Sec. 6. Minnesota Statutes 2024, section 241.021, is amended by adding a subdivision to read:

Subd. 4f. Provision of medications in correctional facilities.

(a) Correctional facilities licensed by the commissioner shall administer to confined and incarcerated persons the same medications prescribed to those individuals prior to their incarceration or confinement.

(b) Unless a confined or incarcerated person is subject to a Jarvis order that dictates otherwise, paragraph (a) does not apply when:

(i) a licensed health care professional determines, after consulting with the licensed health care professional who prescribed the medication, that the prescribed medication is not medically appropriate for the person based on the person's medical condition or status;

(ii) a licensed health care professional determines a medication that is as least as effective as the current medication the person is prescribed is available to treat the condition and the licensed health care professional who prescribed the current medication approves the change in medications; or

(iii) the person provides written notice to the licensed health care professional who is responsible for inmate health care at the correctional facility that the person no longer desires to take the medication.

(c) As used in this subdivision, "licensed health care professional" means a physician licensed under chapter 147, physician assistant licensed under chapter 147A, or advanced practice registered nurse as defined in section 148.171, subdivision 3.
