Dear Representative Vang and members of the Agriculture Finance and Policy Committee, I am writing to offer support for HF3264 and the financial assistance it provides for micro farm operations and for the Hmong American Farmers Association and the Latino Economic Development Center.

The funding made available to assist the operations of these local producers will benefit the farmers and their families and the broader community which relies on the local produce that they offer.

For farming equity, this effort needs to be passed.

Thank you,
