

## WHY DO WE SUPPORT

### The Fairmont Area Schools Vocational Expansion Project Referendum?

#### Solutions

- Provide additional space at the Fairmont Area High School for vocational programs that increase students' opportunities to receive job/career training for immediate job opportunities in the Fairmont area.
- Attract and retain our own Fairmont talent for jobs. Preparing Fairmont area school students to fill these good-paying jobs required by our Fairmont area employers, right in our own back yard, is a win-win solution to help our local employers attract and retain the skilled workers they need to compete.

#### Why now?

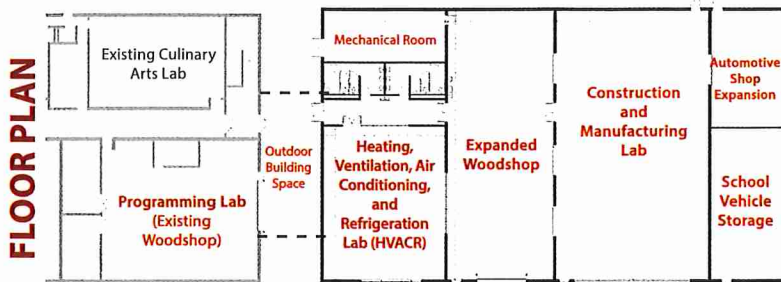

- The need is immediate for skilled workers in the Fairmont area.
- Interest rates are at historical lows.
