Overview

This act allows an automated kiosk to purchase used cellular phones and pay the seller in cash if certain requirements are met.

Section

- 1 Payment for used wireless communications devices.** Allows an automated kiosk that purchases used cellular phones to pay cash to the seller if the kiosk: is monitored by a live representative; uses video cameras to record the transaction; captures and stores the identification of the seller; captures and stores the cellular phone; electronically reports all transactions to law enforcement; is located within a physical store; complies with the other requirements of section 325E.319; and is only used to purchase cell phones.

Effective. This section became effective May 8, 2018.
