624.8 **518A.34 COMPUTATION OF CHILD SUPPORT OBLIGATIONS.**

(a) To determine the presumptive child support obligation of a parent, the court shallfollow the procedure set forth in this section.

(b) To determine the obligor's basic support obligation, the court shall:

(1) determine the gross income of each parent under section 518A.29;

(2) calculate the parental income for determining child support (PICS) of each parent,
by subtracting from the gross income the credit, if any, for each parent's nonjoint children
under section 518A.33;

(3) determine the percentage contribution of each parent to the combined PICS bydividing the combined PICS into each parent's PICS;

(4) determine the combined basic support obligation by application of the guidelines insection 518A.35;

(5) determine each parent's share of the combined basic support obligation by multiplying
the percentage figure from clause (3) by the combined basic support obligation in clause
(4); and

(6) apply the parenting expense adjustment formula provided in section 518A.36 todetermine the obligor's basic support obligation.

624.25 (c) If the parents have split custody of joint children, child support must be calculated 624.26 for each joint child as follows:

(1) the court shall determine each parent's basic support obligation under paragraph (b)
and include the amount of each parent's obligation in the court order. If the basic support
calculation results in each parent owing support to the other, the court shall offset the higher
basic support obligation with the lower basic support obligation to determine the amount
to be paid by the parent with the higher obligation to the parent with the lower obligation.

For the purpose of the cost-of-living adjustment required under section 518A.75, the adjustment must be based on each parent's basic support obligation prior to offset. For the purposes of this paragraph, "split custody" means that there are two or more joint children and each parent has at least one joint child more than 50 percent of the time;

(2) if each parent pays all child care expenses for at least one joint child, the court shall
calculate child care support for each joint child as provided in section 518A.40. The court
shall determine each parent's child care support obligation and include the amount of each
parent's obligation in the court order. If the child care support calculation results in each
parent owing support to the other, the court shall offset the higher child care support
obligation with the lower child care support obligation to determine the amount to be paid
by the parent with the higher obligation to the parent with the lower obligation; and

(3) if each parent pays all medical or dental insurance expenses for at least one joint 625.12 child, medical support shall be calculated for each joint child as provided in section 518A.41. 625.13 The court shall determine each parent's medical support obligation and include the amount 625.14 of each parent's obligation in the court order. If the medical support calculation results in 625.15 each parent owing support to the other, the court shall offset the higher medical support 625.16 obligation with the lower medical support obligation to determine the amount to be paid by 625.17 the parent with the higher obligation to the parent with the lower obligation. Unreimbursed 625.18 and uninsured medical expenses are not included in the presumptive amount of support 625.19 owed by a parent and are calculated and collected as provided in section 518A.41. 625.20

(d) The court shall determine the child care support obligation for the obligor as providedin section 518A.40.

(e) The court shall determine the medical support obligation for each parent as provided
in section 518A.41. Unreimbursed and uninsured medical expenses are not included in the
presumptive amount of support owed by a parent and are calculated and collected as described
in section 518A.41.

(f) The court shall determine each parent's total child support obligation by adding
together each parent's basic support, child care support, and health care coverage obligations
as provided in this section.

(g) If Social Security benefits or veterans' benefits are received by one parent as a
representative payee for a joint child based on the other parent's eligibility, the court shall
subtract the amount of benefits from the other parent's net child support obligation, if any.
Any benefit received by the obligee for the benefit of the joint child based upon the obligor's

626.1 disability or past earnings in any given month in excess of the child support obligation must

626.2 <u>not be treated as an arrearage payment or a future payment.</u>

(h) The final child support order shall separately designate the amount owed for basic
support, child care support, and medical support. If applicable, the court shall use the
self-support adjustment and minimum support adjustment under section 518A.42 to determine
the obligor's child support obligation.

626.7 **EFFECTIVE DATE.** This section is effective January 1, 2025.

Unreimbursed 627.26 medical health-related expenses do not include the cost of premiums. Unreimbursed medical 627.27 health-related expenses include, but are not limited to, deductibles, co-payments, and 627.28 expenses for orthodontia, and prescription eyeglasses and contact lenses, but not 627.29 over-the-counter medications if coverage is under a health plan provided through health 627.30 627.31 care coverage.

Subd. 2. Order. (a) A completed national medical support notice issued by the public
authority or a court order that complies with this section is a qualified medical child support

order under the federal Employee Retirement Income Security Act of 1974 (ERISA), United
States Code, title 29, section 1169(a).

628.3 (b) Every order addressing child support must state:

(1) the names, last known addresses, and Social Security numbers of the parents and the
joint child that is a subject of the order unless the court prohibits the inclusion of an address
or Social Security number and orders the parents to provide the address and Social Security
number to the administrator of the health plan;

(2) if a joint child is not presently enrolled in health care coverage, whether appropriate
health care coverage for the joint child is available and, if so, state:

(i) the parents' responsibilities for carrying health care coverage;

628.11 (ii) the cost of premiums and how the cost is allocated between the parents; and

(iii) the circumstances, if any, under which an obligation to provide <u>private health care</u>
coverage for the joint child will shift from one parent to the other; and

628.14 (3) if appropriate health care coverage is not available for the joint child, (iv) whether
 628.15 a contribution for medical support public health care coverage is required; and

 $\begin{array}{ll} 628.16 & (4)(3) \\ \hline \end{array} \\ how unreimbursed or uninsured <u>medical health-related</u> expenses will be allocated \\ \hline \\ 628.17 \\ \hline \\ between the parents. \end{array}$

Subd. 3. Determining appropriate health care coverage. <u>Public health care coverage</u>
is presumed appropriate. In determining whether a parent has appropriate <u>private health</u>
care coverage for the joint child, the court must consider the following factors:

(1) comprehensiveness of private health care coverage providing medical benefits. 628.21 Dependent private health care coverage providing medical benefits is presumed 628.22 comprehensive if it includes medical and hospital coverage and provides for preventive, 628.23 628.24 emergency, acute, and chronic care; or if it meets the minimum essential coverage definition in United States Code, title 26, section 5000A(f). If both parents have private health care 628.25 coverage providing medical benefits that is presumed comprehensive under this paragraph, 628.26 the court must determine which parent's private health care coverage is more comprehensive 628.27 by considering what other benefits are included in the private health care coverage; 628.28

(2) accessibility. Dependent <u>private</u> health care coverage is accessible if the covered
joint child can obtain services from a health plan provider with reasonable effort by the
parent with whom the joint child resides. <u>Private</u> health care coverage is presumed accessible
if:

(i) primary care is available within 30 minutes or 30 miles of the joint child's residence
and specialty care is available within 60 minutes or 60 miles of the joint child's residence;

(ii) the <u>private</u> health care coverage is available through an employer and the employee
can be expected to remain employed for a reasonable amount of time; and

(iii) no preexisting conditions exist to unduly delay enrollment in <u>private health care</u>
coverage;

629.7 (3) the joint child's special medical needs, if any; and

(4) affordability. Dependent private health care coverage is presumed affordable if it is 629.8 reasonable in cost. If both parents have health care coverage available for a joint child that 629.9 is comparable with regard to comprehensiveness of medical benefits, accessibility, and the 629.10 joint child's special needs, the least costly health care coverage is presumed to be the most 629.11 appropriate health care coverage for the joint child the premium to cover the marginal cost 629.12 of the joint child does not exceed five percent of the parents' combined monthly PICS. A 629.13 court may additionally consider high deductibles and the cost to enroll the parent if the 629.14 parent must enroll themselves in private health care coverage to access private health care 629.15

629.16 coverage for the child.

Subd. 4. Ordering health care coverage. (a) If a joint child is presently enrolled in
health care coverage, the court must order that the parent who currently has the joint child
enrolled continue that enrollment unless the parties agree otherwise or a party requests a
change in coverage and the court determines that other health care coverage is more
appropriate.

(b) If a joint child is not presently enrolled in health care coverage providing medical
benefits, upon motion of a parent or the public authority, the court must determine whether
one or both parents have appropriate health care coverage providing medical benefits for
the joint child.

(a) If a joint child is presently enrolled in health care coverage, the court shall order that
 the parent who currently has the joint child enrolled in health care coverage continue that
 enrollment if the health care coverage is appropriate as defined under subdivision 3.

 $\begin{array}{l} 629.29 \\ \hline (e) (b) \\ \hline (b) \\ \hline (b) \\ \hline (b) \\ \hline (c) (b) \\ \hline (c) \\ \hline (b) \\ \hline (c) \hline (c) \\ \hline (c) \\ \hline (c) \\ \hline (c) \hline (c) \hline (c) \\ \hline (c) \hline (c)$

(1) a party expresses a preference for <u>private</u> health care coverage providing medical
benefits available through the parent with whom the joint child does not reside;

(2) the parent with whom the joint child does not reside is already carrying dependent
<u>private</u> health care coverage providing medical benefits for other children and the cost of
contributing to the premiums of the other parent's <u>health care</u> coverage would cause the
parent with whom the joint child does not reside extreme hardship; or

(3) the parties agree as to which parent will carry health care coverage providing medicalbenefits and agree on the allocation of costs.

 $\begin{array}{ll} 630.9 & (e) (d) \\ \hline (d) \hline \hline (d$

 $\begin{array}{ll} 630.12 & (f) (e) \\ \hline & (e) \\ \hline \hline & (e) \\ \hline \hline \\ \hline & (e) \\ \hline \hline \\$

630.14 (1) contribute toward the actual health care costs of the joint children based on a pro
630.15 rata share; or.

(2) if the joint child is receiving any form of public coverage, the parent with whom the 630.16 joint child does not reside shall contribute a monthly amount toward the actual cost of public 630.17 coverage. The amount of the noncustodial parent's contribution is determined by applying 630.18 the noncustodial parent's PICS to the premium scale for MinnesotaCare under section 630.19 256L.15, subdivision 2, paragraph (d). If the noncustodial parent's PICS meets the eligibility 630.20 requirements for MinnesotaCare, the contribution is the amount the noncustodial parent 630.21 would pay for the child's premium. If the noncustodial parent's PICS exceeds the eligibility 630.22 requirements, the contribution is the amount of the premium for the highest eligible income 630.23 on the premium scale for MinnesotaCare under section 256L.15, subdivision 2, paragraph 630.24 (d). For purposes of determining the premium amount, the noncustodial parent's household 630.25 size is equal to one parent plus the child or children who are the subject of the child support 630.26 order. The custodial parent's obligation is determined under the requirements for public 630.27 coverage as set forth in chapter 256B; or 630.28

(3) if the noncustodial parent's PICS meet the eligibility requirement for public coverage
 under chapter 256B or the noncustodial parent receives public assistance, the noncustodial
 parent must not be ordered to contribute toward the cost of public coverage.

 $\begin{array}{ll} 631.1 & (\underline{g}) (\underline{f}) \ \text{If neither parent has appropriate health care coverage available, the court may} \\ 631.2 & \text{order the parent with whom the child resides to apply for public health care coverage for} \\ 631.3 & \text{the child.} \end{array}$

(h) The commissioner of human services must publish a table with the premium schedule
 for public coverage and update the chart for changes to the schedule by July 1 of each year.

(i) (g) If a joint child is not presently enrolled in <u>private</u> health care coverage providing
dental benefits, upon motion of a parent or the public authority, the court must determine
whether one or both parents have appropriate dental <u>private</u> health care coverage <u>providing</u>
dental benefits for the joint child, and the court may order a parent with appropriate dental
private health care coverage <u>providing</u> dental benefits available to carry the <u>health care</u>
coverage for the joint child.

(j) (h) If a joint child is not presently enrolled in available private health care coverage
providing benefits other than medical benefits or dental benefits, upon motion of a parent
or the public authority, the court may determine whether that other private health care
coverage providing other health benefits for the joint child is appropriate, and the court may
order a parent with that appropriate private health care coverage available to carry the
coverage for the joint child.

Subd. 5. Medical support costs; unreimbursed and uninsured <u>medical health-related</u> expenses. (a) Unless otherwise agreed to by the parties and approved by the court, the court must order that the cost of <u>private</u> health care coverage and all unreimbursed and uninsured <u>medical health-related</u> expenses <u>under the health plan</u> be divided between the obligor and obligee based on their proportionate share of the parties' combined monthly PICS. The amount allocated for medical support is considered child support but is not subject to a cost-of-living adjustment under section 518A.75.

(b) If a party owes a joint child <u>basic</u> support obligation for a joint child and is ordered to carry <u>private</u> health care coverage for the joint child, and the other party is ordered to contribute to the carrying party's cost for coverage, the carrying party's <u>child basic</u> support payment must be reduced by the amount of the contributing party's contribution.

(c) If a party owes a joint child <u>basic</u> support obligation for a joint child and is ordered
to contribute to the other party's cost for carrying <u>private</u> health care coverage for the joint
child, the contributing party's child support payment must be increased by the amount of
the contribution. The contribution toward private health care coverage must not be charged
in any month in which the party ordered to carry private health care coverage fails to maintain
private coverage.

(d) If the party ordered to carry <u>private health care coverage for the joint child already</u>
carries dependent <u>private health care coverage for other dependents and would incur no</u>
additional premium costs to add the joint child to the existing <u>health care coverage</u>, the court
must not order the other party to contribute to the premium costs for <u>health care coverage</u>
of the joint child.

(e) If a party ordered to carry <u>private</u> health care coverage for the joint child does not
already carry dependent <u>private</u> health care coverage but has other dependents who may be
added to the ordered <u>health care</u> coverage, the full premium costs of the dependent <u>private</u>
health care coverage must be allocated between the parties in proportion to the party's share
of the parties' combined <u>monthly</u> PICS, unless the parties agree otherwise.

(f) If a party ordered to carry <u>private health care coverage for the joint child is required</u>
to enroll in a health plan so that the joint child can be enrolled in dependent <u>private health</u>
care coverage under the plan, the court must allocate the costs of the dependent <u>private</u>
health care coverage between the parties. The costs of the <u>private health care coverage for</u>
the party ordered to carry the <u>health care coverage for the joint child must not be allocated</u>
between the parties.

632.17 (g) If the joint child is receiving any form of public health care coverage:

(1) the parent with whom the joint child does not reside shall contribute a monthly

632.19 amount toward the actual cost of public health care coverage. The amount of the noncustodial

632.20 parent's contribution is determined by applying the noncustodial parent's PICS to the premium

632.21 scale for MinnesotaCare under section 256L.15, subdivision 2, paragraph (d). If the

632.22 noncustodial parent's PICS meets the eligibility requirements for MinnesotaCare, the

632.23 contribution is the amount that the noncustodial parent would pay for the child's premium;

(2) if the noncustodial parent's PICS exceeds the eligibility requirements, the contribution

632.25 is the amount of the premium for the highest eligible income on the premium scale for

632.26 MinnesotaCare under section 256L.15, subdivision 2, paragraph (d). For purposes of

632.27 determining the premium amount, the noncustodial parent's household size is equal to one

- 632.28 parent plus the child or children who are the subject of the order;
- (3) the custodial parent's obligation is determined under the requirements for public
- 632.30 health care coverage in chapter 256B; or
- 632.31 (4) if the noncustodial parent's PICS is less than 200 percent of the federal poverty
- 632.32 guidelines for one person or the noncustodial parent receives public assistance, the

632.33 noncustodial parent must not be ordered to contribute toward the cost of public health care

632.34 <u>coverag</u>e.

(h) The commissioner of human services must publish a table for section 256L.15,

633.2 subdivision 2, paragraph (d), and update the table with changes to the schedule by July 1
633.3 of each year.

Subd. 6. Notice or court order sent to party's employer, union, or health carrier. (a)
The public authority must forward a copy of the national medical support notice or court
order for <u>private</u> health care coverage to the party's employer within two business days after
the date the party is entered into the work reporting system under section 256.998.

(b) The public authority or a party seeking to enforce an order for <u>private</u> health care
coverage must forward a copy of the national medical support notice or court order to the
obligor's employer or union, or to the health carrier under the following circumstances:

(1) the party ordered to carry <u>private</u> health care coverage for the joint child fails to
provide written proof to the other party or the public authority, within 30 days of the effective
date of the court order, that the party has applied for <u>private</u> health care coverage for the
joint child;

(2) the party seeking to enforce the order or the public authority gives written notice to
the party ordered to carry <u>private</u> health care coverage for the joint child of its intent to
enforce medical support. The party seeking to enforce the order or public authority must
mail the written notice to the last known address of the party ordered to carry <u>private</u> health
care coverage for the joint child; and

(3) the party ordered to carry <u>private</u> health care coverage for the joint child fails, within
15 days after the date on which the written notice under clause (2) was mailed, to provide
written proof to the other party or the public authority that the party has applied for <u>private</u>
health care coverage for the joint child.

(c) The public authority is not required to forward a copy of the national medical support
notice or court order to the obligor's employer or union, or to the health carrier, if the court
orders <u>private</u> health care coverage for the joint child that is not employer-based or
union-based coverage.

Subd. 7. Employer or union requirements. (a) An employer or union must forward
the national medical support notice or court order to its health plan within 20 business days
after the date on the national medical support notice or after receipt of the court order.

(b) Upon determination by an employer's or union's health plan administrator that a joint
child is eligible to be covered under the health plan, the employer or union and health plan
must enroll the joint child as a beneficiary in the health plan, and the employer must withhold

any required premiums from the income or wages of the party ordered to carry health carecoverage for the joint child.

634.3 (c) If enrollment of the party ordered to carry <u>private</u> health care coverage for a joint 634.4 child is necessary to obtain dependent <u>private</u> health care coverage under the plan, and the 634.5 party is not enrolled in the health plan, the employer or union must enroll the party in the 634.6 plan.

(d) Enrollment of dependents and, if necessary, the party ordered to carry <u>private</u> health
care coverage for the joint child must be immediate and not dependent upon open enrollment
periods. Enrollment is not subject to the underwriting policies under section 62A.048.

(e) Failure of the party ordered to carry <u>private</u> health care coverage for the joint child
to execute any documents necessary to enroll the dependent in the health plan does not
affect the obligation of the employer or union and health plan to enroll the dependent in a
plan. Information and authorization provided by the public authority, or by a party or
guardian, is valid for the purposes of meeting enrollment requirements of the health plan.

(f) An employer or union that is included under the federal Employee Retirement Income
Security Act of 1974 (ERISA), United States Code, title 29, section 1169(a), may not deny
enrollment to the joint child or to the parent if necessary to enroll the joint child based on
exclusionary clauses described in section 62A.048.

(g) A new employer or union of a party who is ordered to provide <u>private health care</u>
coverage for a joint child must enroll the joint child in the party's health plan as required
by a national medical support notice or court order.

Subd. 8. Health plan requirements. (a) If a health plan administrator receives a
completed national medical support notice or court order, the plan administrator must notify
the parties, and the public authority if the public authority provides support enforcement
services, within 40 business days after the date of the notice or after receipt of the court
order, of the following:

(1) whether <u>health care coverage is available to the joint child under the terms of the</u>
health plan and, if not, the reason why health care coverage is not available;

634.29 (2) whether the joint child is covered under the health plan;

634.30 (3) the effective date of the joint child's coverage under the health plan; and

(4) what steps, if any, are required to effectuate the joint child's coverage under the healthplan.

(b) If the employer or union offers more than one plan and the national medical support
notice or court order does not specify the plan to be carried, the plan administrator must
notify the parents and the public authority if the public authority provides support
enforcement services. When there is more than one option available under the plan, the
public authority, in consultation with the parent with whom the joint child resides, must
promptly select from available plan options.

(c) The plan administrator must provide the parents and public authority, if the public
authority provides support enforcement services, with a notice of the joint child's enrollment,
description of the health care coverage, and any documents necessary to effectuate coverage.

(d) The health plan must send copies of all correspondence regarding the <u>private</u> healthcare coverage to the parents.

(e) An insured joint child's parent's signature is a valid authorization to a health plan for
purposes of processing an insurance reimbursement payment to the medical services provider
or to the parent, if medical services have been prepaid by that parent.

Subd. 9. Employer or union liability. (a) An employer or union that willfully fails to comply with the order or notice is liable for any uninsured <u>medical health-related</u> expenses incurred by the dependents while the dependents were eligible to be enrolled in the health plan and for any other premium costs incurred because the employer or union willfully failed to comply with the order or notice.

(b) An employer or union that fails to comply with the order or notice is subject to a
contempt finding, a \$250 civil penalty under section 518A.73, and is subject to a civil penalty
of \$500 to be paid to the party entitled to reimbursement or the public authority. Penalties
paid to the public authority are designated for child support enforcement services.

Subd. 10. Contesting enrollment. (a) A party may contest a joint child's enrollment in
a health plan on the limited grounds that the enrollment is improper due to mistake of fact
or that the enrollment meets the requirements of section 518.145.

(b) If the party chooses to contest the enrollment, the party must do so no later than 15days after the employer notifies the party of the enrollment by doing the following:

(1) filing a motion in district court or according to section 484.702 and the expeditedchild support process rules if the public authority provides support enforcement services;

(2) serving the motion on the other party and public authority if the public authorityprovides support enforcement services; and

(3) securing a date for the matter to be heard no later than 45 days after the notice ofenrollment.

636.3 (c) The enrollment must remain in place while the party contests the enrollment.

Subd. 11. **Disenrollment; continuation of coverage; coverage options.** (a) Unless a court order provides otherwise, a child for whom a party is required to provide <u>private</u> health care coverage under this section must be covered as a dependent of the party until the child is emancipated, until further order of the court, or as consistent with the terms of the <u>health</u> <u>care</u> coverage.

(b) The health carrier, employer, or union may not disenroll or eliminate <u>health care</u>
coverage for the child unless:

(1) the health carrier, employer, or union is provided satisfactory written evidence thatthe court order is no longer in effect;

(2) the joint child is or will be enrolled in comparable <u>private</u> health care coverage
through another health plan that will take effect no later than the effective date of the
disenrollment;

636.16 (3) the employee is no longer eligible for dependent <u>health care</u> coverage; or

(4) the required premium has not been paid by or on behalf of the joint child.

(c) The health plan must provide 30 days' written notice to the joint child's parents, and
the public authority if the public authority provides support enforcement services, before
the health plan disenrolls or eliminates the joint child's health care coverage.

(d) A joint child enrolled in <u>private health care coverage under a qualified medical child</u>
support order, including a national medical support notice, under this section is a dependent
and a qualified beneficiary under the Consolidated Omnibus Budget and Reconciliation Act
of 1985 (COBRA), Public Law 99-272. Upon expiration of the order, the joint child is
entitled to the opportunity to elect continued <u>health care coverage that is available under</u>
the health plan. The employer or union must provide notice to the parties and the public
authority, if it provides support services, within ten days of the termination date.

(e) If the public authority provides support enforcement services and a plan administrator
reports to the public authority that there is more than one coverage option available under
the health plan, the public authority, in consultation with the parent with whom the joint
child resides, must promptly select health care coverage from the available options.

Subd. 12. **Spousal or former spousal coverage.** The court must require the parent with whom the joint child does not reside to provide dependent <u>private</u> health care coverage for the benefit of the parent with whom the joint child resides if the parent with whom the child does not reside is ordered to provide dependent <u>private</u> health care coverage for the parties' joint child and adding the other parent to the <u>health care</u> coverage results in no additional premium cost.

637.7 Subd. 13. Disclosure of information. (a) If the public authority provides support
637.8 enforcement services, the parties must provide the public authority with the following
637.9 information:

(1) information relating to dependent health care coverage or public coverage available
for the benefit of the joint child for whom support is sought, including all information
required to be included in a medical support order under this section;

(2) verification that application for court-ordered health care coverage was made within30 days of the court's order; and

(3) the reason that a joint child is not enrolled in court-ordered health care coverage, if
a joint child is not enrolled in <u>health care coverage</u> or subsequently loses <u>health care coverage</u>.

(b) Upon request from the public authority under section 256.978, an employer, union,
or plan administrator, including an employer subject to the federal Employee Retirement
Income Security Act of 1974 (ERISA), United States Code, title 29, section 1169(a), must
provide the public authority the following information:

(1) information relating to dependent <u>private health care coverage available to a party</u>
for the benefit of the joint child for whom support is sought, including all information
required to be included in a medical support order under this section; and

(2) information that will enable the public authority to determine whether a health plan
is appropriate for a joint child, including, but not limited to, all available plan options, any
geographic service restrictions, and the location of service providers.

(c) The employer, union, or plan administrator must not release information regarding
one party to the other party. The employer, union, or plan administrator must provide both
parties with insurance identification cards and all necessary written information to enable
the parties to utilize the insurance benefits for the covered dependent.

(d) The public authority is authorized to release to a party's employer, union, or health
plan information necessary to verify availability of dependent <u>private</u> health care coverage,
or to establish, modify, or enforce medical support.

(e) An employee must disclose to an employer if medical support is required to be
withheld under this section and the employer must begin withholding according to the terms
of the order and under section 518A.53. If an employee discloses an obligation to obtain
private health care coverage and health care coverage is available through the employer,
the employer must make all application processes known to the individual and enroll the
employee and dependent in the plan.

Subd. 14. Child support enforcement services. The public authority must take necessary
steps to establish, enforce, and modify an order for medical support if the joint child receives
public assistance or a party completes an application for services from the public authority
under section 518A.51.

Subd. 15. Enforcement. (a) Remedies available for collecting and enforcing child
support apply to medical support.

(b) For the purpose of enforcement, the following are additional support:

638.14 (1) the costs of individual or group health or hospitalization coverage;

638.15 (2) dental coverage;

(3) medical costs ordered by the court to be paid by either party, including health care
coverage premiums paid by the obligee because of the obligor's failure to obtain <u>health care</u>
coverage as ordered; and

(4) liabilities established under this subdivision.

(c) A party who fails to carry court-ordered dependent <u>private health care coverage is</u>
liable for the joint child's uninsured <u>medical health-related</u> expenses unless a court order
provides otherwise. A party's failure to carry court-ordered <u>health care coverage</u>, or to
provide other medical support as ordered, is a basis for modification of medical support
under section 518A.39, subdivision 8, unless it meets the presumption in section 518A.39,
subdivision 2.

(d) Payments by the health carrier or employer for services rendered to the dependents
that are directed to a party not owed reimbursement must be endorsed over to and forwarded
to the vendor or appropriate party or the public authority. A party retaining insurance
reimbursement not owed to the party is liable for the amount of the reimbursement.

Subd. 16. **Offset.** (a) If a party is the parent with primary physical custody as defined in section 518A.26, subdivision 17, and is an obligor ordered to contribute to the other party's cost for carrying health care coverage for the joint child, the other party's child support and spousal maintenance obligations are subject to an offset under subdivision 5. (b) The public authority, if the public authority provides child support enforcementservices, may remove the offset to a party's child support obligation when:

639.3 (1) the party's court-ordered private health care coverage for the joint child terminates;

639.4 (2) the party does not enroll the joint child in other private health care coverage; and

639.5 (3) a modification motion is not pending.

The public authority must provide notice to the parties of the action. If neither party requests
a hearing, the public authority must remove the offset effective the first day of the month
following termination of the joint child's private health care coverage.

(c) The public authority, if the public authority provides child support enforcement
services, may resume the offset when the party ordered to provide <u>private health care</u>
coverage for the joint child has resumed the court-ordered <u>private health care</u> coverage or
enrolled the joint child in other <u>private health care</u> coverage. The public authority must
provide notice to the parties of the action. If neither party requests a hearing, the public
authority must resume the offset effective the first day of the month following certification
that <u>private health care coverage is in place for the joint child.</u>

(d) A party may contest the public authority's action to remove or resume the offset to 639.16 the child support obligation if the party makes a written request for a hearing within 30 days 639.17 after receiving written notice. If a party makes a timely request for a hearing, the public 639.18 authority must schedule a hearing and send written notice of the hearing to the parties by 639.19 mail to the parties' last known addresses at least 14 days before the hearing. The hearing 639.20 must be conducted in district court or in the expedited child support process if section 639.21 484.702 applies. The district court or child support magistrate must determine whether 639.22 removing or resuming the offset is appropriate and, if appropriate, the effective date for the 639.23 removal or resumption. 639.24

639.25Subd. 16a. Suspension or reinstatement of medical support contribution. (a) If a639.26party is the parent with primary physical custody, as defined in section 518A.26, subdivision639.2717, and is ordered to carry private health care coverage for the joint child but fails to carry639.28the court-ordered private health care coverage, the public authority may suspend the medical639.29support obligation of the other party if that party has been court-ordered to contribute to the639.30cost of the private health care coverage carried by the parent with primary physical custody639.31of the joint child.

- (b) If the public authority provides child support enforcement services, the public
- authority may suspend the other party's medical support contribution toward private healthcare coverage when:
- 640.4 (1) the party's court-ordered private health care coverage for the joint child terminates;
- 640.5 (2) the party does not enroll the joint child in other private health care coverage; and
- 640.6 (3) a modification motion is not pending.
- 640.7 The public authority must provide notice to the parties of the action. If neither party requests
- a hearing, the public authority must remove the medical support contribution effective the
 first day of the month following the termination of the joint child's private health care
- 640.10 coverage.
- 640.11 (c) If the public authority provides child support enforcement services, the public authority
- 640.12 may reinstate the medical support contribution when the party ordered to provide private
- 640.13 <u>health care coverage for the joint child has resumed the joint child's court-ordered private</u>
- 640.14 <u>health care coverage or has enrolled the joint child in other private health care coverage.</u>
- 640.15 <u>The public authority must provide notice to the parties of the action. If neither party requests</u>
- 640.16 <u>a hearing</u>, the public authority must resume the medical support contribution effective the
- 640.17 first day of the month following certification that the joint child is enrolled in private health
- 640.18 <u>care coverage.</u>
- 640.19(d) A party may contest the public authority's action to suspend or reinstate the medical640.20support contribution if the party makes a written request for a hearing within 30 days after
- 640.21 receiving written notice. If a party makes a timely request for a hearing, the public authority
- 640.22 must schedule a hearing and send written notice of the hearing to the parties by mail to the
- 640.23 parties' last known addresses at least 14 days before the hearing. The hearing must be
- 640.24 <u>conducted in district court or in the expedited child support process if section 484.702</u>
- 640.25 applies. The district court or child support magistrate must determine whether suspending
- 640.26 or reinstating the medical support contribution is appropriate and, if appropriate, the effective
- 640.27 date of the removal or reinstatement of the medical support contribution.
- Subd. 17. Collecting unreimbursed or uninsured medical health-related expenses. (a)
 This subdivision and subdivision 18 apply when a court order has determined and ordered
 the parties' proportionate share and responsibility to contribute to unreimbursed or uninsured
 medical health-related expenses.
- (b) A party requesting reimbursement of unreimbursed or uninsured medical
 <u>health-related</u> expenses must initiate a request to the other party within two years of the

641.1 date that the requesting party incurred the unreimbursed or uninsured medical health-related

641.2 expenses. If a court order has been signed ordering the contribution towards toward

641.3 unreimbursed or uninsured expenses, a two-year limitations provision must be applied to

any requests made on or after January 1, 2007. The provisions of this section apply

retroactively to court orders signed before January 1, 2007. Requests for unreimbursed or
uninsured expenses made on or after January 1, 2007, may include expenses incurred before

641.7 January 1, 2007, and on or after January 1, 2005.

641.8 (c) A requesting party must mail a written notice of intent to collect the unreimbursed
641.9 or uninsured <u>medical health-related</u> expenses and a copy of an affidavit of health care
641.10 expenses to the other party at the other party's last known address.

(d) The written notice must include a statement that the other party has 30 days from
the date the notice was mailed to (1) pay in full; (2) agree to a payment schedule; or (3) file
a motion requesting a hearing to contest the amount due or to set a court-ordered monthly
payment amount. If the public authority provides services, the written notice also must
include a statement that, if the other party does not respond within the 30 days, the requesting
party may submit the amount due to the public authority for collection.

(e) The affidavit of health care expenses must itemize and document the joint child's
unreimbursed or uninsured <u>medical health-related</u> expenses and include copies of all bills,
receipts, and insurance company explanations of benefits.

(f) If the other party does not respond to the request for reimbursement within 30 days,
the requesting party may commence enforcement against the other party under subdivision
18; file a motion for a court-ordered monthly payment amount under paragraph (i); or notify
the public authority, if the public authority provides services, that the other party has not
responded.

(g) The notice to the public authority must include: a copy of the written notice, a copy
of the affidavit of health care expenses, and copies of all bills, receipts, and insurance
company explanations of benefits.

(h) If noticed under paragraph (f), the public authority must serve the other party with a notice of intent to enforce unreimbursed and uninsured <u>medical health-related</u> expenses and file an affidavit of service by mail with the district court administrator. The notice must state that the other party has 14 days to (1) pay in full; or (2) file a motion to contest the amount due or to set a court-ordered monthly payment amount. The notice must also state that if there is no response within 14 days, the public authority will commence enforcement of the expenses as arrears under subdivision 18.

(i) To contest the amount due or set a court-ordered monthly payment amount, a party 642.1 must file a timely motion and schedule a hearing in district court or in the expedited child 642.2 support process if section 484.702 applies. The moving party must provide the other party 642.3 and the public authority, if the public authority provides services, with written notice at 642.4 least 14 days before the hearing by mailing notice of the hearing to the public authority and 642.5 to the requesting party at the requesting party's last known address. The moving party must 642.6 file the affidavit of health care expenses with the court at least five days before the hearing. 642.7 642.8 The district court or child support magistrate must determine liability for the expenses and order that the liable party is subject to enforcement of the expenses as arrears under 642.9 subdivision 18 or set a court-ordered monthly payment amount. 642.10

642.11 Subd. 18. Enforcing unreimbursed or uninsured medical health-related expenses
642.12 as arrears. (a) Unreimbursed or uninsured medical health-related expenses enforced under
642.13 this subdivision are collected as arrears.

(b) If the liable party is the parent with primary physical custody as defined in section
518A.26, subdivision 17, the unreimbursed or uninsured <u>medical health-related</u> expenses
must be deducted from any arrears the requesting party owes the liable party. If unreimbursed
or uninsured expenses remain after the deduction, the expenses must be collected as follows:

(1) If the requesting party owes a current child support obligation to the liable party, 20
percent of each payment received from the requesting party must be returned to the requesting
party. The total amount returned to the requesting party each month must not exceed 20
percent of the current monthly support obligation.

(2) If the requesting party does not owe current child support or arrears, a payment
agreement under section 518A.69 is required. If the liable party fails to enter into or comply
with a payment agreement, the requesting party or the public authority, if the public authority
provides services, may schedule a hearing to set a court-ordered payment. The requesting
party or the public authority must provide the liable party with written notice of the hearing
at least 14 days before the hearing.

(c) If the liable party is not the parent with primary physical custody as defined in section
518A.26, subdivision 17, the unreimbursed or uninsured <u>medical health-related</u> expenses
must be deducted from any arrears the requesting party owes the liable party. If unreimbursed
or uninsured expenses remain after the deduction, the expenses must be added and collected
as arrears owed by the liable party.

642.33 **EFFECTIVE DATE.** This section is effective January 1, 2025.

- 643.1 Sec. 32. Minnesota Statutes 2022, section 518A.42, subdivision 1, is amended to read:
- 643.2 Subdivision 1. Ability to pay. (a) It is a rebuttable presumption that a child support
 643.3 order should not exceed the obligor's ability to pay. To determine the amount of child support
 643.4 the obligor has the ability to pay, the court shall follow the procedure set out in this section.
- (b) The court shall calculate the obligor's income available for support by subtracting a
 monthly self-support reserve equal to 120 percent of the federal poverty guidelines for one
 person from the obligor's parental income for determining child support (PICS). If benefits
 under section 518A.31 are received by the obligee as a representative payee for a joint child
 or are received by the child attending school, based on the other parent's eligibility, the court
 shall subtract the amount of benefits from the obligor's PICS before subtracting the
- 643.11 self-support reserve. If the obligor's income available for support calculated under this
- paragraph is equal to or greater than the obligor's support obligation calculated under section518A.34, the court shall order child support under section 518A.34.
- (c) If the obligor's income available for support calculated under paragraph (b) is more
 than the minimum support amount under subdivision 2, but less than the guideline amount
 under section 518A.34, then the court shall apply a reduction to the child support obligation
 in the following order, until the support order is equal to the obligor's income available for
 support:
- 643.19 (1) medical support obligation;
- 643.20 (2) child care support obligation; and
- 643.21 (3) basic support obligation.

(d) If the obligor's income available for support calculated under paragraph (b) is equal
to or less than the minimum support amount under subdivision 2 or if the obligor's gross
income is less than 120 percent of the federal poverty guidelines for one person, the minimum
support amount under subdivision 2 applies.

- 643.26 **EFFECTIVE DATE.** This section is effective January 1, 2025.
- 643.27 Sec. 33. Minnesota Statutes 2022, section 518A.42, subdivision 3, is amended to read:

643.28 Subd. 3. Exception. (a) This section does not apply to an obligor who is incarcerated
643.29 or is a recipient of a general assistance grant, Supplemental Security Income, temporary
643.30 assistance for needy families (TANF) grant, or comparable state-funded Minnesota family

643.31 investment program (MFIP) benefits.

(b) If the court finds the obligor receives no income and completely lacks the ability toearn income, the minimum basic support amount under this subdivision does not apply.

(c) If the obligor's basic support amount is reduced below the minimum basic support
amount due to the application of the parenting expense adjustment, the minimum basic
support amount under this subdivision does not apply and the lesser amount is the guideline
basic support.

644.7 **EFFECTIVE DATE.** This section is effective January 1, 2025.

644.8 Sec. 34. Minnesota Statutes 2022, section 518A.43, subdivision 1b, is amended to read:

Subd. 1b. **Increase in income of custodial parent.** In a modification of support under section 518A.39, the court may deviate from the presumptive child support obligation under section 518A.34 when the only change in circumstances is an increase to the custodial parent's income and:

644.13 (1) the basic support increases;

644.14 (2) the parties' combined gross income is \$6,000 or less; or

644.15 (3) the obligor's income is \$2,000 or less.

644.16 **EFFECTIVE DATE.** This section is effective the day following final enactment.

644.17 Sec. 35. Minnesota Statutes 2022, section 518A.65, is amended to read:

644.18 **518A.65 DRIVER'S LICENSE SUSPENSION.**

(a) Upon motion of an obligee, which has been properly served on the obligor and upon 644.19 which there has been an opportunity for hearing, if a court finds that the obligor has been 644.20 or may be issued a driver's license by the commissioner of public safety and the obligor is 644.21 in arrears in court-ordered child support or maintenance payments, or both, in an amount 644.22 equal to or greater than three times the obligor's total monthly support and maintenance 644.23 644.24 payments and is not in compliance with a written payment agreement pursuant to section 518A.69 that is approved by the court, a child support magistrate, or the public authority, 644.25 the court shall may order the commissioner of public safety to suspend the obligor's driver's 644.26 license. The court may consider the circumstances in paragraph (i) to determine whether 644.27 driver's license suspension is an appropriate remedy that is likely to induce the payment of 644.28 644.29 child support. The court may consider whether driver's license suspension would have a direct harmful effect on the obligor or joint children that would make driver's license 644.30 suspension an inappropriate remedy. The public authority may not administratively reinstate 644.31

a driver's license suspended by the court unless specifically authorized to do so in the court
order. This paragraph expires December 31, 2025.

(b) This paragraph is effective January 1, 2026. Upon the motion of an obligee that has 645.3 been properly served on the obligor and for which there has been an opportunity for a 645.4 hearing, if a court finds that the obligor has a valid driver's license issued by the commissioner 645.5 of public safety and the obligor is in arrears in court-ordered child support or maintenance 645.6 payments, or both, in an amount equal to or greater than three times the obligor's total 645.7 645.8 monthly support and maintenance payments and is not in compliance with a written payment agreement pursuant to section 518A.69 that is approved by the court, a child support 645.9 magistrate, or the public authority, the court may order the commissioner of public safety 645.10 to suspend the obligor's driver's license. The court may consider the circumstances in 645.11 paragraph (i) to determine whether driver's license suspension is an appropriate remedy that 645.12 is likely to induce the payment of child support. The court may consider whether driver's 645.13 license suspension would have a direct harmful effect on the obligor or joint children that 645.14 would make driver's license suspension an inappropriate remedy. The public authority may 645.15 not administratively reinstate a driver's license suspended by the court unless specifically 645.16 authorized to do so in the court order. 645.17

(c) The court's order must be stayed for 90 days in order to allow the obligor to execute 645.18 a written payment agreement pursuant to section 518A.69. The payment agreement must 645.19 be approved by either the court or the public authority responsible for child support 645.20 enforcement. If the obligor has not executed or is not in compliance with a written payment 645.21 agreement pursuant to section 518A.69 after the 90 days expires, the court's order becomes 645.22 effective and the commissioner of public safety shall suspend the obligor's driver's license. 645.23 The remedy under this section is in addition to any other enforcement remedy available to 645.24 the court. An obligee may not bring a motion under this paragraph within 12 months of a 645.25 denial of a previous motion under this paragraph. 645.26

(b) (d) If a public authority responsible for child support enforcement determines that 645.27 the obligor has been or may be issued a driver's license by the commissioner of public safety 645.28 and; the obligor is in arrears in court-ordered child support or maintenance payments or 645.29 both in an amount equal to or greater than three times the obligor's total monthly support 645.30 and maintenance payments and not in compliance with a written payment agreement pursuant 645.31 to section 518A.69 that is approved by the court, a child support magistrate, or the public 645.32 authority, the public authority shall direct the commissioner of public safety to suspend the 645.33 obligor's driver's license unless exercising administrative discretion under paragraph (i). 645.34

The remedy under this section is in addition to any other enforcement remedy available tothe public authority. This paragraph expires December 31, 2025.

(e) This paragraph is effective January 1, 2026. If a public authority responsible for child
 support enforcement determines that:

646.5 (1) the obligor has a valid driver's license issued by the commissioner of public safety;

646.6 (2) the obligor is in arrears in court-ordered child support or maintenance payments or

646.7 both in an amount equal to or greater than three times the obligor's total monthly support

646.8 and maintenance payments;

(3) the obligor is not in compliance with a written payment agreement pursuant to section
 518A.69 that is approved by the court, a child support magistrate, or the public authority;

646.11 and

646.12 (4) the obligor's mailing address is known to the public authority;

646.13 then the public authority shall direct the commissioner of public safety to suspend the

646.14 obligor's driver's license unless exercising administrative discretion under paragraph (i).

646.15 The remedy under this section is in addition to any other enforcement remedy available to

646.16 the public authority.

(c) (f) At least 90 days prior to notifying the commissioner of public safety according 646.17 to paragraph (b) (d), the public authority must mail a written notice to the obligor at the 646.18 obligor's last known address, that it intends to seek suspension of the obligor's driver's 646.19 license and that the obligor must request a hearing within 30 days in order to contest the 646.20 suspension. If the obligor makes a written request for a hearing within 30 days of the date 646.21 of the notice, a court hearing must be held. Notwithstanding any law to the contrary, the 646.22 obligor must be served with 14 days' notice in writing specifying the time and place of the 646.23 hearing and the allegations against the obligor. The notice must include information that 646.24 646.25 apprises the obligor of the requirement to develop a written payment agreement that is approved by a court, a child support magistrate, or the public authority responsible for child 646.26 support enforcement regarding child support, maintenance, and any arrearages in order to 646.27 avoid license suspension. The notice may be served personally or by mail. 647.8 in compliance with a written payment agreement pursuant to section 518A.69 that is approved
647.9 by the court, a child support magistrate, or the public authority-; or

647.10 (2) the court, in its discretion, determines that driver's license suspension is unlikely to

647.11 induce the payment of child support or would have direct harmful effects on the obligor or

647.12 joint child that make driver's license suspension an inappropriate remedy. The court may

647.13 consider the circumstances in paragraph (i) in exercising the court's discretion.

(e) (h) An obligor whose driver's license or operating privileges are suspended may:

(1) provide proof to the public authority responsible for child support enforcement thatthe obligor is in compliance with all written payment agreements pursuant to section 518A.69;

privileges should no longer be suspended.

(i) Prior to notifying the commissioner of public safety that an obligor's driver's license
should be suspended or after an obligor's driving privileges have been suspended, the public
authority responsible for child support enforcement may use administrative authority to end
the suspension process or inform the commissioner of public safety that the obligor's driving
privileges should no longer be suspended under any of the following circumstances:

- 648.4 (4) the obligor receives public assistance;
- 648.5 (5) the case is being reviewed by the public authority for downward modification due
- 648.6 to changes in the obligor's financial circumstances or a party has filed a motion to modify

- 648.19 which the suspension of the obligor's driver's license for the nonpayment of child support
- 648.20 is not appropriate. When considering whether the suspension of the obligor's driver's license
- 648.21 is appropriate, the public authority must assess: (i) whether the suspension of the obligor's
- 648.22 driver's license is likely to induce the payment of child support; and (ii) whether the
- 648.23 suspension of the obligor's driver's license would have direct harmful effects on the obligor
- 648.24 or joint children that make driver's license suspension an inappropriate remedy.
- The presence of circumstances in this paragraph does not prevent the public authority from
 proceeding with a suspension of the obligor's driver's license.

If the obligor makes a written request for a hearing 649.12 within 30 days of the date of the notice, a court hearing must be held. Notwithstanding any 649.13 law to the contrary, the obligor must be served with 14 days' notice in writing specifying 649.14 the time and place of the hearing and the allegations against the obligor. The notice may be 649.15 served personally or by mail at the obligor's last known address. If the obligor appears at 649.16 the hearing and the court determines that the obligor has failed to comply with an approved 649.17 written payment agreement, the court or public authority shall notify the Department of 649.18 Public Safety to suspend the obligor's license under paragraph (b) (d). 693.17 **EFFECTIVE DATE.** This section is effective January 1, 2025, or upon federal approval,

693.18 whichever is later, except that paragraph (b), clause (1), is effective January 1, 2024, or

696.28The MNsure board and the commissioner of the Department of Revenue must develop696.29and implement systems, policies, and procedures that encourage, facilitate, and streamline696.30data sharing, projected eligibility assessments, and notice to taxpayers to achieve the purpose

Article 16 Sec. 18.

697.1 of the easy enrollment health insurance outreach program under Minnesota Statutes, section
697.2 62V.13, for operation beginning with tax year 2024.

697.3 Sec. 19. ANALYSIS OF BENEFITS AND COSTS OF A UNIVERSAL HEALTH 697.4 CARE FINANCING SYSTEM.

697.5 <u>Subdivision 1.</u> Definitions. (a) For purposes of this section, the following terms have
697.6 the meanings given.

697.7 (b) "Total public and private health care spending" means:

697.8 (1) spending on all medical care, including but not limited to dental, vision and hearing,
 697.9 mental health, substance use disorder treatment, prescription drugs, medical equipment and
 697.10 supplies, long-term care, and home care, whether paid through premiums, co-payments and
 697.11 deductibles, other out-of-pocket payments, or funding from the government, employers, or
 697.12 other sources; and

697.13 (2) the costs of administering, delivering, and paying for medical care, including but not

697.14 limited to all expenses incurred by insurers, providers, employers, individuals, and the

697.15 government to select, negotiate, purchase, administer, and provide coverage for health care,

697.16 dental care, long-term care, prescription drugs, the medical expense portions of workers

697.17 compensation and automobile insurance, and the cost of administering and paying for all

697.18 <u>health care products and services that are not covered by insurance.</u>

697.19 (c) "All necessary care" means the full range of services listed in the proposed Minnesota

697.20 Health Plan legislation for a universal health care financing system specified in subdivision

697.21 <u>5, including medical, dental, vision and hearing, mental health, substance use disorder</u>

697.22 treatment, reproductive and sexual health, prescription drugs, medical equipment and

697.23 supplies, long-term care, home care, and the coordination of care.

697.24 <u>Subd. 2.</u> **Initial assumptions.** (a) When calculating administrative savings under the 697.25 universal health care financing proposal, the analysts shall recognize that simple, direct

697.26 payment of medical services avoids the need for provider networks, eliminates prior

697.27 authorization requirements, and eliminates administrative complexity of other payment

- 697.28 schemes, along with the need for creating risk adjustment mechanisms and measuring,
- 697.29 tracking, and paying entities according to risk-adjusted or nonrisk-adjusted payment schemes.
- 697.30 (b) The analysts shall assume that, while gross provider payments may be reduced to

697.31 reflect reduced administrative costs, net provider income would remain similar to the current

- 697.32 system. The analysts shall not assume that payment rate negotiations will track current
- 697.33 Medicaid, Medicare, or market payment rates or a combination of those rates, because

698.1 provider compensation, after adjusting for reduced administrative costs, would not be

698.2 <u>universally raised or lowered but would be negotiated based on market needs, so provider</u>

698.3 compensation might be raised in an underserved area such as mental health but lowered in698.4 other areas.

698.5 Subd. 3. Contract for analysis of proposal. (a) The commissioner of health shall
 698.6 contract with one or more independent entities to conduct an analysis of the benefits and

698.7 costs of a legislative proposal for a universal health care financing system and a similar

analysis of the current health care financing system to assist the state in comparing the

698.9 proposal to the current system. The contract must be designed to produce estimates for all698.10 elements in subdivision 6.

(b) The commissioner shall issue a request for information. Based on responses to the

698.12 request for information, the commissioner shall issue a request for proposals that specifies

698.13 requirements for the design, analysis, and deliverables, and shall select one or more

698.14 contractors based on responses to the request for proposals. The commissioner shall consult

- 698.15 with the chief authors of this section in implementing this paragraph.
- 698.16 (c) The commissioner is exempt from the requirements of Minnesota Statutes, chapters

698.17 16A and 16C, when entering into a new contract or amending an existing contract to complete

- 698.18 the necessary analysis required under this section.
- 698.19 Subd. 4. Access to information. (a) The commissioner may request that a state agency

698.20 provide the commissioner and contractor with data as defined in Minnesota Statutes, sections

698.21 <u>62J.04 and 295.52, in a usable format as requested by the commissioner at no cost to the</u>

698.22 <u>commissioner.</u>

698.23 (b) The commissioner may request from a state agency unique or custom data sets. The

agency may charge the commissioner for providing these data sets at the same rate the

698.25 agency would charge any other public or private entity.

(c) Any data submitted to the commissioner shall retain their original classification under
 the Minnesota Data Practices Act in Minnesota Statutes, chapter 13.

(d) The commissioner, under the authority of Minnesota Statutes, chapter 62J, may

698.29 collect data necessary for the performance of assigned duties and shall collect this data in

698.30 <u>a form and manner that ensures the collection of high-quality, transparent data.</u>

698.31 (e) The commissioner of human services shall make available to the vendor selected

698.32 <u>under subdivision 3 any relevant findings from:</u>

- (1) any actuarial and economic analysis for a MinnesotaCare public option
- 699.2 implementation plan and waiver; and
- 699.3 (2) any analysis of a direct payment system.
- 699.4 Subd. 5. **Proposal.** The commissioner of health, in consultation with the commissioners
- of human services and commerce, shall submit to the contractor for analysis the legislative
- 699.6 proposal known as the Minnesota Health Plan, proposed in the 93rd Minnesota Legislature
- as Senate File No. 2740/House File No. 2798, that would establish a universal health care
- 699.8 <u>financing system designed to:</u>
- 699.9 (1) ensure all Minnesotans have health care coverage;
- 699.10 (2) cover all necessary care; and
- 699.11 (3) allow patients to choose their doctors, hospitals, and other providers.
- 699.12 Subd. 6. Proposal analysis. (a) The analysis must measure the performance of both the
- 699.13 proposed Minnesota Health Plan and the current public and private health care financing
- 699.14 system over a ten-year period to contrast the impact of these approaches on:
- 699.15 (1) coverage: the number of people who are uninsured versus the number of people who
 699.16 are insured;
- 699.17 (2) benefit completeness: adequacy of coverage measured by the completeness of the
 699.18 coverage and the number of people lacking coverage for key necessary care elements such
 699.19 as dental services, long-term care, medical equipment or supplies, vision and hearing, and
 699.20 other health services. The analysis must take into account the variety of benefit designs in
- 699.21 the commercial market and report the extent of coverage in each market segment;
- 699.22 (3) underinsurance: whether people with coverage can afford the care they need or
- 699.23 whether cost prevents them from accessing care. This includes affordability in terms of
- 699.24 premiums, deductibles, and out-of-pocket expenses;
- 699.25 (4) system capacity: the timeliness and appropriateness of the care received and whether

699.26 people turn to inappropriate care such as emergency rooms because of a lack of proper care

- 699.27 in accordance with clinical guidelines; and
- 699.28 (5) health care spending: total public and private health care spending in Minnesota
- 699.29 under the current system versus under the Minnesota Health Plan legislative proposal,
- 699.30 including all spending by individuals, businesses, and government. Where relevant, the
- analysis must be broken out by key necessary care areas, such as medical, dental, and mental
- 699.32 health. The analysis of total health care spending must examine whether there are savings

700.1	or additional costs under the universal health care financing system established by the
700.2	legislative proposal compared to the existing system due to:
700.3	(i) changes in the cost of insurance, billing, underwriting, marketing, evaluation, and
700.4	other administrative functions for all entities involved in the health care system, including
700.5	savings from global budgeting for hospitals and institutional care, instead of billing for
700.6	individual services provided;
700.7	(ii) changes in prices for medical services and products, including pharmaceuticals, due
700.8	to price negotiations under the proposal;
700.9	(iii) the impact on utilization, health outcomes, and workplace absenteeism due to
700.10	prevention, early intervention, and health-promoting activities;
700.11	(iv) shortages or excess capacity of medical facilities, equipment, and personnel, including
700.12	caregivers and staff, under either the current system or the proposal, including the rate of
700.13	inappropriate emergency room usage. The analysis must break down capacity by geographic
700.14	differences such as rural versus metropolitan, and disparate access by population group;
700.15	(v) the impact on state, local, and federal government non-health-care expenditures.
700.16	This may include factors such as reduced crime and out-of-home placement costs due to
700.17	the availability of mental health or substance use disorder coverage and other factors
700.18	identified by additional analyses;
700.19	(vi) job losses or gains within the health care system, related to any changes in health
700.20	care delivery, health billing, and insurance administration;
700.21	(vii) job losses or gains elsewhere in the economy under the proposal due to any reduction
700.22	in insurance and administrative burdens on businesses;
700.23	(viii) impact on disparities in health care access and outcomes; and
700.24	(ix) care coordination and case management, including care management conducted by
700.25	health plan companies, to assess the costs of coordinating and navigating care for enrollees.
700.26	(b) The commissioner may provide interim reports and status updates, and shall issue a
700.27	final report by January 15, 2026, to the governor and the chairs and ranking minority
700.28	members of the legislative committees with jurisdiction over health care finance and policy.
700.29	The findings and recommendations of the report must address the feasibility and affordability
700.30	of the proposal and the projected impact of the proposal on the variables listed in paragraph
700.31	(a). The report must also include:

700.32 (1) clear documentation of the technical assumptions made to conduct the analysis;

- 701.1 (2) a comprehensive description of the methodological approach used;
- 701.2 (3) the sensitivity of results to variations in the assumptions; and
- 701.3 (4) the data sources and the robustness of the information used.
- 701.4 **EFFECTIVE DATE.** This section is effective the day following final enactment.

701.5 Sec. 20. <u>ACTUARIAL AND ECONOMIC ANALYSES FOR PUBLIC OPTION</u> 701.6 IMPLEMENTATION PLAN AND WAIVER.

- 701.7 Subdivision 1. Contracting requirement; consultation. (a) The commissioner of human
- ^{701.8} services must contract with one or more independent third-party actuarial firms, which may

^{701.9} include the actuarial firm that develops and certifies current MinnesotaCare rates, to perform

- ^{701.10} and certify actuarial and economic analyses of different public option models that meet the
- 701.11 requirements of this section.
- 701.12 (b) The commissioner of human services, in implementing this section, shall consult
- 701.13 with the commissioners of commerce and health and the Board of Directors of MNsure.
- 701.14 Subd. 2. Content of analyses; state-specific impacts. The actuarial and economic
- 701.15 analyses of public option models must include conclusions, data, and assumptions related
 701.16 to:
- (1) estimated 1332 waiver pass-through funding Minnesota will receive each year for

713.30 Sec. 10. Minnesota Statutes 2022, section 245A.02, subdivision 10b, is amended to read:

Subd. 10b. **Owner.** "Owner" means an individual or organization that has a direct or

^{713.32} indirect ownership interest of five percent or more in a program licensed under this chapter.

For purposes of this subdivision, "direct ownership interest" means the possession of equity 714.1 in capital, stock, or profits of an organization, and "indirect ownership interest" means a 714.2 direct ownership interest in an entity that has a direct or indirect ownership interest in a 714.3 licensed program. For purposes of this chapter, "owner of a nonprofit corporation" means 714.4 the president and treasurer of the board of directors or, for an entity owned by an employee 714.5 stock ownership plan," means the president and treasurer of the entity. 714.9 Sec. 11. Minnesota Statutes 2022, section 245A.04, subdivision 1, is amended to read:

Subdivision 1. Application for licensure. (a) An individual, organization, or government 714.10 entity that is subject to licensure under section 245A.03 must apply for a license. The 714.11 application must be made on the forms and in the manner prescribed by the commissioner. 714.12 The commissioner shall provide the applicant with instruction in completing the application 714.13 and provide information about the rules and requirements of other state agencies that affect 714.14 the applicant. An applicant seeking licensure in Minnesota with headquarters outside of 714 15 Minnesota must have a program office located within 30 miles of the Minnesota border. 714.16 An applicant who intends to buy or otherwise acquire a program or services licensed under 714.17 this chapter that is owned by another license holder must apply for a license under this 714.18 714.19 chapter and comply with the application procedures in this section and section 245A.03 245A.043. 714.20

The commissioner shall act on the application within 90 working days after a complete application and any required reports have been received from other state agencies or departments, counties, municipalities, or other political subdivisions. The commissioner shall not consider an application to be complete until the commissioner receives all of the required information.

When the commissioner receives an application for initial licensure that is incomplete 714.26 because the applicant failed to submit required documents or that is substantially deficient 714.27 714.28 because the documents submitted do not meet licensing requirements, the commissioner shall provide the applicant written notice that the application is incomplete or substantially 714.29 deficient. In the written notice to the applicant the commissioner shall identify documents 714.30 that are missing or deficient and give the applicant 45 days to resubmit a second application 714.31 that is substantially complete. By submitting an 715.4 application for licensure, the authorized agent consents to electronic communication with 715.5 the commissioner throughout the application process. A government 715.7 entity that holds multiple licenses under this chapter may designate one authorized agent 715.8 for all licenses issued under this chapter or may designate a different authorized agent for 715.9 each license. Service on the authorized agent is service on all of the controlling individuals. 715.10 It is not a defense to any action arising under this chapter that service was not made on each 715.11 controlling individual. The designation of a controlling individual as the authorized agent 715.12 under this paragraph does not affect the legal responsibility of any other controlling individual 715.13 under this chapter. 715.14

(c) An applicant or license holder must have a policy that prohibits license holders,
employees, subcontractors, and volunteers, when directly responsible for persons served
by the program, from abusing prescription medication or being in any manner under the

license holder must train employees, subcontractors, and volunteers about the program's
drug and alcohol policy.

(d) An applicant and license holder must have a program grievance procedure that permits
persons served by the program and their authorized representatives to bring a grievance to
the highest level of authority in the program.

(e) The commissioner may limit communication during the application process to the
authorized agent or the controlling individuals identified on the license application and for
whom a background study was initiated under chapter 245C. The commissioner may require
the applicant, except for child foster care, to demonstrate competence in the applicable
licensing requirements by successfully completing a written examination. The commissioner
may develop a prescribed written examination format.

715.30 (f) When an applicant is an individual, the applicant must provide:

(1) the applicant's taxpayer identification numbers including the Social Security number

individuals, including all officers, owners, and managerial officials as defined in section
245A.02, subdivision 5a, and the date that the background study was initiated by the applicant

(3) a letter signed by the manager, administrator, or other executive of the government
entity authorizing the submission of the license application; and

717.3 (4) if applicable, the applicant's NPI number and UMPI number.

the commissioner for services provided under the license that:

(1) the applicant's or license holder's compliance with the provider enrollment agreement

commissioner as part of a licensing investigation or licensing inspection; and

(2) noncompliance with the provider enrollment agreement or registration requirements
for receipt of public funding that is identified through a licensing investigation or licensing
inspection, or noncompliance with a licensing requirement that is a basis of enrollment for
reimbursement for a service, may result in:

(i) a correction order or a conditional license under section 245A.06, or sanctions under
section 245A.07;

(ii) nonpayment of claims submitted by the license holder for public programreimbursement;

717.19 (iii) recovery of payments made for the service;

(3) the applicant complies with applicable laws and rules in all other respects.

(c) A decision by the commissioner to issue a license does not guarantee that any person
or persons will be placed or cared for in the licensed program.

(d) Except as provided in paragraphs (f) and (g), the commissioner shall not issue or
reissue a license if the applicant, license holder, or controlling individual has:

(1) been disqualified and the disqualification was not set aside and no variance has beengranted;

(f) Pursuant to section 245A.07, subdivision 1, paragraph (b), when a license issued

appeal, the program may continue to operate pending a final order from the commissioner.
If the license under suspension or revocation will expire before a final order is issued, a
temporary provisional license may be issued provided any applicable license fee is paid
before the temporary provisional license is issued.

(g) Notwithstanding paragraph (f), when a revocation is based on the disqualification 719.7 of a controlling individual or license holder, and the controlling individual or license holder 719.8 is ordered under section 245C.17 to be immediately removed from direct contact with 719.9 persons receiving services or is ordered to be under continuous, direct supervision when 719.10 719.11 providing direct contact services, the program may continue to operate only if the program complies with the order and submits documentation demonstrating compliance with the 719.12 order. Except for family 720.3 child care, family foster care for children, and family adult day services that the license 720.4 holder provides in the license holder's residence, license holders must document the first 720.5 date that a background study subject has direct contact, as defined in section 245C.02, 720.6 subdivision 11, with a person served by the license holder's program. Unless this chapter 720.7 720.8 otherwise requires, if the license holder does not maintain the documentation required by this subdivision in the license holder's personnel files, the license holder must provide the 720.9 documentation to the commissioner upon the commissioner's request. 720.10

720.11 **EFFECTIVE DATE.** This section is effective January 1, 2024.

720.12 Sec. 14. Minnesota Statutes 2022, section 245A.07, subdivision 2a, is amended to read:

Subd. 2a. Immediate suspension expedited hearing. (a) Within five working days of 720.13 receipt of the license holder's timely appeal, the commissioner shall request assignment of 720.14 an administrative law judge. The request must include a proposed date, time, and place of 720.15 720.16 a hearing. A hearing must be conducted by an administrative law judge within 30 calendar days of the request for assignment, unless an extension is requested by either party and 720.17 granted by the administrative law judge for good cause. The commissioner shall issue a 720.18 notice of hearing by certified mail or personal service at least ten working days before the 720.19 hearing. The scope of the hearing shall be limited solely to the issue of whether the temporary 720.20 immediate suspension should remain in effect pending the commissioner's final order under 720.21 section 245A.08, regarding a licensing sanction issued under subdivision 3 following the 720.22 immediate suspension. For suspensions under subdivision 2, paragraph (a), clause (1), the 720.23 burden of proof in expedited hearings under this subdivision shall be limited to the 720.24 commissioner's demonstration that reasonable cause exists to believe that the license holder's 720.25 actions or failure to comply with applicable law or rule poses, or the actions of other 720.26 individuals or conditions in the program poses an imminent risk of harm to the health, safety, 720.27 or rights of persons served by the program. preponderance of the evidence that, since the license was revoked, the license holder
committed additional violations of law or rule which may adversely affect the health or
safety of persons served by the program.

(b) The administrative law judge shall issue findings of fact, conclusions, and a 721.6 recommendation within ten working days from the date of hearing. The parties shall have 721.7 ten calendar days to submit exceptions to the administrative law judge's report. The record 721.8 shall close at the end of the ten-day period for submission of exceptions. The commissioner's 721.9 final order shall be issued within ten working days from the close of the record. When an 721.10 appeal of a temporary immediate suspension is withdrawn or dismissed, the commissioner 721.11 shall issue a final order affirming the temporary immediate suspension within ten calendar 721.12 days of the commissioner's receipt of the withdrawal or dismissal. Within 90 calendar days 721.13 after an immediate suspension has been issued and the license holder has not submitted a 721.14 timely appeal under subdivision 2, paragraph (b), or within 90 calendar days after a final 721.15 order affirming an immediate suspension, the commissioner shall make a determination 721.16 regarding determine: 721.17

(1) whether a final licensing sanction shall be issued under subdivision 3, paragraph (a),
 clauses (1) to (6). The license holder shall continue to be prohibited from operation of the
 program during this 90-day period-; or

(2) whether the outcome of related, ongoing investigations or judicial proceedings are
necessary to determine if a final licensing sanction under subdivision 3, paragraph (a),
clauses (1) to (6), will be issued and whether persons served by the program remain at an
imminent risk of harm during the investigation period or proceedings. If so, the commissioner
shall issue a suspension order under subdivision 3, paragraph (a), clause (7).
(c) When the final order under paragraph (b) affirms an immediate suspension or the

^{721.27} license holder does not submit a timely appeal of the immediate suspension, and a final
^{721.28} licensing sanction is issued under subdivision 3 and the license holder appeals that sanction,
^{721.29} the license holder continues to be prohibited from operation of the program pending a final
^{721.30} commissioner's order under section 245A.08, subdivision 5, regarding the final licensing
^{721.31} sanction.

(d) The license holder shall continue to be prohibited from operation of the program
while a suspension order issued under paragraph (b), clause (2), remains in effect.

722.1 (d) (e) For suspensions under subdivision 2, paragraph (a), clause (3), the burden of 722.2 proof in expedited hearings under this subdivision shall be limited to the commissioner's 722.3 demonstration by a preponderance of the evidence that a criminal complaint and warrant 722.4 or summons was issued for the license holder that was not dismissed, and that the criminal r22.5 charge is an offense that involves fraud or theft against a program administered by the 722.6 commissioner.

Sec. 15. Minnesota Statutes 2022, section 245A.07, subdivision 3, is amended to read:

Subd. 3. License suspension, revocation, or fine. (a) The commissioner may suspend
or revoke a license, or impose a fine if:

(1) a license holder fails to comply fully with applicable laws or rules including but not
limited to the requirements of this chapter and chapter 245C;

where the licensed services are provided or is otherwise subject to a background study has

(3) a license holder knowingly withholds relevant information from or gives false or
misleading information to the commissioner in connection with an application for a license,
in connection with the background study status of an individual, during an investigation,
or regarding compliance with applicable laws or rules;

(4) a license holder is excluded from any program administered by the commissioner
 under section 245.095; or

(5) revocation is required under section 245A.04, subdivision 7, paragraph (d).; or

(6) suspension is necessary under subdivision 2a, paragraph (b), clause (2).

A license holder who has had a license issued under this chapter suspended, revoked, or has been ordered to pay a fine must be given notice of the action by certified mail or personal service. If mailed, the notice must be mailed to the address shown on the application or the last known address of the license holder. The notice must state in plain language the reasons the license was suspended or revoked, or a fine was ordered.

(b) If the license was suspended or revoked, the notice must inform the license holder
of the right to a contested case hearing under chapter 14 and Minnesota Rules, parts
1400.8505 to 1400.8612. The license holder may appeal an order suspending or revoking
a license. The appeal of an order suspending or revoking a license must be made in writing
by certified mail or personal service. If mailed, the appeal must be postmarked and sent to

the commissioner within ten calendar days after the license holder receives notice that the license has been suspended or revoked. If a request is made by personal service, it must be received by the commissioner within ten calendar days after the license holder received the order. Except as provided in subdivision 2a, paragraph (c), if a license holder submits a timely appeal of an order suspending or revoking a license, the license holder may continue to operate the program as provided in section 245A.04, subdivision 7, paragraphs (f) and (g), until the commissioner issues a final order on the suspension or revocation.

The appeal of an 723.10 order to pay a fine must be made in writing by certified mail or personal service. If a request is made by 723.13 personal service, it must be received by the commissioner within ten calendar days after 723.14 the license holder received the order. 723.15

(2) The license holder shall pay the fines assessed on or before the payment date specified. If the license holder fails to fully comply with the order, the commissioner may issue a second fine or suspend the license until the license holder complies. If the license holder receives state funds, the state, county, or municipal agencies or departments responsible for administering the funds shall withhold payments and recover any payments made while the license is suspended for failure to pay a fine. A timely appeal shall stay payment of the fine until the commissioner issues a final order.

(3) A license holder shall promptly notify the commissioner of human services, in writing,
when a violation specified in the order to forfeit a fine is corrected. If upon reinspection the
commissioner determines that a violation has not been corrected as indicated by the order
to forfeit a fine, the commissioner may issue a second fine. The commissioner shall notify
the license holder by certified mail or personal service that a second fine has been assessed.
The license holder may appeal the second fine as provided under this subdivision.

723.29 (4) Fines shall be assessed as follows:

(i) the license holder shall forfeit \$1,000 for each determination of maltreatment of a

license holder is responsible is the result of maltreatment that meets the definition of serious
maltreatment as defined in section 245C.02, subdivision 18, the license holder shall forfeit
\$5,000;

(iii) for a program that operates out of the license holder's home and a program licensed

of adequate staff-to-child or adult ratios, and failure to comply with background study
requirements under chapter 245C; and

(v) the license holder shall forfeit \$100 for each occurrence of a violation of law or rule
other than those subject to a \$5,000, \$1,000, or \$200 fine in items (i) to (iv).

For purposes of this section, "occurrence" means each violation identified in the commissioner's fine order. Fines assessed against a license holder that holds a license to provide home and community-based services, as identified in section 245D.03, subdivision 1, and a community residential setting or day services facility license under chapter 245D where the services are provided, may be assessed against both licenses for the same occurrence, but the combined amount of the fines shall not exceed the amount specified in this clause for that occurrence.

(5) When a fine has been assessed, the license holder may not avoid payment by closing,
selling, or otherwise transferring the licensed program to a third party. In such an event, the
license holder will be personally liable for payment. In the case of a corporation, each
controlling individual is personally and jointly liable for payment.

(d) Except for background study violations involving the failure to comply with an order 724.25 to immediately remove an individual or an order to provide continuous, direct supervision, 724.26 the commissioner shall not issue a fine under paragraph (c) relating to a background study 724.27 violation to a license holder who self-corrects a background study violation before the 724.28 commissioner discovers the violation. A license holder who has previously exercised the 724.29 provisions of this paragraph to avoid a fine for a background study violation may not avoid 724.30 a fine for a subsequent background study violation unless at least 365 days have passed 724.31 since the license holder self-corrected the earlier background study violation. 724.32

The amount of the room and board rate, as defined in section 256I.03,744.31subdivision 2, that exceeds the medical assistance room and board rate is considered a744.32remedial care cost. A remedial care cost may be used to meet a spenddown obligation under744.33this section. The medical assistance room and board rate is to be adjusted on January 1 of

744.34 each year.

745.1 Sec. 42. Minnesota Statutes 2022, section 256B.0622, subdivision 8, is amended to read:

Subd. 8. Medical assistance payment for assertive community treatment and intensive residential treatment services. (a) Payment for intensive residential treatment services and assertive community treatment in this section shall be based on one daily rate per provider inclusive of the following services received by an eligible client in a given calendar day: all rehabilitative services under this section, staff travel time to provide rehabilitative services under this section, and nonresidential crisis stabilization services under section 256B.0624.

(b) Except as indicated in paragraph (c), payment will not be made to more than one
entity for each client for services provided under this section on a given day. If services
under this section are provided by a team that includes staff from more than one entity, the
team must determine how to distribute the payment among the members.

(c) The commissioner shall determine one rate for each provider that will bill medical assistance for residential services under this section and one rate for each assertive community treatment provider. If a single entity provides both services, one rate is established for the entity's residential services and another rate for the entity's nonresidential services under this section. A provider is not eligible for payment under this section without authorization from the commissioner. The commissioner shall develop rates using the following criteria:

(1) the provider's cost for services shall include direct services costs, other program
costs, and other costs determined as follows:

(i) the direct services costs must be determined using actual costs of salaries, benefits,
payroll taxes, and training of direct service staff and service-related transportation;

(ii) other program costs not included in item (i) must be determined as a specified
percentage of the direct services costs as determined by item (i). The percentage used shall
be determined by the commissioner based upon the average of percentages that represent
the relationship of other program costs to direct services costs among the entities that provide
similar services;

(iii) physical plant costs calculated based on the percentage of space within the program
that is entirely devoted to treatment and programming. This does not include administrative
or residential space;

(iv) assertive community treatment physical plant costs must be reimbursed as part ofthe costs described in item (ii); and

(v) subject to federal approval, up to an additional five percent of the total rate may be
added to the program rate as a quality incentive based upon the entity meeting performance
criteria specified by the commissioner;

(2) actual cost is defined as costs which are allowable, allocable, and reasonable, and
consistent with federal reimbursement requirements under Code of Federal Regulations,
title 48, chapter 1, part 31, relating to for-profit entities, and Office of Management and
Budget Circular Number A-122, relating to nonprofit entities;

746.8 (3) the number of service units;

(4) the degree to which clients will receive services other than services under this section;and

746.11 (5) the costs of other services that will be separately reimbursed.

(d) The rate for intensive residential treatment services and assertive community treatment
must exclude the medical assistance room and board rate, as defined in section 256I.03,
subdivision 6 256B.056, subdivision 5d, and services not covered under this section, such
as partial hospitalization, home care, and inpatient services.

(e) Physician services that are not separately billed may be included in the rate to the extent that a psychiatrist, or other health care professional providing physician services within their scope of practice, is a member of the intensive residential treatment services treatment team. Physician services, whether billed separately or included in the rate, may be delivered by telehealth. For purposes of this paragraph, "telehealth" has the meaning given to "mental health telehealth" in section 256B.0625, subdivision 46, when telehealth is used to provide intensive residential treatment services.

(f) When services under this section are provided by an assertive community treatmentprovider, case management functions must be an integral part of the team.

(g) The rate for a provider must not exceed the rate charged by that provider for thesame service to other payors.

(h) The rates for existing programs must be established prospectively based upon the
expenditures and utilization over a prior 12-month period using the criteria established in
paragraph (c). The rates for new programs must be established based upon estimated
expenditures and estimated utilization using the criteria established in paragraph (c).

(i) Entities who discontinue providing services must be subject to a settle-up process
whereby actual costs and reimbursement for the previous 12 months are compared. In the
event that the entity was paid more than the entity's actual costs plus any applicable

747.1 performance-related funding due the provider, the excess payment must be reimbursed to

the department. If a provider's revenue is less than actual allowed costs due to lower

747.3 utilization than projected, the commissioner may reimburse the provider to recover its actual

allowable costs. The resulting adjustments by the commissioner must be proportional to the
percent of total units of service reimbursed by the commissioner and must reflect a difference
of greater than five percent.

(j) A provider may request of the commissioner a review of any rate-setting decisionmade under this subdivision.

The commissioner shall suspend a vendor's an individual's or entity's 748.14 participation in the program for a minimum of five years if the vendor individual or entity 748.15 is convicted of a crime, received a stay of adjudication, or entered a court-ordered diversion 748.16 program for an offense related to a provision of a health service under medical assistance, 748.17 including a federally approved waiver, or health care fraud. Regardless of imposition of 748.18 sanctions, the commissioner may make a referral to the appropriate state licensing board. 748.19

Patterns need not be proven as a precondition to monetary recovery of erroneous or false claims, duplicate claims, claims for services not medically necessary, or claims based on false statements.

(b) The commissioner may obtain monetary recovery using methods including but not limited to the following: assessing and recovering money improperly paid and debiting from future payments any money improperly paid. The commissioner shall charge interest on money to be recovered if the recovery is to be made by installment payments or debits, except when the monetary recovery is of an overpayment that resulted from a department error. (b) Except when the commissioner finds good cause not to suspend payments under
Code of Federal Regulations, title 42, section 455.23 (e) or (f), the commissioner shall

evidence carefully and acts judiciously on a case-by-case basis. A credible allegation of
fraud is an allegation which has been verified by the state, from any source, including but

will be terminated;

(4) identify the types of claims to which the withholding applies; and

(5) inform the vendor individual or entity of the right to submit written evidence for
 consideration by the commissioner.
