

# Minnesota Bioincentive Program Reimbursements Through Q2 FY 2026

## Minnesota Bioincentive gap between allocated funding and received reimbursements from 2017-2026 Q2

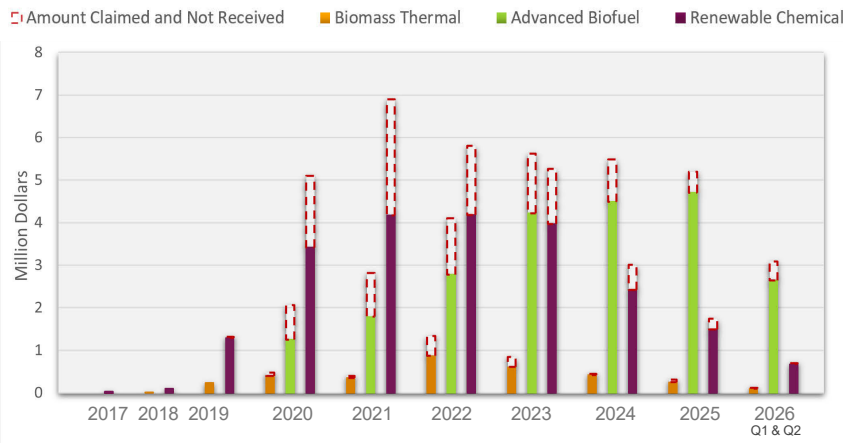

Claims operated on a first-come, first-served basis through FY2019. Beginning in FY2020, claims are reimbursed pro-rata, meaning that in any quarter where allocated funds are less than the total of eligible claims, the funds remaining in that quarter are awarded proportionally to projects. Once funds have been depleted in a given fiscal year, additional payments are not made until the next fiscal year. The production start deadline for facilities to qualify for payments was June 30, 2025.

## Facilities that have received payments from the Bioincentive Program

## Reimbursements claimed vs. received, by sector

# Minnesota Bioincentive Program Reimbursements Through Q2 FY 2026

## Bioproduct facilities that have historically received payments from the Bioincentive Program and the amount each company remitted and received through the program in FY 2026

Company	Description	City	Remitted (\$)	Received (\$)
Al-Corn Clean Fuel, LLC	Advanced biofuel from corn	Claremont	363,140	320,400
Guardian Energy	Advanced biofuel from corn	Janesville	544,270	451,550
Heartland Corn Products	Advanced biofuel from corn	Winthrop	454,440	375,600
Highwater Ethanol, LLC	Advanced biofuel from corn	Lamberton	219,890	186,310
Poet Biorefining	Advanced biofuel from corn	Multiple	447,050	373,770
Chippewa Valley Ethanol Company, LLLP	Advanced biofuel from corn	Benson	112,190	93,590
Amp Americas	Pipeline RNG from three anaerobic digesters	Morris	480,720	403,570
Lonza Inc.	Biobased chemical production from wood	Cohasset	32,020	27,050
Sappi Cloquet, LLC	Biobased chemical production from wood	Cloquet	677,720	657,760
Norbord Minnesota Inc.	Biomass thermal energy	Solway	-	-
Shawn Fletcher Trucking Inc.	Biomass thermal energy	Brainerd	61,430	53,700
Itasca Community College	Biomass thermal energy from wood	Grand Rapids	-	-
Savanna Pallets, LLC	Biomass thermal energy from wood	McGregor	9,820	6,680
Koda Energy, LLC	Biomass thermal energy from wood/oat hulls	Shakopee	-	-

Notes: Central Minnesota Renewables has also received payments but is no longer operational. Advanced biofuel from corn refers to corn kernal cellulosic ethanol from corn.

## Bioincentive Program claims (FY 2020-Q2 FY 2026)

	FY20	FY21	FY22	FY23	FY24	FY25	FY26 Q1&Q2
Advanced Biofuel	\$1,254,058	\$1,792,015	\$2,779,420	\$4,216,330	\$4,491,040	\$4,704,466	\$2,204,799
Renewable Chemicals	\$3,417,802	\$4,165,480	\$4,181,078	\$612,839	\$2,424,247	\$1,492,495	\$657,758
Biomass Thermal Energy	\$397,304	\$345,432	\$873,046	\$3,971,318	\$422,616	\$250,140	\$87,443
<b>Total</b>	<b>\$5,069,164</b>	<b>\$6,302,927</b>	<b>\$7,833,544</b>	<b>\$8,800,488</b>	<b>\$7,337,902</b>	<b>\$6,447,101</b>	<b>\$3,425,682</b>
Allocated	\$2,500,000	\$2,500,000	\$4,500,000	\$5,750,000	\$5,750,000	\$5,700,000	\$2,950,000
