## Overview

This act adds gamma hydroxybutyrate to the list of schedule III controlled substances.

### Section

- Schedule III.** Adds gamma hydroxybutyrate, including any of its salts, compound derivatives or preparations, to the list of schedule III controlled substances. A substance is listed in schedule III if it has less abuse potential than substances scheduled as I or II, a currently accepted medical use and abuse could lead to moderate or low physical dependence or high psychological dependence.
- Effective date.** August 1, 1999 for crimes committed on or after that date.
