Date October 26, 2021

Overview

H.F. 2619 would make two changes relating to food inspections and wine licenses for 3.2 licensees having sales of less than \$50,000.

Summary

Section Description

1 Variance requests.

Makes a technical change to the food inspection variance law to remove a reference to recently repealed statutes.

Also provides that the sections of law and rules relating to food inspections (that is, the food code) do not apply to 3.2 licensees having less than \$50,000 in sales.

2 Wine licenses.

Creates an exception to the wine license requirements for 3.2 licensees having less than \$50,000 in sales.
