

Dear Nancy,

Please enter my comment into the record for the CD3 hearing on Monday.

I am a resident of Eden Prairie, and strongly advocate that the redistricting plan prioritize keeping communities intact in the Senate Districts. Eden Prairie is almost whole in SD48 currently, and this cohesiveness allows much more community building and community cooperation with city, school, and residents. In the same way, I advocate keeping our immigrant communities intact so they can build community and effectively participate in the political process at all levels.

Respectfully submitted,

*Rod Fisher, Ph.D.*

*Eden Prairie 55346*
