Overview

This act provides funding to the Commissioner of Human Services to cover pharmacy and pharmacy-related cost-sharing costs for dual eligibles for the period January 1, 2006, to March 8, 2006, and the period March 9, 2006, to April 15, 2006, under the processes in the Governor's executive order 06-01. Dual eligibles are individuals who are eligible for both Medicare and Medical Assistance (MA) benefits. Since January 1, 2006, prescription drug coverage for dual eligibles has been the responsibility of Medicare, rather than MA. The executive order allowed the state, through the Department of Human Services, to become the payer of last resort for dual eligibles for whom access to prescription drug coverage under the Medicare prescription drug benefit had been delayed.
