

Subject Open meeting participation conditions from nonpublic location amended

Authors Masin

Analyst Chelsea Griffin

Date March 22, 2022

Summary

Under current law, a member of certain public bodies may participate in an open meeting from a nonpublic location up to three times under certain circumstances, including due to personal or family medical reasons. However, this exception only applies when a state of emergency has been declared under section 12.31. This bill removes the state of emergency limitation on this exception.
