Re: HF 2073 Higher Education Omnibus Bill

Dear Representative Pelowski and Representative Vang:

We have had the opportunity to review the DE2 Amendment to HF 2073. We deeply appreciate the continued funding of College Possible. With your support and the support of other fundraising College Possible will continue to assist students from underrepresented communities on their path to a college degree. Your overall bill represents a commitment to support Minnesota's colleges and universities and we applaud your efforts as well as those of the Governor. Our mission is to help students access those institutions that you support. Together we are making a significant difference in the lives of these students.

We wish to express special thanks to Representative Vang for her authoring the underlying bill.

Again, we wish to express our strong endorsement of your bill and express our thanks for your work and that of the committee.

Sincerely,
