RE: HF 15

Dear Chair and Committee Members:

Good morning! My testimony today is the Cannabis Bible, Jack Herer's masterpiece "The Emperor Wears No Clothes":

I strongly encourage and recommend all persons involved in the Recreational Cannabis Bill read this to educate yourself about cannabis and it's miraculous story.

Cannabis is safe, lowers the carnage on the highways through the reduction in alcohol impaired drivers in Recreational Cannabis Legal States have with INCREASED cannabis "impaired" drivers.

I've driven LITERALLY MILLIONS OF MILES in Minnesota extremely intoxicated on cannabis (usually blazing while operating) and I'm an excellent driver (Citing "RainMan') as my DPS Driving Record shows.

I've never had a DUI or accident and again, I've literally driven high on CANNABIS/THC for 40 years.

Before I quit drinking Alcohol 25 YEARS I nearly killed myself and/or others every time I drove drunk. There's no comparison.

Cordially,
