

Recipe for Success

MRCI + Nolabelle = Darin

Employment partners like Nolabelle in Mankato truly help MRCI find the right recipe for success for those we serve.

Meet Darin.

Darin started working at Nolabelle just over a year ago. He was a little nervous about things when he first started but once he found a good routine, things have been going great.

Darin says, “I’ve been here a long time and I really like all of my coworkers. Because I like what I do, I find the job is easy. An added perk is I get to try all the new foods. Mike, the head chef, and Alexa, Nolabelle owner, are very nice and respectful making it great to work with them.”

Darin loves all things bacon and shares those are the dishes he loves to try. Alexa, in turn, is happy to have cooked up such a great opportunity for Darin.

Alexa says “Darin is punctual, a pleasure to be around, and brightens up the kitchen. He plays good music and is always finding things to keep himself busy with. When Darin is caught up with his own work, he is always willing to help out in other areas. Darin has started to learn some minor food prep tasks such as making biscuits and we hope to have him try prepping pasta and vegetables at some point. Darin is a part of the Nolabelle family.”
