1.5 "Sec. 9.[471.463] CONSTRUCTION MANAGER AT RISK.

1.6 Subdivision 1. Definitions. (a) For purposes of this section, the definitions in this
1.7 subdivision have the meanings given them.

1.8 (b) "Construction manager at risk" means a person who is selected by the municipality
1.9 to act as a construction manager to manage the construction process, including but not
1.10 limited to responsibility for the price, schedule, and workmanship of the construction
1.11 performed according to the procedures in this section.

1.12 (c) "Construction manager at risk contract" means a contract for construction of a project
1.13 between a construction manager at risk and a municipality, which shall include a guaranteed
1.14 maximum price, construction schedule, and workmanship of the construction performed.

1.15 (d) "Guaranteed maximum price" means the maximum amount that a construction
1.16 manager at risk is paid pursuant to a contract to perform a defined scope of work.

1.17 (e) "Guaranteed maximum price contract" means a contract under which a construction
1.18 manager or subcontractor is paid on the basis of the actual cost to perform the work specified
1.19 in the contract plus an amount for overhead and profit, the sum of which must not exceed
1.20 the guaranteed maximum price in the contract.

1.21 (f) "Municipality" has the meaning given under section 471.345, subdivision 1.

1.22 (g) "Past performance" or "experience" does not include the exercise or assertion of a
1.23 person's legal rights.

2.1 (h) "Person" means an individual, corporation, partnership, association, or other legal
2.2 entity.

2.3 (i) "Project" means an undertaking to construct, alter, or enlarge a building, structure,
2.4 or other improvement, except a street, road, highway or bridge, by or for a municipality.

2.5 (j) "Request for proposals" means the document or publication soliciting proposals for
2.6 a construction manager at risk contract as provided in this section.

2.7 (k) "Request for qualifications" means the document or publication soliciting
2.8 qualifications for a construction manager at risk contract as provided in this section.

2.9 (l) "Trade contract work" means labor, materials, or equipment furnished by contractors
2.10 or vendors that are incorporated into the completed project or are major components of the
2.11 means of construction. Work performed by trade contractors involves specific portions of
2.12 the project, but not the entire project.

2.13 Subd. 2. **Authority.** Notwithstanding any other law to the contrary, a municipality may
2.14 use a construction manager at risk method of project delivery and award a construction
2.15 manager at risk contract based on the selection criteria described in this section.

2.16 Subd. 3. **Solicitation of qualifications.** (a) A request for qualifications must be prepared
2.17 for each construction manager at risk contract as provided in this section. The request for
2.18 qualifications must contain, at a minimum, the following elements:

2.19 (1) procedures for submitting qualifications, the criteria and subcriteria for evaluating
2.20 the qualifications and the relative weight for each criteria and subcriteria, and the procedures
2.21 for making awards in an open, competitive, and objective manner, applying a scoring or
2.22 trade-off evaluation method, including a reference to the requirements of this section;

2.23 (2) the proposed terms and conditions for the contract;

2.24 (3) the desired qualifications of the construction manager at risk;

2.25 (4) the schedule for commencement and completion of the project;

2.26 (5) any applicable budget limits for the project;

2.27 (6) the requirements for insurance and statutorily required performance and payment
2.28 bonds; and

2.29 (7) the identification and location of any other information in the possession or control
2.30 of a municipality that the municipality determines is material, including surveys, soils
2.31 reports, drawings or models of existing structures, environmental studies, photographs, or
2.32 references to public records.

3.1 (b) The request for qualifications criteria must not impose unnecessary conditions beyond
3.2 reasonable requirements to ensure maximum participation of construction managers at risk.
3.3 The criteria must not consider the collective bargaining status of the construction manager
3.4 at risk.

3.5 (c) The request for qualifications criteria may include a requirement that the proposer
3.6 include the cost for the proposer's services.

3.7 (d) Notice of requests for qualifications must be advertised in a manner designated by
3.8 the municipality.

3.9 Subd. 4. Construction manager at risk selection process. (a) In a construction manager
3.10 at risk selection process, the following applies:

3.11 (1) upon determining to utilize a construction manager at risk for a project, a municipality
3.12 shall create a selection committee composed of a minimum of three persons, at least one of
3.13 whom has construction industry expertise; and

3.14 (2) a municipality shall establish procedures for determining the appropriate content of
3.15 a request for qualifications, as provided in subdivision 3.

3.16 (b) In accordance with the criteria and procedures set forth in the request for
3.17 qualifications, the selection committee shall evaluate the experience of a proposer as a
3.18 construction manager at risk, including but not limited to capacity of key personnel, technical
3.19 competence, capability to perform, past performance of the firm and its employees, safety
3.20 record and compliance with state and federal law, availability to and familiarity with the
3.21 project locale, and other appropriate facts submitted by the proposer in response to the
3.22 request for qualifications.

3.23 (c) If a municipality receives fewer than three proposals from construction managers,
3.24 the municipality may:

3.25 (1) proceed as described in paragraph (d);

3.26 (2) solicit new proposals;

3.27 (3) revise the request for qualifications and then solicit new proposals using the revised
3.28 request for qualifications;

3.29 (4) select another allowed procurement method;

3.30 (5) proceed with a sole proposer if the municipality determines the construction manager
3.31 at risk marketplace is limited and the benefit of issuing a new solicitation is not practicable;
3.32 or

4.1 (6) reject all proposals.

4.2 (d) The selection committee shall review the qualification of each proposer. If there is
4.3 more than one proposer, the selection committee shall create a short list of two to five
4.4 proposers.

4.5 (e) A municipality shall issue a request for proposals requiring cost and other information
4.6 as desired from the short-listed proposers.

4.7 (f) The selection committee may conduct formal interviews with the short-listed proposers
4.8 but shall not disclose any proprietary or confidential information contained in one proposal
4.9 to another proposer, and shall rank the proposers by applying a scoring or trade-off evaluation
4.10 method. The scoring or trade-off evaluation method must be described in the request for
4.11 proposals.

4.12 Subd. 5. **Construction manager at risk contract.** (a) A municipality shall conduct
4.13 contract negotiations with the highest ranked proposer to reach agreement on the cost and
4.14 terms of the contract. If an agreement cannot be reached with the highest ranked proposer,
4.15 the municipality may begin negotiations with the next highest ranked proposer. The
4.16 negotiation process continues until an agreement is reached with a proposer or the
4.17 municipality rejects all proposals.

4.18 (b) The construction manager at risk shall competitively bid all trade contract work for
4.19 the project from a list of qualified firms. The list of qualified firms may be limited to qualified
4.20 Small Business Enterprise and/or Disadvantaged Business Enterprise (SBE/DBE) firms,
4.21 subject to availability of such qualified SBE/DBE firms for the specific work. The list of
4.22 qualified firms must be based on an open, competitive, and objective prequalification process
4.23 in which the selection criteria, approved by the municipality, may include but is not limited
4.24 to the firm's experience as a constructor, including capacity of key personnel, technical
4.25 competence, capability to perform, past performance of the firm and its employees, safety
4.26 record and compliance with state and federal law, availability to and familiarity with the
4.27 project locale, SBE/DBE certification, and other considerations as defined by the construction
4.28 manager at risk and the municipality. The construction manager at risk and the municipality
4.29 shall jointly determine the composition of the list of qualified firms. With the municipality's
4.30 approval, upon request, the construction manager at risk may also submit bids for trade
4.31 contract work if the construction manager at risk does not participate in the municipality's
4.32 review of the bids or selection decision.

4.33 (c) The construction manager at risk and the municipality shall enter into a guaranteed
4.34 maximum price contract for the project."
