Date March 24, 2022

Summary

This bill instructs the revisor of statutes to: (1) renumber several sections of statute in chapter 256D related to the Supplemental Nutrition Assistance Program and Minnesota food assistance program; and (2) make any necessary grammatical and cross-reference changes consistent with the renumbering. This renumbering will better organize and clarify the statutes in chapter 256D, which relates to economic assistance and food support.

The bill also repeals Minn. Stat. § 256D.055 (county design; work focus program), which is obsolete.
