Rep. Andrew Myers
2nd Floor Centennial Office Building
St. Paul, MN 55155

Representative Andrews, The Minnesota Professional Firefighters (MPFF) support H.F.796. I represent over 2000 full-time firefighters, Paramedics, EMSs, and Dispatchers. We feel that decision-makers must understand our jobs in public safety. These include working conditions, Call types, and day-to-day operations. We want the legislature members to take the time to understand their decisions better. We fully support this effort. Please consider this letter of support.
