

Representative Tina Liebling, Chair
Health & Human Service Conference Committee

March 17th, 2022

Chair Liebling and Health Finance and Policy Committee Members,

On behalf of the Minnesota Ambulance Association, we would like to extend our support for HF#3360 carried by Representative Morrison to direct the Commissioner to work and develop a Statewide Registry for Provider Orders for Life Sustaining Treatment. POLST.

The ambulance industry has continued to struggle with a strong platform to track and access these important documents to provide our patients the opportunity to address their personal medical wishes. Especially during their end-of-life care.

The MAA stands ready to serve on this work group and offer our subject matter expertise.

Professionally,

Joe Newton
