7.18 **ARTICLE 2**

7.19 **WORKERS' COMPENSATION ADVISORY COUNCIL**

7.20 Section 1. Minnesota Statutes 2020, section 79A.02, subdivision 4, is amended to read:

7.21 Subd. 4. **Recommendations to commissioner regarding revocation.** After each fifth  
 7.22 anniversary from the date each individual and group self-insurer becomes certified to  
 7.23 self-insure, the committee shall review all relevant financial data filed with the Department  
 7.24 of Commerce that is otherwise available to the public and make a recommendation to the  
 7.25 commissioner about whether each self-insurer's certificate should be revoked. For group  
 7.26 self-insurers who have been in existence for five years or more and have been granted  
 7.27 renewal authority, a level of funding in the common claims fund must be maintained at not  
 7.28 less than the greater of either: (1) one year's claim losses paid in the most recent year; or  
 7.29 (2) one-third of the security deposit posted with the Department of Commerce according  
 7.30 to section 79A.04, subdivision 2. ~~This provision supersedes any requirements under section~~  
 7.31 ~~79A.03, subdivision 10, and Minnesota Rules, part 2780.5000.~~

7.32 **EFFECTIVE DATE.** This section is effective the day following final enactment.

8.1 Sec. 2. Minnesota Statutes 2020, section 79A.04, subdivision 2, is amended to read:

8.2 Subd. 2. **Minimum deposit.** The minimum deposit is 110 percent of the private  
8.3 self-insurer's estimated future liability. The deposit may be used to secure payment of all  
8.4 administrative and legal costs, and unpaid assessments required by section 79A.12,  
8.5 subdivision 2, relating to or arising from its or other employers' self-insuring. As used in  
8.6 this section, "private self-insurer" includes both current and former members of the  
8.7 self-insurers' security fund; and "private self-insurers' estimated future liability" means the  
8.8 private self-insurers' total of estimated future liability as determined by an Associate or  
8.9 Fellow of the Casualty Actuarial Society every year for group member private self-insurers  
8.10 and, for a nongroup member private self-insurer's authority to self-insure, every year for  
8.11 the first five years. After the first five years, the nongroup member's total shall be as  
8.12 determined by an Associate or Fellow of the Casualty Actuarial Society at least every two  
8.13 years, and each such actuarial study shall include a projection of future losses during the  
8.14 period until the next scheduled actuarial study, less payments anticipated to be made during  
8.15 that time.

8.16 All data and information furnished by a private self-insurer to an Associate or Fellow  
8.17 of the Casualty Actuarial Society for purposes of determining private self-insurers' estimated  
8.18 future liability must be certified by an officer of the private self-insurer to be true and correct  
8.19 with respect to payroll and paid losses, and must be certified, upon information and belief,  
8.20 to be true and correct with respect to reserves. The certification must be made by sworn  
8.21 affidavit. In addition to any other remedies provided by law, the certification of false data  
8.22 or information pursuant to this subdivision may result in a fine imposed by the commissioner  
8.23 of commerce on the private self-insurer up to the amount of \$5,000, and termination of the  
8.24 private self-insurers' authority to self-insure. The determination of private self-insurers'  
8.25 estimated future liability by an Associate or Fellow of the Casualty Actuarial Society shall  
8.26 be conducted in accordance with standards and principles for establishing loss and loss  
8.27 adjustment expense reserves by the Actuarial Standards Board, an affiliate of the American  
8.28 Academy of Actuaries. The commissioner may reject an actuarial report that does not meet  
8.29 the standards and principles of the Actuarial Standards Board, and may further disqualify  
8.30 the actuary who prepared the report from submitting any future actuarial reports pursuant  
8.31 to this chapter. Within 30 days after the actuary has been served by the commissioner with  
8.32 a notice of disqualification, an actuary who is aggrieved by the disqualification may request  
8.33 a hearing to be conducted in accordance with chapter 14. Based on a review of the actuarial  
8.34 report, the commissioner of commerce may require an increase in the minimum security  
8.35 deposit in an amount the commissioner considers sufficient.

9.1 In addition, the Minnesota self-insurers' security fund may, at its sole discretion and  
9.2 cost, undertake an independent actuarial review or an actuarial study of a private self-insurer's  
9.3 estimated future liability as defined in this subdivision. The review or study must be  
9.4 conducted by an associate or fellow of the Casualty Actuarial Society. The actuary has the  
9.5 right to receive and review data and information of the self-insurer necessary for the actuary  
9.6 to complete its review or study. A copy of this report must be filed with the commissioner  
9.7 and a copy must be furnished to the self-insurer.

9.8 Estimated future liability is determined by first taking the total amount of the self-insured's  
9.9 future liability of workers' compensation claims and then deducting the total amount which  
9.10 is estimated to be returned to the self-insurer from any specific excess insurance coverage,  
9.11 aggregate excess insurance coverage, and any supplementary benefits or second injury  
9.12 benefits which are estimated to be reimbursed by the special compensation fund. However,  
9.13 in the determination of estimated future liability, the actuary for the self-insurer shall not  
9.14 take a credit for any excess insurance or reinsurance which is provided by a captive insurance  
9.15 company which is wholly owned by the self-insurer. The opinion may discount liabilities  
9.16 to present value at a rate up to the lesser of four percent per annum, or the average of the  
9.17 applicable federal midterm rates, based on annual compounding, as published by the United  
9.18 States Secretary of the Treasury under United States Code, title 26, section 1274(d), for the  
9.19 12 months preceding the valuation date of the report. Supplementary benefits or second  
9.20 injury benefits will not be reimbursed by the special compensation fund unless the special  
9.21 compensation fund assessment pursuant to section 176.129 is paid and the reports required  
9.22 thereunder are filed with the special compensation fund. In the case of surety bonds, bonds  
9.23 shall secure administrative and legal costs in addition to the liability for payment of  
9.24 compensation reflected on the face of the bond. In no event shall the security be less than  
9.25 the last retention limit selected by the self-insurer with the Workers' Compensation  
9.26 Reinsurance Association, provided that the commissioner may allow former members to  
9.27 post less than the Workers' Compensation Reinsurance Association retention level if that  
9.28 amount is adequate to secure payment of the self-insurers' estimated future liability, as  
9.29 defined in this subdivision, including payment of claims, administrative and legal costs,  
9.30 and unpaid assessments required by section 79A.12, subdivision 2. The posting or depositing  
9.31 of security pursuant to this section shall release all previously posted or deposited security  
9.32 from any obligations under the posting or depositing and any surety bond so released shall  
9.33 be returned to the surety. Any other security shall be returned to the depositor or the person  
9.34 posting the bond.

10.1 As a condition for the granting or renewing of a certificate to self-insure, the  
10.2 commissioner may require a private self-insurer to furnish any additional security the  
10.3 commissioner considers sufficient to insure payment of all claims under chapter 176.

10.4 **EFFECTIVE DATE.** This section is effective January 1, 2022, and applies to actuarial  
10.5 opinions with a valuation date on or after that date.

10.6 Sec. 3. Minnesota Statutes 2020, section 79A.06, subdivision 5, is amended to read:

10.7 Subd. 5. **Private employers who have ceased to be self-insured.** (a) Private employers  
10.8 who have ceased to be private self-insurers shall discharge their continuing obligations to  
10.9 secure the payment of compensation which is accrued during the period of self-insurance,  
10.10 for purposes of Laws 1988, chapter 674, sections 1 to 21, by compliance with all of the  
10.11 following obligations of current certificate holders:

10.12 (1) Filing reports with the commissioner to carry out the requirements of this chapter;

10.13 (2) Depositing and maintaining a security deposit for accrued liability for the payment  
10.14 of any compensation which may become due, pursuant to chapter 176. However, if a private  
10.15 employer who has ceased to be a private self-insurer purchases an insurance policy from  
10.16 an insurer authorized to transact workers' compensation insurance in this state which provides  
10.17 coverage of all claims for compensation arising out of injuries occurring during the entire  
10.18 period the employer was self-insured, whether or not reported during that period, the policy  
10.19 will:

10.20 (i) discharge the obligation of the employer to maintain a security deposit for the payment  
10.21 of the claims covered under the policy;

10.22 (ii) discharge any obligation which the self-insurers' security fund has or may have for  
10.23 payment of all claims for compensation arising out of injuries occurring during the period  
10.24 the employer was self-insured, whether or not reported during that period; and

10.25 (iii) discharge the obligations of the employer to pay any future assessments to the  
10.26 self-insurers' security fund; provided, however, that a member that terminates its  
10.27 self-insurance authority on or after August 1, 2010, shall be liable for an assessment under  
10.28 paragraph (b). The actuarial opinion shall not take into consideration any transfer of the  
10.29 member's liabilities to an insurance policy if the member obtains a replacement policy as  
10.30 described in this subdivision within one year of the date of terminating its self-insurance.

10.31 A private employer who has ceased to be a private self-insurer may instead buy an  
10.32 insurance policy described above, except that it covers only a portion of the period of time  
10.33 during which the private employer was self-insured; purchase of such a policy discharges

11.1 any obligation that the self-insurers' security fund has or may have for payment of all claims  
11.2 for compensation arising out of injuries occurring during the period for which the policy  
11.3 provides coverage, whether or not reported during that period.

11.4 A policy described in this clause may not be issued by an insurer unless it has previously  
11.5 been approved as to the insurer, form, and substance by the commissioner; and

11.6 (3) Paying within 30 days all assessments of which notice is sent by the security fund,  
11.7 for a period of seven years from the last day its certificate of self-insurance was in effect.  
11.8 Thereafter, the private employer who has ceased to be a private self-insurer may either: (i)  
11.9 continue to pay within 30 days all assessments of which notice is sent by the security fund  
11.10 until it has no incurred liabilities for the payment of compensation arising out of injuries  
11.11 during the period of self-insurance; or (ii) pay the security fund a cash payment equal to  
11.12 four percent of the net present value of all remaining incurred liabilities for the payment of  
11.13 compensation under sections 176.101 and 176.111 as certified by a member of the casualty  
11.14 actuarial society. Assessments shall be based on the benefits paid by the employer during  
11.15 the calendar year immediately preceding the calendar year in which the employer's right to  
11.16 self-insure is terminated or withdrawn.

11.17 (b) With respect to a self-insurer who terminates its self-insurance authority after April  
11.18 1, 1998, that member shall obtain and file with the commissioner an actuarial opinion of  
11.19 its outstanding liabilities as determined by an associate or fellow of the Casualty Actuarial  
11.20 Society within 120 days of the date of its termination. If the actuarial opinion is not timely  
11.21 filed, the self-insurers' security fund may, at its discretion, engage the services of an actuary  
11.22 for this purpose. The expense of this actuarial opinion must be assessed against and be the  
11.23 obligation of the self-insurer. The commissioner may issue a certificate of default against  
11.24 the self-insurer for failure to pay this assessment to the self-insurers' security fund as provided  
11.25 by section 79A.04, subdivision 9. ~~The opinion may discount liabilities up to four percent~~  
11.26 ~~per annum to net present value~~ actuarial opinion must not apply a present value discount in  
11.27 computing future liabilities. Within 60 days after notification of approval of the actuarial  
11.28 opinion by the commissioner, the exiting member shall pay to the security fund an amount  
11.29 determined as follows: a percentage will be determined by dividing the security fund's  
11.30 members' deficit as determined by the most recent audited financial statement of the security  
11.31 fund by the total actuarial liability of all members of the security fund as calculated by the  
11.32 commissioner within 30 days of the exit date of the member. This quotient will then be  
11.33 multiplied by that exiting member's total future liability as contained in the exiting member's  
11.34 actuarial opinion. If the payment is not made within 30 days of the notification, interest on

12.1 it at the rate prescribed by section 549.09 must be paid by the former member to the security  
12.2 fund until the principal amount is paid in full.

12.3 (c) A former member who terminated its self-insurance authority before April 1, 1998,  
12.4 who has paid assessments to the self-insurers' security fund for seven years, and whose  
12.5 annualized assessment is \$15,000 or less, may buy out of its outstanding liabilities to the  
12.6 self-insurers' security fund by an amount calculated as follows: 1.35 multiplied by the  
12.7 indemnity case reserves at the time of the calculation, multiplied by the then current  
12.8 self-insurers' security fund annualized assessment rate.

12.9 (d) A former member who terminated its self-insurance authority before April 1, 1998,  
12.10 and who is paying assessments within the first seven years after ceasing to be self-insured  
12.11 under paragraph (a), clause (3), may elect to buy out its outstanding liabilities to the  
12.12 self-insurers' security fund by obtaining and filing with the commissioner an actuarial  
12.13 opinion of its outstanding liabilities as determined by an associate or fellow of the Casualty  
12.14 Actuarial Society. The opinion must separate liability for indemnity benefits from liability  
12.15 for medical benefits, ~~and must discount each up to four percent per annum to net present~~  
12.16 ~~value~~. Within 30 days after notification of approval of the actuarial opinion by the  
12.17 commissioner, the member shall pay to the security fund an amount equal to 120 percent  
12.18 of that discounted outstanding indemnity liability, multiplied by the greater of the average  
12.19 annualized assessment rate since inception of the security fund or the annual rate at the time  
12.20 of the most recent assessment.

12.21 (e) A former member who has paid the security fund according to paragraphs (b) to (d)  
12.22 and subsequently receives authority from the commissioner to again self-insure shall be  
12.23 assessed under section 79A.12, subdivision 2, only on indemnity benefits paid on injuries  
12.24 that occurred after the former member received authority to self-insure again; provided that  
12.25 the member furnishes verified data regarding those benefits to the security fund.

12.26 (f) In addition to proceedings to establish liabilities and penalties otherwise provided, a  
12.27 failure to comply may be the subject of a proceeding before the commissioner. An appeal  
12.28 from the commissioner's determination may be taken pursuant to the contested case  
12.29 procedures of chapter 14 within 30 days of the commissioner's written determination.

12.30 Any current or past member of the self-insurers' security fund is subject to service of  
12.31 process on any claim arising out of chapter 176 or this chapter in the manner provided by  
12.32 section 5.25, or as otherwise provided by law. The issuance of a certificate to self-insure to  
12.33 the private self-insured employer shall be deemed to be the agreement that any process

13.1 which is served in accordance with this section shall be of the same legal force and effect  
 13.2 as if served personally within this state.

13.3 **EFFECTIVE DATE.** This section is effective the day following final enactment.

13.4 Sec. 4. Minnesota Statutes 2020, section 79A.22, subdivision 13, is amended to read:

13.5 Subd. 13. **Common claims fund; five-year exception.** For commercial group  
 13.6 self-insurers who have been in existence for five years or more, a level of funding in the  
 13.7 common claims fund must be maintained at not less than the greater of either:

13.8 (1) one year's claim losses paid in the most recent year; or

13.9 (2) one-third of the security deposit posted with the Department of Commerce according  
 13.10 to section 79A.24, subdivision 2.

13.11 ~~This provision supersedes any requirements under subdivisions 11 and 12 and Minnesota~~  
 13.12 ~~Rules, part 2780.5000.~~

13.13 **EFFECTIVE DATE.** This section is effective the day following final enactment.

13.14 Sec. 5. Minnesota Statutes 2020, section 79A.24, subdivision 2, is amended to read:

13.15 Subd. 2. **Minimum deposit.** The minimum deposit is 125 percent of the commercial  
 13.16 self-insurance group's estimated future liability for the payment of compensation as  
 13.17 determined by an actuary. If the group has been in existence for three years, this minimum  
 13.18 deposit shall be 110 percent of the commercial self-insurance group's estimated future  
 13.19 liability for the payment of workers' compensation as determined by an actuary. Each  
 13.20 actuarial study shall include a projection of future losses during a one-year period until the  
 13.21 next scheduled actuarial study, less payments anticipated to be made during that time. The  
 13.22 opinion may discount liabilities to present value at a rate up to the lesser of four percent per  
 13.23 annum, or the average of the applicable federal midterm rates, based on annual compounding,  
 13.24 as published by the United States Secretary of the Treasury under United States Code, title  
 13.25 26, section 1274(d), for the 12 months preceding the valuation date of the report. Deduction  
 13.26 should be made for the total amount which is estimated to be returned to the commercial  
 13.27 self-insurance group from any specific excess insurance coverage, aggregate excess insurance  
 13.28 coverage, and any supplementary benefits which are estimated to be reimbursed by the  
 13.29 special compensation fund. Supplementary benefits will not be reimbursed by the special  
 13.30 compensation fund unless the special compensation fund assessment pursuant to section  
 13.31 176.129 is paid and the required reports are filed with the special compensation fund. In  
 13.32 the case of surety bonds, bonds shall secure administrative and legal costs in addition to the

14.1 liability for payment of compensation reflected on the face of the bond. In no event shall  
 14.2 the security be less than the group's selected retention limit of the Workers' Compensation  
 14.3 Reinsurance Association. The posting or depositing of security under this section shall  
 14.4 release all previously posted or deposited security from any obligations under the posting  
 14.5 or depositing and any surety bond so released shall be returned to the surety. Any other  
 14.6 security shall be returned to the depositor or the person posting the bond.

14.7 EFFECTIVE DATE. This section is effective January 1, 2022, and applies to actuarial  
 14.8 opinions with a valuation date on or after that date.

14.9 Sec. 6. Minnesota Statutes 2020, section 176.011, subdivision 15, is amended to read:

14.10 Subd. 15. **Occupational disease.** (a) "Occupational disease" means a mental impairment  
 14.11 as defined in paragraph (d) or physical disease arising out of and in the course of employment  
 14.12 peculiar to the occupation in which the employee is engaged and due to causes in excess of  
 14.13 the hazards ordinary of employment and shall include undulant fever. Physical stimulus  
 14.14 resulting in mental injury and mental stimulus resulting in physical injury shall remain  
 14.15 compensable. Mental impairment is not considered a disease if it results from a disciplinary  
 14.16 action, work evaluation, job transfer, layoff, demotion, promotion, termination, retirement,  
 14.17 or similar action taken in good faith by the employer. Ordinary diseases of life to which the  
 14.18 general public is equally exposed outside of employment are not compensable, except where  
 14.19 the diseases follow as an incident of an occupational disease, or where the exposure peculiar  
 14.20 to the occupation makes the disease an occupational disease hazard. A disease arises out of  
 14.21 the employment only if there be a direct causal connection between the conditions under  
 14.22 which the work is performed and if the occupational disease follows as a natural incident  
 14.23 of the work as a result of the exposure occasioned by the nature of the employment. An  
 14.24 employer is not liable for compensation for any occupational disease which cannot be traced  
 14.25 to the employment as a direct and proximate cause and is not recognized as a hazard  
 14.26 characteristic of and peculiar to the trade, occupation, process, or employment or which  
 14.27 results from a hazard to which the worker would have been equally exposed outside of the  
 14.28 employment.

14.29 (b) If immediately preceding the date of disablement or death, an employee was employed  
 14.30 on active duty with an organized fire or police department of any municipality, as a member  
 14.31 of the Minnesota State Patrol, conservation officer service, state crime bureau, as a forest  
 14.32 officer by the Department of Natural Resources, state correctional officer or security  
 14.33 counselor employed by the state or a political subdivision at a corrections, detention, or  
 14.34 secure treatment facility, or sheriff or full-time deputy sheriff of any county, and the disease

15.1 is that of myocarditis, coronary sclerosis, pneumonia or its sequel, and at the time of  
15.2 employment such employee was given a thorough physical examination by a licensed doctor  
15.3 of medicine, and a written report thereof has been made and filed with such organized fire  
15.4 or police department, with the Minnesota State Patrol, conservation officer service, state  
15.5 crime bureau, Department of Natural Resources, Department of Corrections, or sheriff's  
15.6 department of any county, which examination and report negated any evidence of  
15.7 myocarditis, coronary sclerosis, pneumonia or its sequel, the disease is presumptively an  
15.8 occupational disease and shall be presumed to have been due to the nature of employment.  
15.9 If immediately preceding the date of disablement or death, any individual who by nature  
15.10 of their position provides emergency medical care, or an employee who was employed as  
15.11 a licensed police officer under section 626.84, subdivision 1; firefighter; paramedic; state  
15.12 correctional officer or security counselor employed by the state or a political subdivision  
15.13 at a corrections, detention, or secure treatment facility; emergency medical technician; or  
15.14 licensed nurse providing emergency medical care; and who contracts an infectious or  
15.15 communicable disease to which the employee was exposed in the course of employment  
15.16 outside of a hospital, then the disease is presumptively an occupational disease and shall  
15.17 be presumed to have been due to the nature of employment and the presumption may be  
15.18 rebutted by substantial factors brought by the employer or insurer. Any substantial factors  
15.19 which shall be used to rebut this presumption and which are known to the employer or  
15.20 insurer at the time of the denial of liability shall be communicated to the employee on the  
15.21 denial of liability.

15.22 (c) A firefighter on active duty with an organized fire department who is unable to  
15.23 perform duties in the department by reason of a disabling cancer of a type caused by exposure  
15.24 to heat, radiation, or a known or suspected carcinogen, as defined by the International  
15.25 Agency for Research on Cancer, and the carcinogen is reasonably linked to the disabling  
15.26 cancer, is presumed to have an occupational disease under paragraph (a). If a firefighter  
15.27 who enters the service after August 1, 1988, is examined by a physician prior to being hired  
15.28 and the examination discloses the existence of a cancer of a type described in this paragraph,  
15.29 the firefighter is not entitled to the presumption unless a subsequent medical determination  
15.30 is made that the firefighter no longer has the cancer.

15.31 (d) For the purposes of this chapter, "mental impairment" means a diagnosis of  
15.32 post-traumatic stress disorder by a licensed psychiatrist or psychologist. For the purposes  
15.33 of this chapter, "post-traumatic stress disorder" means the condition as described in the most  
15.34 recently published edition of the Diagnostic and Statistical Manual of Mental Disorders by  
15.35 the American Psychiatric Association. For purposes of section 79.34, subdivision 2, one or

16.1 more compensable mental impairment claims arising out of a single event or occurrence  
16.2 shall constitute a single loss occurrence.

16.3 (e) If, preceding the date of disablement or death, an employee who was employed on  
16.4 active duty as: a licensed police officer; a firefighter; a paramedic; an emergency medical  
16.5 technician; a licensed nurse employed to provide emergency medical services outside of a  
16.6 medical facility; a public safety dispatcher; ~~an~~ a correctional officer or security counselor  
16.7 employed by the state or a political subdivision at a corrections, detention, or secure treatment  
16.8 facility; a sheriff or full-time deputy sheriff of any county; or a member of the Minnesota  
16.9 State Patrol is diagnosed with a mental impairment as defined in paragraph (d), and had not  
16.10 been diagnosed with the mental impairment previously, then the mental impairment is  
16.11 presumptively an occupational disease and shall be presumed to have been due to the nature  
16.12 of employment. This presumption may be rebutted by substantial factors brought by the  
16.13 employer or insurer. Any substantial factors that are used to rebut this presumption and that  
16.14 are known to the employer or insurer at the time of the denial of liability shall be  
16.15 communicated to the employee on the denial of liability. The mental impairment is not  
16.16 considered an occupational disease if it results from a disciplinary action, work evaluation,  
16.17 job transfer, layoff, demotion, promotion, termination, retirement, or similar action taken  
16.18 in good faith by the employer.

16.19 (f) Notwithstanding paragraph (a) and the rebuttable presumption for infectious or  
16.20 communicable diseases in paragraph (b), an employee who contracts COVID-19 is presumed  
16.21 to have an occupational disease arising out of and in the course of employment if the  
16.22 employee satisfies the requirements of clauses (1) and (2).

16.23 (1) The employee was employed as a licensed peace officer under section 626.84,  
16.24 subdivision 1; firefighter; paramedic; nurse or health care worker, correctional officer, or  
16.25 security counselor employed by the state or a political subdivision at a corrections, detention,  
16.26 or secure treatment facility; emergency medical technician; a health care provider, nurse,  
16.27 or assistive employee employed in a health care, home care, or long-term care setting, with  
16.28 direct COVID-19 patient care or ancillary work in COVID-19 patient units; and workers  
16.29 required to provide child care to first responders and health care workers under Executive  
16.30 Order 20-02 and Executive Order 20-19.

16.31 (2) The employee's contraction of COVID-19 must be confirmed by a positive laboratory  
16.32 test or, if a laboratory test was not available for the employee, as diagnosed and documented  
16.33 by the employee's licensed physician, licensed physician's assistant, or licensed advanced  
16.34 practice registered nurse (APRN), based on the employee's symptoms. A copy of the positive

17.1 laboratory test or the written documentation of the physician's, physician assistant's, or  
17.2 APRN's diagnosis shall be provided to the employer or insurer.

17.3 (3) Once the employee has satisfied the requirements of clauses (1) and (2), the  
17.4 presumption shall only be rebutted if the employer or insurer shows the employment was  
17.5 not a direct cause of the disease. A denial of liability under this paragraph must meet the  
17.6 requirements for a denial under section 176.221, subdivision 1.

17.7 (4) The date of injury for an employee who has contracted COVID-19 under this  
17.8 paragraph shall be the date that the employee was unable to work due to a diagnosis of  
17.9 COVID-19, or due to symptoms that were later diagnosed as COVID-19, whichever occurred  
17.10 first.

17.11 (5) An employee who has contracted COVID-19 but who is not entitled to the  
17.12 presumption under this paragraph is not precluded from claiming an occupational disease  
17.13 as provided in other paragraphs of this subdivision or from claiming a personal injury under  
17.14 subdivision 16.

17.15 (6) The commissioner shall provide a detailed report on COVID-19 workers'  
17.16 compensation claims under this paragraph to the Workers' Compensation Advisory Council,  
17.17 and chairs and ranking minority members of the house of representatives and senate  
17.18 committees with jurisdiction over workers' compensation, by January 15, 2021.

17.19 **EFFECTIVE DATE.** This section is effective the day following final enactment.

17.20 Sec. 7. Minnesota Statutes 2020, section 176.102, subdivision 10, is amended to read:

17.21 Subd. 10. **Rehabilitation; consultants, interns, and vendors.** (a) The commissioner  
17.22 shall approve rehabilitation consultants who may propose and implement plans if they satisfy  
17.23 rules adopted by the commissioner for rehabilitation consultants. A consultant may be an  
17.24 individual or public or private entity, and except for rehabilitation services, Department of  
17.25 Employment and Economic Development, a consultant may not be a vendor or the agent  
17.26 of a vendor of rehabilitation services. The commissioner shall also approve rehabilitation  
17.27 vendors if they satisfy rules adopted by the commissioner. An employer or insurer must be  
17.28 approved by the commissioner as a qualified rehabilitation firm and create an account in  
17.29 CAMPUS as a firm to employ a qualified rehabilitation consultant to provide rehabilitation  
17.30 services to an employee under this section.

17.31 (b) An applicant to be a qualified rehabilitation consultant intern must file in CAMPUS  
17.32 a plan of supervision prescribed by the commissioner and signed by the supervisor at the  
17.33 time the application is filed. The supervisor must be employed as a qualified rehabilitation

18.1 consultant by the same firm as the intern applicant and meet experience requirements  
 18.2 prescribed in rule by the commissioner. In the plan of supervision, the supervisor must agree  
 18.3 to verify that the intern complies with all rehabilitation rules and statutes during the  
 18.4 internship. All documents related to an employee's rehabilitation prepared by the intern that  
 18.5 are filed with the commissioner must be reviewed by the supervisor before they are filed.  
 18.6 The supervisor need not sign the intern's written work, but the intern must verify that the  
 18.7 supervisor has reviewed the document at the time the document is filed with the commissioner  
 18.8 in CAMPUS. An intern must file a new signed plan of supervision if there is a change of  
 18.9 supervisors.

18.10 ~~(b)~~ (c) An individual qualified rehabilitation consultant registered by the commissioner  
 18.11 must not provide any medical, rehabilitation, or disability case management services related  
 18.12 to an injury that is compensable under this chapter when these services are part of the same  
 18.13 claim, unless the case management services are part of an approved rehabilitation plan.

18.14 **EFFECTIVE DATE.** This section is effective the day following final enactment.

18.15 Sec. 8. Minnesota Statutes 2020, section 176.111, subdivision 22, is amended to read:

18.16 Subd. 22. **Payments to estate; death of employee.** (a) In every case of death of an  
 18.17 employee resulting from personal injury arising out of and in the course of employment  
 18.18 where there are no persons entitled to monetary benefits of dependency compensation, the  
 18.19 employer shall pay to the estate of the deceased employee the sum of \$60,000. This payment  
 18.20 must be made within 14 days of notice to the insurer of one of the following:

18.21 (1) the appointment of a personal representative of the estate; or

18.22 (2) if there is no personal representative, presentation of a certified death record and an  
 18.23 affidavit of collection of personal property according to the requirements of section  
 18.24 524.3-1201 and 524.3-1202.

18.25 (b) Within 14 days of notice to the insurer of the death of the employee, the insurer must  
 18.26 send notice to the estate, at the deceased employee's last known address, that this payment  
 18.27 will be made after ~~a personal representative has been appointed by a probate court~~ receipt  
 18.28 of the documentation in paragraph (a), clause (1) or (2).

18.29 **EFFECTIVE DATE.** This section is effective January 4, 2021.

18.30 Sec. 9. Minnesota Statutes 2020, section 176.135, subdivision 1, is amended to read:

18.31 Subdivision 1. **Medical, psychological, chiropractic, podiatric, surgical, hospital.** (a)  
 18.32 The employer shall furnish any medical, psychological, chiropractic, podiatric, surgical and

19.1 hospital treatment, including nursing, medicines, medical, chiropractic, podiatric, and  
19.2 surgical supplies, crutches and apparatus, including artificial members, or, at the option of  
19.3 the employee, if the employer has not filed notice as hereinafter provided, Christian Science  
19.4 treatment in lieu of medical treatment, chiropractic medicine and medical supplies, as may  
19.5 reasonably be required at the time of the injury and any time thereafter to cure and relieve  
19.6 from the effects of the injury. This treatment shall include treatments necessary to physical  
19.7 rehabilitation.

19.8 (b) The employer shall pay for the reasonable value of nursing services provided by a  
19.9 member of the employee's family in cases of permanent total disability.

19.10 (c) Exposure to rabies is an injury and an employer shall furnish preventative treatment  
19.11 to employees exposed to rabies.

19.12 (d) The employer shall furnish replacement or repair for artificial members, glasses or  
19.13 spectacles, artificial eyes, podiatric orthotics, dental bridge work, dentures or artificial teeth,  
19.14 hearing aids, canes, crutches, or wheel chairs damaged by reason of an injury arising out  
19.15 of and in the course of the employment. For the purpose of this paragraph, "injury" includes  
19.16 damage wholly or in part to an artificial member. In case of the employer's inability or  
19.17 refusal seasonably to provide the items required to be provided under this paragraph, the  
19.18 employer is liable for the reasonable expense incurred by or on behalf of the employee in  
19.19 providing the same, including costs of copies of any medical records or medical reports that  
19.20 are in existence, obtained from health care providers, and that directly relate to the items  
19.21 for which payment is sought under this chapter, limited to the charges allowed by subdivision  
19.22 7, and attorney fees incurred by the employee.

19.23 (e) Both the commissioner and the compensation judges have authority to make  
19.24 determinations under this section in accordance with sections 176.106 and 176.305.

19.25 (f) An employer may require that the treatment and supplies required to be provided by  
19.26 an employer by this section be received in whole or in part from a managed care plan certified  
19.27 under section 176.1351 except as otherwise provided by that section.

19.28 (g) An employer may designate a pharmacy or network of pharmacies that employees  
19.29 must use to obtain outpatient prescription and nonprescription medications. An employee  
19.30 is not required to obtain outpatient medications at a designated pharmacy unless the pharmacy  
19.31 is located within 15 miles of the employee's place of residence.

19.32 (h) Notwithstanding any fees established by rule adopted under section 176.136, an  
19.33 employer may contract for the cost of medication provided to employees. All requests for  
19.34 reimbursement from the special compensation fund formerly codified under section 176.131

20.1 for medication provided to an employee must be accompanied by the dispensing pharmacy's  
 20.2 invoice showing its usual and customary charge for the medication at the time it was  
 20.3 dispensed to the employee. The special compensation fund shall not reimburse any amount  
 20.4 that exceeds the maximum amount payable for the medication under Minnesota Rules, part  
 20.5 5221.4070, subparts 3 and 4, notwithstanding any contract under Minnesota Rules, part  
 20.6 5221.4070, subpart 5, that provides for a different reimbursement amount.

20.7 **EFFECTIVE DATE.** This section is effective the day following final enactment.

20.8 Sec. 10. Minnesota Statutes 2020, section 176.181, subdivision 2, is amended to read:

20.9 Subd. 2. **Compulsory insurance; self-insurers.** (a) Every employer, except the state  
 20.10 and its municipal subdivisions, liable under this chapter to pay compensation shall insure  
 20.11 payment of compensation with some insurance carrier authorized to insure workers'  
 20.12 compensation liability in this state, or obtain a written order from the commissioner of  
 20.13 commerce exempting the employer from insuring liability for compensation and permitting  
 20.14 self-insurance of the liability. The terms, conditions and requirements governing  
 20.15 self-insurance shall be established by the commissioner pursuant to chapter 14. The  
 20.16 commissioner of commerce shall also adopt, pursuant to paragraph (d), rules permitting  
 20.17 two or more employers, whether or not they are in the same industry, to enter into agreements  
 20.18 to pool their liabilities under this chapter for the purpose of qualifying as group self-insurers.  
 20.19 With the approval of the commissioner of commerce, any employer may exclude medical,  
 20.20 chiropractic and hospital benefits as required by this chapter. An employer conducting  
 20.21 distinct operations at different locations may either insure or self-insure the other portion  
 20.22 of operations as a distinct and separate risk. An employer desiring to be exempted from  
 20.23 insuring liability for compensation shall make application to the commissioner of commerce,  
 20.24 showing financial ability to pay the compensation, whereupon by written order the  
 20.25 commissioner of commerce, on deeming it proper, may make an exemption. An employer  
 20.26 may establish financial ability to pay compensation by providing financial statements of  
 20.27 the employer to the commissioner of commerce. Upon ten days' written notice the  
 20.28 commissioner of commerce may revoke the order granting an exemption, in which event  
 20.29 the employer shall immediately insure the liability. As a condition for the granting of an  
 20.30 exemption the commissioner of commerce may require the employer to furnish security the  
 20.31 commissioner of commerce considers sufficient to insure payment of all claims under this  
 20.32 chapter, consistent with subdivision 2b. If the required security is in the form of currency  
 20.33 or negotiable bonds, the commissioner of commerce shall deposit it with the commissioner  
 20.34 of management and budget. In the event of any default upon the part of a self-insurer to  
 20.35 abide by any final order or decision of the commissioner of labor and industry directing and

21.1 awarding payment of compensation and benefits to any employee or the dependents of any  
21.2 deceased employee, then upon at least ten days' notice to the self-insurer, the commissioner  
21.3 of commerce may by written order to the commissioner of management and budget require  
21.4 the commissioner of management and budget to sell the pledged and assigned securities or  
21.5 a part thereof necessary to pay the full amount of any such claim or award with interest  
21.6 thereon. This authority to sell may be exercised from time to time to satisfy any order or
