

**Subject** Electronic pull-tab revenue dedicated for support of the Minnesota-bred Thoroughbred industry

**Authors** Witte and Tabke

**Analyst** Alexandra Haigler

**Date** April 10, 2026

## Summary

This bill appropriates \$2,000,000 annually beginning in fiscal year 2027 from revenue generated from the tax imposed on electronic pull-tab games to the Minnesota Racing Commission. Currently, tax revenue from charitable gaming activity is deposited into the state general fund.

The bill requires the commission to use the funds to (1) supplement purses for races held from Minnesota-bred Thoroughbreds, and (2) provide grants, loans, and other incentives to breeders and owners to promote the Minnesota-bred Thoroughbred racing industry.
