	(000's)			
General Fund	\$0	\$0	\$0	\$0

Effective following local approval.

EXPLANATION OF THE BILL

Under current law, the five-year rule essentially requires development activity for a TIF district to be finished within a five-year period after the certification of the district. After this period has expired, increments may only be spent to pay off obligations that were incurred during the five-year period or for permitted expenditures under pooling. The six-year rule requires districts to be decertified when sufficient increment has been received to pay for these obligations.

The proposal would extend the five-year rule to ten years and the six-year rule to eleven years for Tax Increment Financing (TIF) District No. 31 in the city of Moorhead.

REVENUE ANALYSIS DETAIL

- The proposed changes to this special TIF provision may have an impact on the local tax base and tax rate in the future and may result in a small change in property tax refunds paid by the state.
