

# MNI SOTA FUND HEADQUARTERS PROJECT

**MNI  
SOTA  
FUND**

## FUNDING REQUEST

**\$1,000,000**

**CASH APPROPRIATION**

**\$2,285,000**

**TOTAL CAPITAL NEED**

## PROJECT OVERVIEW

In order to significantly increase our impact, we are raising funds to build a permanent headquarters on the American Indian Cultural Corridor, which runs on Franklin Avenue from 35W to the Mississippi River in Minneapolis.

The new headquarters will house community classrooms, office space for our team, and a small-business incubator for Native-owned businesses. This project will exponentially increase our ability to build intergenerational wealth in the American Indian community for decades to come.

## ORGANIZATIONAL SUMMARY

Mni Sota Fund is an Urban Native CDFI located in Minneapolis, MN. We offer a suite of services that support the American Indian community in building intergenerational wealth.

This work includes education, coaching, and lending for community members who are seeking to purchase their first home or grow their own business.
