Jumpstart a career in tech!

Youth learn the fundamentals of computer science & professional development skills

Cohort coursework includes boot camp career exploration and work experience.
Youth choose to start a 6 or 12 month boot camp coursework learning the fundamentals of web, app and game development. They visit Tech centers in various corporations to obtain mentors, internships, and learn more about the field of tech. Youth meet 2 times a week in person and 2 days virtually alongside our online learning platform.

K - 3 Arts & Literacy

Youth share their learning through the arts, build positive pro social lasting friendships and experience high level hands on arts training.

Students in grades kindergarten to 3rd get tutoring in reading in small groups and one on one to master the 5 pillars of reading. To help the youth meet our high expectations we reward them with fun and educational field trips and provide them with professional artist training in various mediums from tik tok videos, songwriting, beat boxing, dance, step and more! After school is 2 days a week for 2 hours and summer is 6 weeks for 7 hours 5 days a week..
