

1.1 moves to amend H.F. No. 3854 as follows:

1.2 Page 7, after line 3, insert:

1.3 "Sec. 6. Minnesota Statutes 2021 Supplement, section 256B.0625, subdivision 13, is
1.4 amended to read:

1.5 Subd. 13. **Drugs.** (a) Medical assistance covers drugs, except for fertility drugs when
1.6 specifically used to enhance fertility, if prescribed by a licensed practitioner and dispensed
1.7 by a licensed pharmacist, by a physician enrolled in the medical assistance program as a
1.8 dispensing physician, or by a physician, a physician assistant, or an advanced practice
1.9 registered nurse employed by or under contract with a community health board as defined
1.10 in section 145A.02, subdivision 5, for the purposes of communicable disease control.

1.11 (b) The dispensed quantity of a prescription drug must not exceed a 34-day supply,
1.12 unless authorized by the commissioner or the drug appears on the 90-day supply list published
1.13 by the commissioner. The 90-day supply list shall be published by the commissioner on the
1.14 department's website. The commissioner may add to, delete from, and otherwise modify
1.15 the 90-day supply list after providing public notice and the opportunity for a 15-day public
1.16 comment period. The 90-day supply list may include cost-effective generic drugs and shall
1.17 not include controlled substances.

1.18 (c) For the purpose of this subdivision and subdivision 13d, an "active pharmaceutical
1.19 ingredient" is defined as a substance that is represented for use in a drug and when used in
1.20 the manufacturing, processing, or packaging of a drug becomes an active ingredient of the
1.21 drug product. An "excipient" is defined as an inert substance used as a diluent or vehicle
1.22 for a drug. The commissioner shall establish a list of active pharmaceutical ingredients and
1.23 excipients which are included in the medical assistance formulary. Medical assistance covers
1.24 selected active pharmaceutical ingredients and excipients used in compounded prescriptions

2.1 when the compounded combination is specifically approved by the commissioner or when
2.2 a commercially available product:

2.3 (1) is not a therapeutic option for the patient;

2.4 (2) does not exist in the same combination of active ingredients in the same strengths
2.5 as the compounded prescription; and

2.6 (3) cannot be used in place of the active pharmaceutical ingredient in the compounded
2.7 prescription.

2.8 (d) Medical assistance covers the following over-the-counter drugs when prescribed by
2.9 a licensed practitioner or by a licensed pharmacist who meets standards established by the
2.10 commissioner, in consultation with the board of pharmacy: antacids, acetaminophen, family
2.11 planning products, aspirin, insulin, products for the treatment of lice, vitamins for adults
2.12 with documented vitamin deficiencies, vitamins for children under the age of seven and
2.13 pregnant or nursing women, and any other over-the-counter drug identified by the
2.14 commissioner, in consultation with the Formulary Committee, as necessary, appropriate,
2.15 and cost-effective for the treatment of certain specified chronic diseases, conditions, or
2.16 disorders, and this determination shall not be subject to the requirements of chapter 14. A
2.17 pharmacist may prescribe over-the-counter medications as provided under this paragraph
2.18 for purposes of receiving reimbursement under Medicaid. When prescribing over-the-counter
2.19 drugs under this paragraph, licensed pharmacists must consult with the recipient to determine
2.20 necessity, provide drug counseling, review drug therapy for potential adverse interactions,
2.21 and make referrals as needed to other health care professionals.

2.22 (e) Effective January 1, 2006, medical assistance shall not cover drugs that are coverable
2.23 under Medicare Part D as defined in the Medicare Prescription Drug, Improvement, and
2.24 Modernization Act of 2003, Public Law 108-173, section 1860D-2(e), for individuals eligible
2.25 for drug coverage as defined in the Medicare Prescription Drug, Improvement, and
2.26 Modernization Act of 2003, Public Law 108-173, section 1860D-1(a)(3)(A). For these
2.27 individuals, medical assistance may cover drugs from the drug classes listed in United States
2.28 Code, title 42, section 1396r-8(d)(2), subject to this subdivision and subdivisions 13a to
2.29 13g, except that drugs listed in United States Code, title 42, section 1396r-8(d)(2)(E), shall
2.30 not be covered.

2.31 (f) Medical assistance covers drugs acquired through the federal 340B Drug Pricing
2.32 Program and dispensed by 340B covered entities and ambulatory pharmacies under common
2.33 ownership of the 340B covered entity. Medical assistance does not cover drugs acquired
2.34 through the federal 340B Drug Pricing Program and dispensed by 340B contract pharmacies.

3.1 (g) Notwithstanding paragraph (a), medical assistance covers self-administered hormonal
3.2 contraceptives prescribed and dispensed by a licensed pharmacist in accordance with section
3.3 151.37, subdivision 14; nicotine replacement medications prescribed and dispensed by a
3.4 licensed pharmacist in accordance with section 151.37, subdivision 15; and opiate antagonists
3.5 used for the treatment of an acute opiate overdose prescribed and dispensed by a licensed
3.6 pharmacist in accordance with section 151.37, subdivision 16.

3.7 (h) Medical assistance coverage of, and reimbursement for, antiretroviral drugs to prevent
3.8 the acquisition of human immunodeficiency virus (HIV) and any laboratory testing necessary
3.9 for therapy that uses these drugs, must meet the requirements that would otherwise apply
3.10 to a health plan under section 62Q.524.

3.11 Sec. 7. Minnesota Statutes 2020, section 256B.0625, subdivision 13f, is amended to read:

3.12 Subd. 13f. **Prior authorization.** (a) The Formulary Committee shall review and
3.13 recommend drugs which require prior authorization. The Formulary Committee shall
3.14 establish general criteria to be used for the prior authorization of brand-name drugs for
3.15 which generically equivalent drugs are available, but the committee is not required to review
3.16 each brand-name drug for which a generically equivalent drug is available.

3.17 (b) Prior authorization may be required by the commissioner before certain formulary
3.18 drugs are eligible for payment. The Formulary Committee may recommend drugs for prior
3.19 authorization directly to the commissioner. The commissioner may also request that the
3.20 Formulary Committee review a drug for prior authorization. Before the commissioner may
3.21 require prior authorization for a drug:

3.22 (1) the commissioner must provide information to the Formulary Committee on the
3.23 impact that placing the drug on prior authorization may have on the quality of patient care
3.24 and on program costs, information regarding whether the drug is subject to clinical abuse
3.25 or misuse, and relevant data from the state Medicaid program if such data is available;

3.26 (2) the Formulary Committee must review the drug, taking into account medical and
3.27 clinical data and the information provided by the commissioner; and

3.28 (3) the Formulary Committee must hold a public forum and receive public comment for
3.29 an additional 15 days.

3.30 The commissioner must provide a 15-day notice period before implementing the prior
3.31 authorization.

4.1 (c) Except as provided in subdivision 13j, prior authorization shall not be required or
4.2 utilized for any atypical antipsychotic drug prescribed for the treatment of mental illness
4.3 if:

4.4 (1) there is no generically equivalent drug available; and

4.5 (2) the drug was initially prescribed for the recipient prior to July 1, 2003; or

4.6 (3) the drug is part of the recipient's current course of treatment.

4.7 This paragraph applies to any multistate preferred drug list or supplemental drug rebate
4.8 program established or administered by the commissioner. Prior authorization shall
4.9 automatically be granted for 60 days for brand name drugs prescribed for treatment of mental
4.10 illness within 60 days of when a generically equivalent drug becomes available, provided
4.11 that the brand name drug was part of the recipient's course of treatment at the time the
4.12 generically equivalent drug became available.

4.13 (d) The commissioner may require prior authorization for brand name drugs whenever
4.14 a generically equivalent product is available, even if the prescriber specifically indicates
4.15 "dispense as written-brand necessary" on the prescription as required by section 151.21,
4.16 subdivision 2.

4.17 (e) Notwithstanding this subdivision, the commissioner may automatically require prior
4.18 authorization, for a period not to exceed 180 days, for any drug that is approved by the
4.19 United States Food and Drug Administration on or after July 1, 2005. The 180-day period
4.20 begins no later than the first day that a drug is available for shipment to pharmacies within
4.21 the state. The Formulary Committee shall recommend to the commissioner general criteria
4.22 to be used for the prior authorization of the drugs, but the committee is not required to
4.23 review each individual drug. In order to continue prior authorizations for a drug after the
4.24 180-day period has expired, the commissioner must follow the provisions of this subdivision.

4.25 (f) Prior authorization under this subdivision shall comply with ~~section~~ sections 62Q.184
4.26 and 62Q.1842.

4.27 (g) Any step therapy protocol requirements established by the commissioner must comply
4.28 with ~~section~~ sections 62Q.1841 and 62Q.1842."

4.29 Amend the title accordingly
