State Cost (Savings) Calculation Details

This table shows direct impact to state government only. Local government impact, if any, is discussed in the narrative. Reductions are shown in parentheses.

*Transfers In/Out and Absorbed Costs are only displayed when reported.

State Cost (Savings) = 1-2		Biennium			Biennium	
Dollars in Thousands	FY2021	FY2022	FY2023	FY2024	FY2025	
Total	-	-	-	-	-	-
Biennial Total			-			-
1 - Expenditures, Absorbed Costs*, Transfers Out*						
Total	-	-	-	-	-	-
Biennial Total			-			-
2 - Revenues, Transfers In*						
Total	-	-	-	-	-	-
Biennial Total			-			-

Bill Description

This language amends Minnesota Statute 151.01, subdivision 27, which defines the practice of pharmacy. If enacted, this bill modifies the definition of “practice of pharmacy” in two ways:

- 1) It allows a pharmacist to administer intramuscular and subcutaneous drugs under a prescription drug order. Previously, the ability to administer was limited to the treatment of alcohol or opioid dependence.
- 2) It allows a pharmacist to participate in the placement of drug monitoring devices according to a prescription protocol, or collaborative practice agreement.

Assumptions

This creates language in Chapter 151 which the Board of Pharmacy has jurisdiction over. If enacted, the Board would not have to complete any additional inspections, develop new forms, or track pharmacists who engage in this new activity. The Board might receive additional complaints, but the increase is expected to be minimal. Consequently, it is anticipated that the Board will be able to absorb any expenses related to an increase in complaints within its existing budget.

Expenditure and/or Revenue Formula

There is no fiscal impact to Board of Pharmacy.

Long-Term Fiscal Considerations

None known

Local Fiscal Impact
