Greetings from your
STATE REPRESENTATIVE
Sandra Masin

Dear Neighbors,

Thank you for the honor and privilege of serving our community in the Minnesota House of Representatives. The current Session adjourned on May 23rd and we accomplished a lot of good for Minnesotans this year.

In my fourteenth year as your Representative, I made sure to use my experience and your feedback to push for our communities' shared values. The last two years have been tumultuous and difficult for many of us, but I can say confidently that our work at the House has improved the lives of many while preventing the worst potential outcomes of the pandemic.

In our divided government, we came to a bipartisan agreement to fund long overdue investments in areas like education, public safety and health care. It's clear, however, that there is more work to do to build a state that works better for all of us. I'm committed to continue fighting for a Minnesota that works for everyone, where we can all thrive.

Please contact me anytime with your input, or if I can be of assistance to you and your family; I always appreciate hearing from you and value your perspective!

Sincerely,

State Representative Sandra Masin

Rep. Sandra Masin 2022 Legislative Report

MINNESOTA HOUSE OF REPRESENTATIVES
EAGAN-BURNSVILLE

Frontline Workers

Lawmakers reached a bipartisan agreement to distribute bonuses to Minnesotans who did not have the option to work from home during the darkest days of the pandemic. Hundreds of thousands of frontline workers in occupations spanning health care, emergency response, food service, education, child care, retail, and more can expect to receive a \$750 bonus. Visit www.frontlinepay.mn.gov to see if you're eligible and apply today!

Funding our Schools

Every child deserves a world-class education where they can learn and grow, that is what I pushed for this session. I fought to reduce class sizes, prevent teacher and staff layoffs, and help students struggling with mental health challenges. This is the least we can do for our students after their education faces serious disruptions. We managed to pass over one billion dollars of new investments in E-12 services. This is the kind of bold leadership our students need.

Supporting our Veterans

I am particularly proud of the strong bipartisan veterans and military affairs supplemental budget bill with strong bipartisan support. This bill will take action to end veteran homelessness and provide assistance to veterans who need it. Our veterans provide us a priceless service and it is our duty as legislators to support them. I will continue to support legislation that supports our veterans, they deserve thanks for the many ways they support us.

A Safer and More Just Minnesota

States across the nation have faced troubling rises in crime, and Minnesota is no exception. That's why I pushed for comprehensive investments in public safety which takes a diverse approach to a wide range of issues. A comprehensive approach also means more gun violence prevention measures to keep our communities safe and prevent future tragedies like we saw in Uvalde and Buffalo. These efforts will lead to improved safety for everyone so we can feel comfortable in whichever community we choose to call home.
