## ABOUT US

Since our founding more than 20 years ago, INDIGO Education has served as a progressive catalyst for innovation in the field of special education. Our team of educators and nonprofit professionals collectively draw upon more than 200 years of combined professional experience and a broad range of expertise.

As a Minnesota-based non-profit organization, INDIGO Education partners with more than 60 charter schools and serves over 3,500 students with Individualized Education Programs. While state standards continue to evolve and challenges in the special education field arise, INDIGO Education's core principles and mission remain unchanged: an enduring commitment to provide exceptional service and leadership with integrity.

By staying true to our roots and aligning services with rules and regulations, current state standards, best practices and evolving research, we ensure our commitment toward the best possible education for all children.

## OUR MISSION
