Summary

Section	Description
1	<p>Definitions.</p> <p>This section amends definitions used in the State Soldiers Assistance Program (SSAP) veterans education benefit. The changes in the definitions eliminate the \$750 benefit that is currently available to veterans, but preserves that benefit for the surviving spouse and dependents of a prisoner of war (POW), a servicemember missing in action (MIA), or a deceased veteran.</p>
2	<p>Benefits; eligibility.</p> <p>Makes changes to the statutory benefit and eligibility terms to reflect that only surviving spouses and dependents of a prisoner of war, an MIA servicemember, or a deceased veteran are eligible to receive an SSAP education benefit. Clarifies that a person remains eligible for the benefit even if the person's parent/spouse is no longer a POW or MIA.</p>
3	<p>Proof of eligibility.</p> <p>Clarifies the proof of eligibility that an applicant for an SSAP education benefit must submit to the commissioner.</p>
4	<p>Participation by eligible institutions.</p> <p>Contains a technical amendment.</p>
5	<p>Reports.</p> <p>Requires education institutions participating in the SSAP education benefit program to submit an annual report to the commissioner.</p>
