---

## Overview

This legislation authorizes Anoka County to utilize the design-build process for reconstruction of the intersection of Trunk Highway 10 and County State-Aid Highway 83. The process must follow the same procedures that were established in 2009 for a local government pilot program on design-build contracting. Laws 2009, chapter 36, article 3, section 29. The pilot governs contractor licensing, requests for qualifications and proposals, bid review, information sessions, and contract awards.

The act went into effect February 12, 2010.
