Dear Peter Strohmeier,

Please share this letter of testimony regarding H.F. 89 with the committee.

--

Dear Chair Masin and Local Gov't Division Committee Members,

I am contacting you to express support for H.F. 89 and Ranked Choice Voting for Minnesota.

I was part of the RCV for Minnetonka team for the past two years. Voters approved the ballot question in November 2020. I want this same right for all Minnesota citizens.

Ranked Choice Voting is a simple, non-partisan improvement to the way we vote and the best way to address our growing polarization. It gives voters more choice and more voice and ensures our elected leaders have broad majority support. It has been overwhelmingly successful and popular where it is used, here and across the country, and at the local and state level. The bill has strong, Metro and Greater Minnesota support and deserves to advance in the House.

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

Regards,

Barbara Westmoreland  
4713 Caribou Dr  
Minnetonka, MN 55345

Dear Chair Masin and Local Gov't Division Committee Members,

RCV has a lot of advantages and very little disadvantages . I listened to the anti RCV zoom meeting and wished i could have asked questions why republicans wanted to outlaw RCV . We need to do things smarter in government. Taking away options and new ideas on voting is not what should be happening. Please vote on the bill and pass it out of committee.

Thank you for your service .

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

Dear Chair Masin and Local Gov't Division Committee Members,

I am writing in support of House File 89 and hope you will pass the bill out of committee today. I am very concerned about the future of our democracy. As someone who talks every day to voters across the state, it is remarkable that even during a pandemic and an economic crisis, folks from every walk of life are anxious about the future of our democracy and anxious to see their leaders do something about our electoral system. They want to see an end to political polarization, they want perpetuation of false information to stop, and they want a functional government that collaborates to solve the many issues facing us today. They want to hear and see our leaders make changes to strengthen and improve our democracy. Ranked Choice Voting is used across the country in urban and rural and red and blue places. In MN, voters who use Ranked Choice Voting - love it and they want to see it used in state elections. Thank you for your consideration.

To: Peter Strohmeier, peter.strohmeier@house.mn

Dear Peter Strohmeier,

Please share this testimony with the committee.

--

To: Chair Masin and Committee Members  
From: Andy Dawkins (St. Rep. 1987 - 2002)

If ever a time to close the partisan divide, it is now. Want to strengthen democracy? Want to encourage candidates to appeal to a broader cross-section of the electorate, rather than just their party base? Make sure every winner gets at least 50% of the vote. Assume Jim Democrat gets 30% on the first count, Ann Republican 20%, Lincoln Republican (a new party) 15%, Lilly Green 15%, Joe Independent 11%, and Kay Legalize-It 9%. No one got 50%, so last place Kay is eliminated and her votes re-tabulated for second choices. Everyone increases their vote on this second count, but still no one gets to 50% so last place Joe is eliminated. Ditto happens to Lilly on the third re-tabulation and the totals are now Dem. Jim 42%, Reub. Ann 39%, and Lincoln Repubs. 19%. The Lincoln Repubs. will decide this election. Who did a better job of appealing to these middle-of-the-roaders? Jim or Ann?

Please call for a vote and vote YES to move H.F. 89 out of committee.

P.S. My favorite thing about RCV is that I won't be wasting my vote if I rank my favorite candidate first despite his/her being the underdog. What a good way to get more people wanting to run for office based on idealism!

Dear Chair Masin and Local Gov't Division Committee Members,

I am writing to support H.F. 89 and Ranked Choice Voting for Minnesota. As an election judge and citizen I believe RCV is a positive non-partisan method to increase citizen voice and participation in our elections while decreasing polarization .

I firmly believe that Rank Choice Voting will engage more voters and increase voter buy in to elections. It will support the candidate who is elected because they and their constituents will know they were elected by a majority.

Please move this bill forward. Please call for a vote and advance H.F.89 out of committee.

Thank you.

--

Dear Chair Masin and Local Gov't Division Committee Members,

I am contacting you to express support for H.F. 89 and Ranked Choice Voting for Minnesota.

It is time to have majority rule rather than a situation where someone is elected with 37% of the vote and 63% of voters did not vote for them.

I have never voted for a third party because it seemed a wasted vote. With ranked choice voting, people can unite around specific policies and issues and we can bring more voices and ideas to the table.

Ranked Choice Voting is a simple, non-partisan improvement to the way we vote and the best way to address our growing polarization. It gives voters more choice and more voice and ensures our elected leaders have broad majority support. It has been overwhelmingly successful and popular where it is used, here and across the country, and at the local and state level. Dear Chair Masin and Local Gov't Division Committee Members,

My friends in Minneapolis and St. Louis Park are grateful to have Ranked Choice Voting for their local elections. They wish it was expanded to include the Federal offices especially the Presidential election. I live in Shorewood, MN and we are not able at this time to pass Ranked Choice Voting even if every single person in our city wanted it. Our city does not have a charter.

Your bill HF 89 makes it possible for citizens in Shorewood and all across Minnesota to have the choice to adopt RCV, should they choose! And what a difference it would bring in the tone of campaigns, the money spent, and the candidate chosen would never again be the one with less than the majority of votes! Everyone wins in the whole state.

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

Dear Chair Masin and Local Gov't Division Committee Members,

I am contacting you to express support for H.F. 89 and Ranked Choice Voting for Minnesota.

Ranked Choice Voting is a simple, non-partisan improvement to the way we vote and the best way to address our growing polarization. It gives voters more choice and more voice and ensures our elected leaders have broad majority support. It has been overwhelmingly successful and popular where it is used, here and across the country, and at the local and state level. The bill has strong, Metro and Greater Minnesota support and deserves to advance in the House.

In my own research I have learned that RCV can mandate more of a coalition of voters for a candidate and elected officials gain a broader understanding of the will of the constituents. The result could end the stark either/or mentality of our current political environment. I would feel that even if my first choice didn't win that I would potentially continue to have a somewhat receptive leader in St. Paul. I am formerly represented by state senator Dan Hall and Congressman Jason Lewis who refused to respond to my emails and calls. This was largely due to the partisanship that they basically didn't have to listen to me even though Mr. Lewis for example did not have more than 50% of the votes. I firmly believe that RCV is the answer to gaining fair representation.

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

--

Dear Chair Masin and Local Gov't Division Committee Members,

Because I value moderation, I am contacting you to express support for H.F. 89 and Ranked Choice Voting for Minnesota.

Ranked Choice Voting is a tool for incentivizing those running for office to appeal to the moderate middle of an issue and to find acceptable compromise between constituencies. Additionally, Ranked Choice Voting allows a voter's full voice to be heard. By voting this bill to the house floor, you are endorsing the simple idea that voters can vote for individuals they believe in without wondering, "did I just waste my vote?". This change cannot come soon enough, as some campaigns have already attempted to weaponize our fractured politics in order to win elections with a minority of support. In order to protect moderation, bipartisanship, and our elections, we must support this bill to give voters their full and nuanced voice.

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

Subject: Letter of Testimony re H.F. 89: Vote YES to advance it out of committee.  
To: Peter Strohmeier, peter.strohmeier@house.mn

Dear Peter Strohmeier,

Please share this letter of testimony regarding H.F. 89 with the committee.

--

Dear Chair Masin and Local Gov't Division Committee Members,

I am contacting you to express support for H.F. 89 and Ranked Choice Voting for Minnesota.

Ranked Choice Voting is a simple, non-partisan improvement to the way we vote and the best way to address our growing polarization. It gives voters more choice and more voice and ensures our elected leaders have broad majority support. It has been overwhelmingly successful and popular where it is used, here and across the country, and at the local and state level. The bill has strong, Metro and Greater Minnesota support and deserves to advance in the House.

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

Regards,

ZACHARY HILGEMANN

--

Dear Chair Masin and Local Gov't Division Committee Members,

I am contacting you to express support for H.F. 89 and Ranked Choice Voting for Minnesota.

Ranked Choice Voting is a simple, non-partisan improvement to the way we vote and the best way to address our growing polarization. It gives voters more choice and more voice and ensures our elected leaders have broad majority support. It has been overwhelmingly successful and popular where it is used, here and across the country, and at the local and state level. The bill has strong, Metro and Greater Minnesota support and deserves to advance in the House.

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

Dear Chair Masin and Local Gov't Division Committee Members,

I am writing to express support for H.F. 89 and endorse Ranked Choice Voting in Minnesota.

Political polarization divides our people and creates conflict in our government. The average person, by definition, takes a moderate stance... and yet the average person is being represented by one radical political party or the other. Most voters are forced to strategically vote for "the lesser of two evils". We know that if you vote for anyone other than a major party candidate, your vote doesn't count.

Ranked Choice Voting would allow people to vote without fear, for people they actually believe in. We wouldn't have to settle for "the lesser of two evils". It would require candidates to appeal to the entire population, not just the radical core that their party has predefined for them. We would start talking about the things we agree need to get done, rather than argue over fine points that we disagree on. We would have a larger pool of candidates to choose from, and better competition in elections. Nobody looks at just 2 resumes before making a decision.

At a time when we are more divided than ever, Ranked Choice Voting will unify people.

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

Regards,

Trevor Zarecki  
611 Monroe St NE

Dear Chair Masin and Local Gov't Division Committee Members,

RCV eliminates the spoiler effect.

RCV gives third parties a chance to demonstrate their strength by allowing citizens to vote for their preferred candidate without fear of tipping the election to another candidate.

RCV does not favor Democrats or Republicans. It reduces mischief and gives equal opportunity to all parties and candidates.

Dear Chair Masin and Local Gov't Division Committee Members,

I am contacting you to express support for H.F. 89 and Ranked Choice Voting for Minnesota.

Ranked Choice Voting is a simple, non-partisan improvement to the way we vote and the best way to address our growing polarization. It gives voters more choice and more voice and ensures our elected leaders have broad majority support. It has been overwhelmingly successful and popular where it is used, here and across the country, and at the local and state level. The bill has strong, Metro and Greater Minnesota support and deserves to advance in the House.

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

Regards,

Ian Radtke-Rosen  
22300 Penn Ave  
Lakeville, MN 55044

Ranked Choice Voting is a simple, non-partisan improvement to the way we vote and the best way to address our growing polarization. It gives voters more choice and more voice and ensures our elected leaders have broad majority support. It has been overwhelmingly successful and popular where it is used, here and across the country, and at the local and state level. The bill has strong, Metro and Greater Minnesota support and deserves to advance in the House.

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

Ranked Choice Voting is a simple, non-partisan improvement to the way we vote and the best way to address our growing polarization. It gives voters more choice and more voice and ensures our elected leaders have broad majority support. It has been overwhelmingly successful and popular where it is used, here and across the country, and at the local and state level. The bill has strong, Metro and Greater Minnesota support and deserves to advance in the House.

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

Subject: Letter of Testimony re H.F. 89: Vote YES to advance it out of committee.

To: Peter Strohmeier, peter.strohmeier@house.mn

Dear Peter Strohmeier,

Please share this letter of testimony regarding H.F. 89 with the committee.

--

Dear Chair Masin and Local Gov't Division Committee Members,

I am contacting you to express support for H.F. 89 and Ranked Choice Voting for Minnesota.

My deeply held convictions do not fully align with either major party line. As such, I have personally experienced the pain that comes with casting my vote for a candidate who represents the practical choice but with whom I disagree on fundamental, life-and-death issues. I have been forced to determine whether the good my vote achieves in one domain outweighs the evil it does in another. This tortured calculus has only become more difficult as polarization has grown, and candidates increasingly engage in divisive rhetoric. By elevating diverse voices and giving voters the power to choose according to their conscience, Ranked Choice Voting represents a first step toward addressing the polarization crisis facing our state and our nation.

This hyper-polarization is not an abstract phenomenon for me. As a clinical psychology intern, I have witnessed first-hand the very real havoc that it has played on the mental health and relationships of Minnesotans across the political spectrum. Even in the midst of the immense fear, loneliness, and grief associated with the COVID-19 pandemic, the anxiety triggered by our broken electoral politics stands out.

There is no time to waste in passing H.F. 89. The depth of the polarization crisis is already damaging the mental health of Minnesotans, on top of the devastating effects of the COVID-19 pandemic. I urge you to please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

Regards,

Patrick Cruitt

--

Dear Chair Masin and Local Gov't Division Committee Members,

I am contacting you to express support for H.F. 89 and Ranked Choice Voting for Minnesota.

Ranked Choice Voting is a simple, non-partisan improvement to the way we vote and the best way to address our growing polarization. It gives voters more choice and more voice and ensures our elected leaders have broad majority support. It has been overwhelmingly successful and popular where it is used, here and across the country, and at the local and state level. The bill has strong, Metro and Greater Minnesota support and deserves to advance in the House.

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

Dear Peter Strohmeier,

The rest is a pre-generated message I'm sure you've already seen but does capture what I believe. Ranked choice voting is fundamentally more democratic and it is bewildering to me that the archaic first past the post system hasn't been sooner updated.

Please share this letter of testimony regarding H.F. 89 with the committee.

Subject: Letter of Testimony re H.F. 89: Vote YES to advance it out of committee.  
To: Peter Strohmeier, peter.strohmeier@house.mn

Dear Peter Strohmeier,

Please share this letter of testimony regarding H.F. 89 with the committee.

--

Dear Chair Masin and Local Gov't Division Committee Members,

I am contacting you to express support for H.F. 89 and Ranked Choice Voting for Minnesota.

Ranked Choice Voting is a simple, non-partisan improvement to the way we vote and the best way to address our growing polarization. It gives voters more choice and more voice and ensures our elected leaders have broad majority support. It has been overwhelmingly successful and popular where it is used, here and across the country, and at the local and state level. The bill has strong, Metro and Greater Minnesota support and deserves to advance in the House.

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

Regards,

Tom Rusterholz

Dear Chair Masin and Local Gov't Division Committee Members,

I am contacting you to express support for H.F. 89 and Ranked Choice Voting for Minnesota.

As a commissioner on the City of Blaine Charter Commission and a recent candidate for mayor in the City of Blaine, I have both fought for the fair, economical, and representative outcomes for my fellow citizens in Blaine. In 2020, we had the largest turnout in the mayoral primary in recent history. I received a few hundred votes less than the second place finisher and the candidate who finished behind me was only a couple hundred votes shy as well. Combined, the number of votes cast for all candidates except the top vote-getter exceeded that candidate. While it's not possible to know if that same distribution of votes would have persisted into November, it's fair to say that the outcome of the election could easily have been different if RCV had been in place. Better stated: the voters who cast their vote for 3 of the 5 candidates in the primary election were not heard in November and likely were disenfranchised in that race because we haven't adopted a simple election reform like RCV.

Ranked Choice Voting is a simple, non-partisan improvement to the way we vote and the best way to address our growing polarization. It gives voters more choice and more voice and ensures our elected leaders have broad majority support. It has been overwhelmingly successful and popular where it is used, here and across the country, and at the local and state level. The bill has strong Metro and Greater Minnesota support and deserves to advance in the House.

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

To: Peter Strohmeier, peter.strohmeier@house.mn

Dear Peter Strohmeier,

Please share this letter of testimony regarding H.F. 89 with the committee.

--

Dear Chair Masin and Local Gov't Division Committee Members,

I am contacting you to express support for H.F. 89 and Ranked Choice Voting for Minnesota.

Ranked Choice Voting is a simple, non-partisan improvement to the way we vote and the best way to address our growing polarization. It gives voters more choice and more voice and ensures our elected leaders have broad majority support. It has been overwhelmingly successful and popular where it is used, here and across the country, and at the local and state level. The bill has strong, Metro and Greater Minnesota support and deserves to advance in the House.

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

Regards,

Nancy Schultz

Subject: Testimony regarding H.F. 89: Vote yes to advance it out of committee

To: Peter Strohmeier, peter.strohmeier@house.mn

Dear Peter Strohmeier,

Dear Chair Masin and Local Government Division Committee Members,

I am contacting you to express support for H.F. 89 and Ranked Choice Voting (RCV) for Minnesota.

RCV is a simple, non-partisan improvement to the way we vote and the best way to address our growing polarization. It gives voters more choice and more voice and ensures our elected leaders have broad majority support. It has been overwhelmingly successful and popular where it is used, here and across the country, and at the local and state level. I have been fortunate enough to vote using RCV in both Minneapolis and St. Paul in the past decade and hope that others will be able to make use of this valuable improvement.

The bill has strong support in both the metro and greater Minnesota, at present has 39 cosponsors, and deserves to advance in the House.

Please, insist on a vote and vote yes to move H.F. 89 out of committee and on its way to improve elections in our state.

Thank you.

Dear Chair Masin and Local Gov't Division Committee Members,

I am contacting you to express support for H.F. 89 and Ranked Choice Voting for Minnesota.

It's no secret that elected officials are currently unable to work together across party lines to solve problems. Ranked Choice Voting is a simple, non-partisan improvement to the way we run elections. It offers the best hope for getting rid of gridlock and polarization. It gives voters more choice and more voice, and ensures our elected leaders have broad majority support. It has been overwhelmingly successful and popular where it is used, here and across the country, and at the local and state level. The bill has strong, Metro and Greater Minnesota support and deserves to advance in the House.

Subject: Letter of Testimony re H.F. 89: Vote YES to advance it out of committee.

To: Peter Strohmeier, peter.strohmeier@house.mn

Dear Peter Strohmeier,

Please share this letter of testimony regarding H.F. 89 with the committee.

--

Dear Chair Masin and Local Gov't Division Committee Members,

I am contacting you to express support for H.F. 89 and Ranked Choice Voting for Minnesota.

Ranked Choice Voting is a simple, non-partisan improvement to the way we vote and the best way to address our growing polarization. It gives voters more choice and more voice and ensures our elected leaders have broad majority support. It has been overwhelmingly successful and popular where it is used, here and across the country, and at the local and state level. The bill has strong, Metro and Greater Minnesota support and deserves to advance in the House.

Please call for a vote and vote YES to move H.F. 89 out of committee.

Thank you.

Regards,

Tabatha Ries-Miller
