

414 Nicollet Mall,
Minneapolis, Mn 55401

March 9, 2026

Dear Co-Chair Acomb, Co-Chair Swedzinski, and Members of the House Energy Committee,

Thank you for the opportunity to comment on HF 3778, which proposes to add certain annual reporting requirements. As a regulated public utility serving customers in Minnesota, Xcel Energy is accustomed to reporting and we embrace the transparency that such reporting brings. We also work to provide regulators and the public with the information they need as efficiently as possible because drafting and reviewing reports comes with a financial cost.

Xcel Energy reports annually, as required by FERC, comprehensive information in the FERC Form 1 document. This 290-page document provides detailed information about many aspects of our business and provides regulators with needed information. As discussions around HF 3778 proceed, we will continue to advocate for the most efficient way possible to report.

For your convenience, I have included a link to our FERC Form 1 document:

https://s202.q4cdn.com/586283047/files/doc_downloads/FERC/2024/NSPM-2024-FERC-Form-1-As-Filed-4-4-25.pdf

We appreciate the opportunity to continue the discussion with Rep. Mahamoud and the other members of the committee as the bill moves ahead.

Sincerely,

Jim Pearson
Director, Regional Government Affairs
Xcel Energy
