Date March 22, 2024

Summary

This bill would require the Department of Natural Resources (DNR) to submit a report to the legislature by January 15, 2025, regarding reopening General C.C. Andrews State Nursery to provide conservation-grade container seedlings to meet the state's reforestation needs. The report must include funding recommendations and any statutory changes necessary. Nursery operations at General C.C. Andrews State Nursery ended in 2013.
