

MAKE MINNESOTA SAFE

► House Republicans partnered with law enforcement on legislation to make Minnesota safe by providing critical funding for police and first responder training – giving officers the tools, resources, and support they need to do their jobs safely and effectively. We also increased penalties for violent criminals, sending a clear message: if you threaten the safety of our communities, you'll face the consequences.

In a time when crime is rising and public safety is under threat, Republicans took action to protect Minnesotans and restore law and order across the state.

BUILD FOR THE FUTURE

► House Republicans secured meaningful permitting reforms that cut bureaucratic red tape while maintaining strong environmental and safety standards, making it easier to invest in Minnesota's world-class workforce and communities.

At the same time, we delivered a responsible bonding bill that prioritizes public infrastructure projects. We fought for, and secured, major investments in roads and bridges to keep Minnesotans moving safely and efficiently.

We made sure that every community, from the Iron Range to the metro and Southern Minnesota, has access to clean, safe, and reliable drinking water.

RAISE STANDARDS, REDUCE MANDATES

► After Democrats pushed through more than 65 new mandates on schools over the past two years, House Republicans said enough is enough. We stood strong against new burdensome or costly mandates, because every dollar should go toward educating kids, not growing bureaucracy. When Democrats tried to cut funding for nonpublic schools, House Republicans stood firm to protect all students – public and nonpublic alike. We not only blocked those cuts, we increased funding for these schools.

Finally, House Republicans fought to raise academic standards and improve outcomes for Minnesota students by enshrining the Science of Reading into law – ensuring our schools use proven, evidence-based methods to teach children how to read.

DEMOCRATS SKIP 23 DAYS

► House Democrats skipped the first 23 days of session and collected a taxpayer-funded paycheck to stay home instead. Their refusal to show up to work put the legislature behind and forced Minnesota into a special session to finish work on the state budget.

Meanwhile, House Republicans showed up every day, ready to work and get things done for Minnesotans, their families, and their communities.
