Summary

This bill clarifies that in court cases for a trust the court can hear the case based on both in rem jurisdiction, based on the trust itself, or in persona jurisdiction, the court's jurisdiction over a person. The Minnesota Trust Code, Minnesota Statutes, chapter 501C, was passed in 2015 and updated the trust laws for the state. The intention was to allow either in rem jurisdiction or in persona jurisdiction and this bill is intended to clarify that in statute.
