Section

- 1** **Recreational vehicle combination defined.** Re-defines "recreational vehicle combination" so that the middle vehicle in the three-vehicle combination is a recreational trailer rather than camper-semitrailer. Allows the third vehicle to be a trailer carrying equestrian equipment and supplies.
- 2** **Recreational vehicle combination.** Makes changes in the law authorizing recreational vehicles to incorporate the amendments in section 1.
- 3** **Articulated buses.** Allows a motor carrier of passengers to operate an articulated bus up to 61 feet in length without a permit. (Under present law any bus over 45 feet requires a permit.)
